Lavington. Petworth.

Dear Madam,

A letter from Mrs Milnes Garkell has this morning discovered to me a mistake into which I have fallen in believing that the letter I received some time back on the subject of the National Tr[. . .] to Mr Wilder[spin] was written by her.

I therefore hasten to correct my mistake without delay.

The small contribution I was able to offer had been already given through a person making collections for that purpose in Chichester.

Allow me to express my thankfulness if any thing of mine has been of any use to you. I wish it were more.

Believe me.

My dear Madam,
Yours very faithfully
H.E. Manning
