To Whom It May Concern;

Please be advised that Dr. Sivalingam, Rebecca's physician, was met with this morning regarding concerns with allegations of mistrust and negligence of Rebecca's care by sister, Julie Ali. Julie's perception is that Mill woods care center is slowly killing Rebecca. Director of Operations, Laurie Williams, and Manager Pam Purdy requested that Rebecca be sent to hospital. MD consented to have Rebecca sent to emergency for further assessment based on these allegations.

Rebecca will be discharged from the facility once removed by EMS. We will refuse her return. We have advised AHS Continuing Care, Edmonton Zone of our intent as they have been aware of this situation for some time.

[TO BE PLACED ON GSS LETTERHEAD]

March 7, 2015

HAND DELIVERED

Ms. Rebecca Ali

Re: Good Samaritan Society – Mill Woods Centre

Further to a discussion with your family, this letter is to confirm that it has been determined that the Mill Woods Centre is not an appropriate facility for your care needs at this time. In particular, concerns have been raised about the ability of our Mill Woods Centre, and its staff, to provide the level of care you currently require. The Good Samaritan Society takes these concerns very seriously.

As your care needs appear to require a higher level of service than can be provided at the Mill Woods Centre, both the Good Samaritan Society and Alberta Health Services feel that it is clearly not appropriate for you to be placed back into that facility.

Both the Good Samaritan Society and Alberta Health Services want to ensure that you receive the proper care at the most suitable facility. With this in mind, Alberta Health Services will be finding the most appropriate placement option taking into account your clinical needs. The Good Samaritan Society will provide assistance to Alberta Health Services in this process.

Yours truly,
