The Town of Pinetop-Lakeside received an \$85,000 grant from the Arizona Department of Environmental Quality that will allow the town to begin removal of asbestos at the Old Town Hall building (1360 N. Niels Hansen Lane). The building was originally built as a school in the 50’s and the town moved into it in the late 80’s. Town Staff were forced to move out of the town hall early in 2016 due to environmental reasons. The town purchased the Dental Design building (New Town Hall) and will soon begin renovations in May 2018.
