ODP QM Certification Pre-Requisite Courses

- QM Modules and the IM/RM prerequisites courses listed below must be completed to take the face-to-face certification training.

**Quality Management Courses:** These webcasts can be found on MyODP.org under Training > Quality Management > Quality Management Training Modules or by following the direct links provided.

- **NOTE:** QM Modules 101-104 were revised and updated versions posted in December 2017. All applicants for the 2018 QM Certification courses must view these updated versions to ensure successful completion of the 2018 QM Certification Process.

  - QM Module 101: Introduction to Quality Management
  - QM Module 103: Quality Management Planning
  - QM Module 104 – Part 1: QI Teams
  - QM Module 104 – Part 2: Virtual QI Teams

**Incident/Risk Management Courses:** These webcasts can be found on MyODP.org under Training > Intellectual Disability > Incident/Risk Management or by following the direct links provided.

  - Foundation of Incident Management & Risk Management
  - Understanding Incident Management
  - The Core Functions of Risk Management
  - Foundations of Recognizing & Mitigating Risk
