

Trina Hurdman– Ward 6 & 7 – Calgary Board of Education

Education Priorities

1. What specific steps would you advocate to improve the quality of education?

We need to understand where the weaknesses of the system exist and create appropriate strategies to deal with them. The role of the trustees is to ensure that those strategies are being monitored and improvement is made.

2. What are the main directions we need to take to develop the full potential of all students?

We need to focus more on creativity and problem-solving skills so that students can learn to advocate for themselves in school and throughout their lives.

3. Please indicate if you strongly disagree, disagree, agree, strongly agree or have no opinion on the following statements

	Strongly Disagree	Disagree	Agree	Strongly Agree	No opinion
Schools currently have enough specialized staff and resources to develop the full potential of all students.		X			
Increased class sizes will hurt the high school completion rate.				X	
The board should provide support for community schools rather than expanding alternative programs.		X			
The school board should make sure that students with special needs should be provided additional supports.				X	
School boards should work with the provincial government to assure access to early childhood education and quality before and after school care programs.			X

The Roles of the Trustee

1. What are the most important changes that need to be made regarding the role of school boards in Alberta?

I think that school board trustees need better training in financial, legal and communications in order to provide effective governance.

2. How can the school board and you as trustee most effectively influence the financial and policy decisions made by the provincial ministry of education?

School boards need to work together and present a unified voice.

3. Please indicate if you strongly disagree, disagree, agree, strongly agree or have no opinion on the following statements

	Strongly Disagree	Disagree	Agree	Strongly Agree	No opinion
A trustee must be a team player and always defend the decisions of the board, even if the trustee disagrees with those decisions.		X			
All business of the board should be dealt with in open public sessions except when the board is required to protect the privacy of employees or students.				X	
Trustees should actively consult with constituents and school councils on important policy matters.				X	
At times, school boards need to take more active public stands on education issues, even if it means being critical of the provincial government.			X		
The provincial government has seriously undermined the power and authority of trustees and school boards.		X

Education Funding

1. In light of the current funding situation, what strategies should the board use to meet the needs of students and the community?

Trustees need to be provided with adequate financial detail to ensure that everything possible is being done to direct maximal resources to students at the classroom level.

2. What changes respecting the funding of education would you advocate for?

At the moment, the CBE does not provide adequate financial information to determine where specific funding gaps exist.

3. Please indicate if you strongly disagree, disagree, agree, strongly agree or have no opinion on the following statements

	Strongly disagree	Disagree	Agree	Strongly agree	No opinion
Education is adequately funded. School boards can live within their means by "cutting fat".		X			
If a school board cannot balance its budget without harmful cuts to education programs, it should be prepared to run a deficit.		X			
Provincial funding for building and maintaining schools is adequate.	X				
Provincial funding should be sufficient to cover increases to teacher and staff contracts.				X

Privatization and Commercialization

1. Should the provincial government continue to use Public Private Partnerships (P3s) for building new schools, what guidelines would you propose be placed on P3 contracts?

The Calgary Board of Education has a large infrastructure deficit and an urgent need for new schools. I will strongly advocate for new schools, however how they are built is a provincial decision.

2. What limitations, if any, should the school board place on the involvement of private firms in schools?

The involvement of private firms should be dealt with on a case by case basis.

3. Please indicate if you strongly disagree, disagree, agree, strongly agree or have no opinion on the following statements

	Strongly disagree	Disagree	Agree	Strongly agree	No opinion
Private sector businesses can operate schools more cheaply and efficiently and should be allowed to do so.	X				
The financing, construction and maintenance of a school should be undertaken as a public private partnership.		X			
Parents should be expected to contribute towards the cost of their children's education by paying school fees and fundraising.		X			
School boards should ban commercial advertising in schools.		X			

Students should be provided with all necessary books and learning materials at no cost.	X
The public interest is best served by schools that are publicly owned and operated.	X
To address funding shortfalls, schools should be allowed to have corporate sponsors, including naming rights.	X
