

Please come along and walk with us
along the sandy shore.
We'll search for treasures
that were once upon the ocean floor.

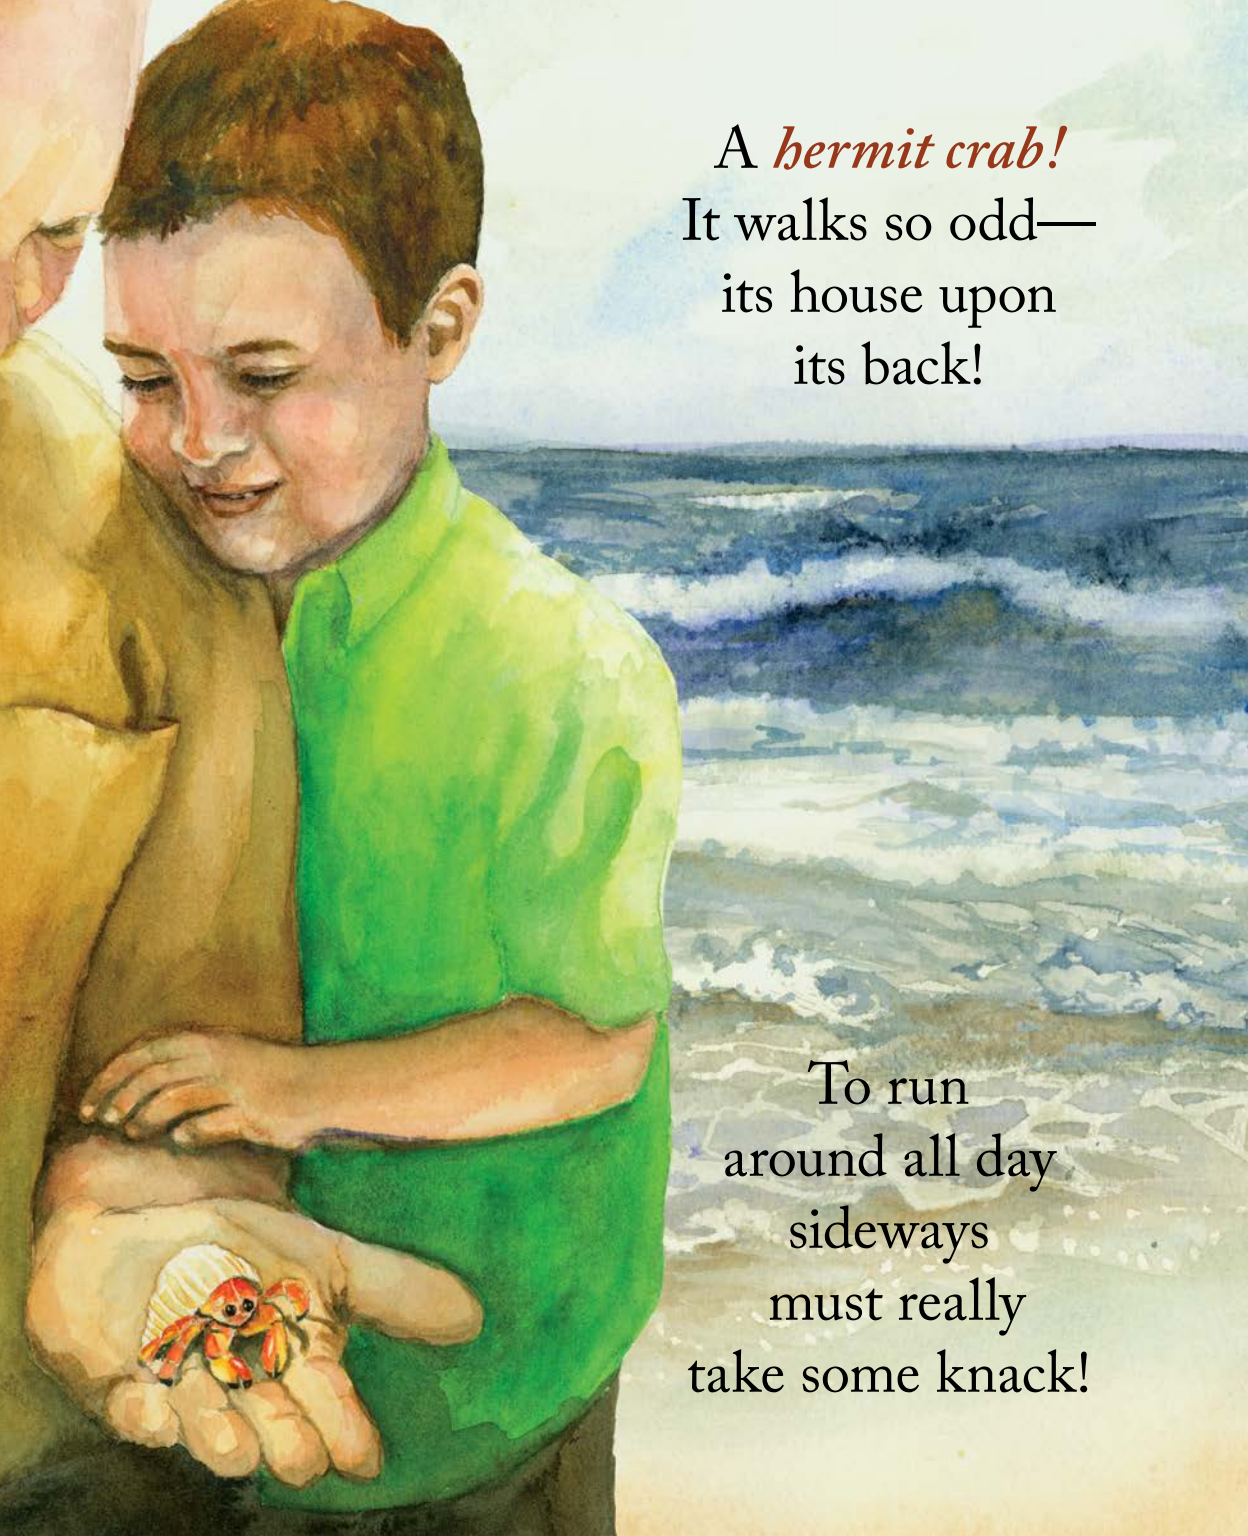

Perhaps we'll find some seashells
where some *mollusks* used to dwell—

A *periwinkle*, *kitten's paw*
or pretty *olive shell*!

A *hermit crab!*
It walks so odd—
its house upon
its back!

To run
around all day
sideways
must really
take some knack!
