

MANNING (H. E. 1808-1892) Cardinal.

AUTOGRAPH LETTER SIGNED to (The Rev. D. Moore).
4 pages. 8vo. January 24th. 1843.

£5-5-0.

An interesting letter concerning the fund for the rebuilding of his church.

" I thank you very heartily for your kind efforts in my work. A beginning is made, & please God, I will see the end of it.

Your annual aid is most acceptable, & will enable me I trust to add to the above a part of what I used to give to the current expences. Once more, many thanks.

And again thanks to you & your three partners in offering to my Church what I have been longing for. It is now I hope nearly ready to be put up. I wish you could all four be with me when we first compass it. " &c.

My dear Friend,

Will I account for
my silence by telling you
what I have been about?

I thank you very heartily
for your kind efforts
in my work. A begin-
ning is made, & please
God, I will see the
end of it.

 And again thanks to you & your three partners in offering to my Church what I have been long for. It is now I hope nearly ready to be put up. I wish you could all four be with me when we first compare it. I will thank Mr Justice Patterson, &

your letter: & will you
thank Mr Abraham with
my kind regards. The
first time I can come a-
mong you I shall do it
with great delight. We
need to be refreshed, &
strengthened by speaking
"often one to another."

Alas what can you do with
me? I am in my place
under this hill. Λάθε βίω-
σας is my legend, & hope.
Yours affly.
