IMPORTANT: Before beginning work, obtain an INSTALLATION GUIDE available at the point of sale and comply with all instructions and warnings. Consult with professionals if in any doubt.

⚠️WARNING Identify and comply with all zoning restrictions and building codes. Obtain building permit if required. Locate all underground and overhead utilities and avoid contact between the utility and the product or any metal tool. Such contact could result in serious injury or death, including injury due to electric shock. Ensure that the work area is safe and free from all potential hazards and keep children away from the work area. Always work in a safe manner and use tools properly in accordance with instruction manuals. Exercise caution when installing the product. These products have sharp edges and may fragment during cutting. Always wear protective gear including gloves, footwear, eyewear, hardhat and appropriate clothing. Do not apply horizontal or vertical weight or pressure on the installed products. **NOTICE:** No member of the Peak Group of Companies* shall be liable for any loss or damage resulting from the use or improper installation of any of these products. If any member of the Peak Group of Companies becomes liable for any loss or damage in respect of any or all of these products, the aggregate liability of the Peak Group of Companies shall be limited to the retail purchase price of that or those products. *The Peak Group of Companies is defined at www.peakproducts.com
