It seems as if Ebenezer Methodist Church was founded in the year of 1832. The first names we find on the church register was in 1832, when Sarah E. Obryant joined the church on profession of faith.

The pastor at that time was the Rev. J. W. Glenn. It seems as if he was pastor for quite a while. The second pastor was the Rev. M. F. Mosby and the next to join the church was Martha J. Johnson in the year of 1857, which was also on profession of faith. Rev. Mosby served the church for a period of 10 years and during that time he received 2 other members into the church. They were R. T. Seymour in 1866 and James M. Johnson in 1867. Seemingly the progress of the church about this time was very slow, until the year of 1873 at which time it began to grow much faster. In 1873 some of those men that joined then are still being talked of. About the great work they did to keep the church going. They were the Thompsons--Johnson--Lyles--Lays--Seymours and Hancock. At this time the church was about one mile from where it now stands.

In the year of 1877, it was decided to build another church and this property was offered to the building committee and they accepted and moved the church to its present location. The land was given by Mr. Albert H. Black. The lumber was given by Mr. John Hancock.

The oldest living member of the church is Aunt Sissie Chandler. She joined the church in 1877, which makes her a member for 74 years.

The funds for the present church were made possible mostly by the late J. W. Chandler, better known as "Uncle Buddy Chandler" with donations being given by members, former members, friends and neighboring churches.
