|--------------------------------------|--|---|----------|-----------|
| <b>Electricity Price</b>             | Average Monthly Usage:   | 500 kWh   | 1000 kWh | 2,000 kWh |
|                                      | Average Price per kWh:   | 13.1¢   | 11.8¢    | 11.2¢     |
| <b>Other Key Terms and Questions</b> | This price disclosure is an example of the total average price you will pay for electric service reflecting all recurring charges and is based on the following:   |   |          |           |
|                                      | <b>Base Charge</b>   | <b>\$ 4.95 per billing cycle</b>  |          |           |
|                                      | <b>Energy Charge</b>   | <b>5.7 ¢ per kWh</b>  |          |           |
|                                      | <b>TDU Delivery Charges*</b>   | <b>4.832 ¢ per kWh</b>  |          |           |
|                                      | <b>TDU Delivery Charges*</b>   | <b>\$ 7.85 per billing cycle</b>  |          |           |
|                                      | *Prices are exclusive of state and local sales taxes and reimbursement for state miscellaneous gross receipts tax.<br>Average price per kilowatt hour for electric service will vary according to your actual usage. |   |          |           |
| <b>Disclosure Chart</b>              | Type of Product  | Fixed Rate  |          |           |
|                                      | Contract Term  | 18 months   |          |           |
|                                      | Do I have a termination fee or any fees associated with terminating service?   | Yes. Power of Texas will charge a \$ 150.00 Early Termination Penalty if Customer terminates the Contract. In the case of a Switch, the Early Termination Penalty applies after the 3-day rescission period and prior to the end of the Term. This fee does not apply if Customer moves and provides a forwarding address and other evidence that may be requested to verify that the Customer has moved, as further explained in the Terms of Service. |          |           |
|                                      | Can my price change during the contract?   | Yes.  |          |           |
|                                      | If my price can change, how will it change and by how much?  | The price applied may be different from the price in this EFL if there are changes in TDU charges; changes to the Electric Reliability Council of Texas or Texas Regional Entity administrative fees charged to loads; or changes resulting from federal, state or local laws or regulatory actions that impose new or modified fees or costs that are outside of our control.  |          |           |
|                                      | What other fees may I be charged?  | See Terms of Service for a full listing of fees, deposit policy, and other terms.   |          |           |
|                                      | Is this a pre-pay or pay in advance product?   | No.   |          |           |
|                                      | Does Power of Texas purchase excess distributed renewable generation?  | No.   |          |           |
|                                      | Renewable Content  | This product is sourced with 15.5% renewable.   |          |           |
|                                      | Statewide Average for Renewable Content  | The statewide average for renewable content is 19.1%.   |          |           |
