The following will explain the simple process of applying for Life Insurance coverage with Transamerica Premier Life Insurance Company.

STEP 1: APPLYING FOR THE POLICY

The first step in applying for a life insurance policy with Transamerica Premier Life is to fill out our convenient life insurance application with your agent. Your agent will ask you a number of questions relating to your health history. It is important that you answer these questions accurately and completely. Your agent, in coordination with the home office, will be able to provide clarifications and answer any questions that you may have during the application process. Once your questions have been answered and the application with any additional paperwork are complete, the agent will remit these documents to our home office for processing.

STEP 2: HOME OFFICE REVIEW

Once the paperwork is received by our home office, it will be entered into the system and the review process will begin. Each application is reviewed in order to determine the proper risk classification. The company may have additional questions for you, so please remember to list a phone number with a good time of day to reach you if necessary. Once the application has been reviewed and all questions have been addressed, the policy is now ready to be issued.

STEP 3: REVIEWING THE POLICY / POST ISSUE

Once the policy has been issued, a policy packet with all of the pertinent information will be sent either to your agent or directly to you. Once you review the policy you can work with your agent to receive clarifications and answers to any additional questions that you may have. A toll-free number will also be included in the package which will allow you to contact the home office directly for any questions you may have in the future.
