

# PASTEL ACADEMY ONLINE

## Resources – to be used for the Tonal Value Pastel Swatch exercise

Resources for the Pastel Swatch are: Mid toned pastel paper (a good mid grey is perfect) in A3 size. You may need a few sheets

A smooth drawing board. With clips to clip you paper on (I use formcore for its smoothness – some boards result in marks like brass rubbing!). Clips to clip paper to board. (try to avoid using masking tape – it can ruin surfaces)

A box of 64 mini pastels – recommended either Inscribe 64 (semi hard pastel) or Jacksons equivalent (semi hard pastel).

Inscribe and Jacksons mini semi soft pastels

*(All items available with your 10% from Jacksons when using the link from this website).*

These pastels are recommended because they are not a luxury brand and they will see the beginner through a few exercises prior to needing expensive pastels. They also mix well with all brands. More than that though, for this exercise they are not too soft, and there is a good range of colours.
