

8, YORK PLACE, W.

July 23. 1867

My dear (Mrs),

Since I got your letter

I have been much pleased

to hear. Many thanks

for it. I shall be most

glad to come to Bay your

first night if I can

to manage it. Let me

Know about what time
you think it could be
ready, as I might be
hindered.

You will have seen the
accounts I hope in the
Times, & Morning Herald
of the Roman affairs.
The Pall Mall is simply
false & foolish.

It exceeded all I could
have imagined not only
in what met the eye
but in its moral grandeur.
The heat was 'micideal'.
& all but killed me.
No exercise from the
10 of June till last
Friday a neuralgia in
the right arm which

never ceased: & for 10
days was almost in
Cleveland. I only hope
S. Peter will never be
gone again in 100 days.
days.

With my best regards
to Mr. Palmer,

Very respectfully yours

W. W. M.
