Vannell Charge

## Lee's Chapel Methodist Church - Tunnel Hill, Georgia H1A

General Lee gave the property for Lee's Chapel Methodist Church to the trustees. The trustees have been responsible for the church and property through the years to the present date and still are in charge of the property.

Register of pastors for as far back as church register shows as follows:

During the ministry of Albert Bruce, 1951 to 1953, a new church building was erected on the old site. This is an attractive white frame building, with a large sanctuary and two class rooms.

During the ministry of Rudolph R. Baker , 1955, a steeple was erected on the new church and the front of the building was completed. An altar and other furnishings were added to the interior.

The church is now debt free, and will be dedicated in the near future.
