

C2U Before The Peak

Ensuring Mindset Before Method

“When a child’s curiosity is to you first, you can guide them to think, experiment, and learn. Without this curiosity, you are teaching compliance, passivity, and mindless actions.”

This is C2U Before The Peak ebook is designed to support interactions with children, which are grounded in respect, connection, and curiosity. You are invited to use the quotes for daily reflection and inspiration. You can also share with other home visitors, parents, teachers, friends, colleagues, and neighbors.

Co-developers, Barbara Avila and Kristie Pretti-Frontczak, have worked with thousands of parents and educators across the globe. They are dedicated to {r}evolutionizing the ways in which we guide and support children's development and learning.

This collection was created to inspire you to be curious about children's thinking while guiding them to ignite their Curiosity to You™.

For more information and support, please contact us.
We are happy to help in your professional
development or individual needs.
