Dearest Dorm,

I am **T**he Voice of Occidentia, the spirit and protector of this holy land since its founding in the golden year of 1958. I have always watched over this dorm's constituents, blessed them with the luck to find pallets aplenty, and done my best to keep everyone safe during dorm meetings. But it saddens me, my **c**Hildren of the Bacchanal, that your free spirits have been constrained by one individual. While you may be amicable to this figure, do not let this Chairman fool you. My **dE**bauch sons and depraved daughters, the once great Chairman Milao, who saw fit to let you behave however you wanted as long as it brought glory to his People's Republic of Occidentia, has been deceiving you all. I have learned of a great treason which he has attempted to conceal **F**rom the dorm. This treason is one so grave that his rule **cA**n no longer be tolerated as just or right. My babes of the brazier, I implore you, free yourselves of **MiL**ao's tyrannical grasp. I have a **pL**an that is sure to cast him out of his position as ruler, but I fear to share it here as his censors may remove it. Perhaps you can find it though.

In eternal love and protection,
The Voice of Occidentia
