

Alarm Clock

1. Color and cut out the project pieces.
2. Insert a brass fastener in holes in the wings and center of rooster and fasten.
3. Fold on dotted lines to set up.

The Frisky Squirrel

The little brown squirrel is fun to watch. It has a big bushy tail that twitches back and forth. The squirrel looks all around with its bright little eyes. It can scamper up a tree fast.

Work, work, work. The squirrel seems to be busy all the time. It must get lots of nuts to put in its nest.

The nest is in a hole in the big oak tree. The squirrel gets lots of nuts to eat when it is cold. It is good the squirrel likes to save and work hard.

Circle the correct answer.

What does the squirrel save in its nest?

candy

nuts

rocks
