## 57 Fifty-seven

$$
\square=\square \text { tens }+\square \text { ones }
$$

(1) Now $\quad 3+4=\square \quad 4+3=\square$

----- years old
(3) Order the numbers.

| $\frac{110,93}{-(,)}$ |  |
| :---: | :---: |
|  |  |

(4) Read these numbers aloud to your teacher.

## I Gan Do This

(5) $<$ or $>$.

7

$$
\begin{aligned}
3+2+2 & =\stackrel{\square}{-\cdots} \\
1+1+4= & =\square \\
& 4+1+2=\square
\end{aligned}
$$

6

9

10

$$
1+6 \text { = } 7
$$

$$
6+1=7
$$

## Just for Fun

Help Farmer Ron plant more corn. Draw two seeds in each hole. How many seeds did he plant?

(1)

$$
7-4=\square \quad 7-3=\square
$$

(3)

(4) Draw a line.
(5) Write the missing numbers.

6
Vegetables From the Garden

The graph shows the most of which vegetable?

carrots
O

tomatoes
$\bigcirc$ The graph shows the least of which vegetable?
carrots
$\bigcirc$
peppers
$\bigcirc$
tomatoes
$\bigcirc$

7

8 Write $<$ or $>$.
$124 \square 160$
$62 \square 48$
$90 \square 120$

9 Order the numbers.
$+100,55,135$
(1)

$$
\begin{array}{lll}
7-4=\square & 7-1=\square & 5+2=\square \\
4+2=\frac{\square}{\square} & 2+5=\frac{\square}{\square} & 7-5=\frac{\square}{\square} \\
6-3=\frac{\square}{\square} & 3+3=\frac{\square}{\square} & 6-4=\frac{\square}{\square}
\end{array}
$$

(1)

Add I to each number.
