

Competency-Based EdTech PD

WHAT

- Partner to support your EdTech PD program
- Individualized learning pathways and competency-based assessment
- Digital badges show skills and competency

HOW

- Badges are certified by our credentialed curriculum experts
- Rubrics and ISTE-T standards are used to validate evidence of learning
- Badges are embedded with data that lists the skills mastered

WHO

- We are teachers, administrators, EdTech trainers and curriculum coordinators
- We partner in PD badging, so you can focus on staff and students

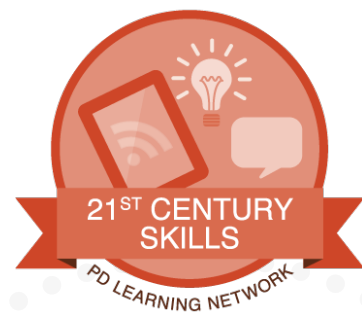

District/ Leadership Benefits

- Supports your 21st Century PD initiatives
- Customize credentials to fit your district's needs
- Our credentialed evaluators validate skills
- Immediate classroom application of acquired skills
- Access to reports of the skills teachers have acquired and demonstrated

Benefits for Educators

- Personalized learning through various badge pathways
- Strengthen EdTech skills to close achievement gaps and increase learning
- Utilize support materials for teaching English Language Learners
- Meaningful and relevant application
- Display digital credentials on social and professional profiles

Your partner in digital badges.
We've done the work, so you don't have to.

\$1,400 per teacher is available to spend on professional development,
thanks to **California SB-77 Section 58**

**PD Learning Network provides anytime, anywhere professional
development designed by educators for educators**
