You shall pay all fees or charges to your account in accordance with the fees, charges, and billing terms in effect at the time a fee or charge is due and payable, as set out in your CP Order Form. All payments due are in U.S. dollars unless otherwise indicated on the invoice. Payments must be made annually in advance unless otherwise mutually agreed in a CP Order Form. All payment obligations are noncancelable and all amounts paid are nonrefundable. You are responsible for paying for all fees applicable for the entire Term, even in the event

of low usage or non-usage. As a condition to subscribing to the Service, you must provide Learning Objects with an: (i) approved purchase order or; (ii) payment by check, wire, or ACH transfer; or, (iii) with Learning Objects' approval, valid credit card information. If Learning Objects is obligated to collect or pay Taxes, the Taxes will be invoiced to you, unless you provide Learning Objects with a valid tax exemption certificate authorized by the appropriate taxing authority. If you are required by law to withhold any Taxes from payments to Learning Objects, you must provide Learning Objects with an official tax receipt or other appropriate documentation to support such payments.

Learning Objects' fees are exclusive of all taxes, levies, or duties imposed by taxing authorities, and you shall be responsible for payment of all such taxes, levies, or duties, excluding only United States (federal or state) taxes based solely on Learning Objects' income.

Billing and Renewal

You may elect either "automatic renewal preference" or "manual renewal preference" by notifying Learning Objects at any time of your preference. Unless you specify otherwise during the ordering process, your initial preference will be set to automatic renewal.

Upon renewal, the renewal charge will be equal to the then current annual Fees applicable to entities in the relevant Price Band for the applicable service edition, unless stated otherwise in a CP Order Form. Learning Objects reserves the right to adjust Fees over time as market conditions, costs of delivering the Service, and other factors change. The renewal Fees will also be adjusted to account for any discount accrued in the previous term under the CP Service Level Agreement. Learning Objects will give notice of any change in pricing at least 30 days in advance of the renewal date. Fees for other services will be charged on an as-quoted basis.

Automatic Renewal. If automatic renewal is elected, after the initial term, this Agreement will automatically renew on each anniversary of the Service Commencement Date for an additional twelve month term. Upon each renewal, Learning Objects automatically issue an invoice or bill your credit card as appropriate.

Manual Renewal. If manual renewal is elected, Learning Objects will make reasonable efforts to notify you that this Agreement is ending so that you may elect to renew if desired. If you have not renewed this Agreement before the conclusion of the then current term, your Individual User accounts and all access to the Service will terminate upon the conclusion of the then current term.

If you are renewing and your purchasing process requires that invoices reflect a purchase order number, then you must provide Learning Objects a purchase order in advance of the renewal date.

To be eligible to receive an adjustment or credit if you believe your bill is incorrect, you must contact us in writing within 60 days after the date of the invoice containing the amount in question.

Capacity Allocation

Each CP Order Form will identify certain capacity parameters that determine how much capacity you are allocated to use on the Service. You may refer to the CP Service Level Agreement and your CP Order Form for definitions of these parameters.

You may request additional capacity in any of these areas from Learning Objects at any time. Learning Objects will make reasonable efforts to accommodate your request. If the required resources are reasonably available, Learning Objects will provide you with a draft CP Order Form reflecting the new capacity parameters and the additional related Fees. Learning Objects may deny the request for more capacity if it cannot provide the requested capacity in a timely fashion.

Learning Objects will use reasonable efforts to notify you if your actual usage approaches 90% of the permitted amount for any relevant capacity parameter.

Non-Payment and Suspension

In addition to any other rights granted to Learning Objects herein, Learning Objects reserves the right to Suspend or terminate this Agreement and your access to the Service if your account becomes delinquent (falls into arrears). Delinquent invoices (accounts in arrears) are subject to interest of 1.0% per month on any outstanding balance, or the maximum permitted by law, whichever is less, plus all expenses of collection. You will continue to be charged for the license during any period of suspension. If you or Learning Objects terminates this Agreement, you will be obligated to pay the balance due on your account computed in accordance with the Charges and Payment of Fees section above. You agree that Learning Objects may charge such unpaid fees to your credit card or otherwise bill you for such unpaid fees.

Your failure to comply with this request shall be deemed a material breach of this Agreement. Further, if you fail to comply with Learning Objects' request to Suspend an Individual User Account, then Learning Objects reserves the right to do so. The duration of any suspension by Learning Objects will be until Learning Objects is reasonably satisfied that the applicable Individual User has cured the breach which caused the Suspension.
- **Of the Service by Learning Objects.** If: (i) you materially violate this Agreement; (ii) Learning Objects provides you with advance notice of this violation (which may be by email to the Notification Email Address); (iii) Learning Objects uses commercially reasonable efforts to discuss and resolve the violation with you; and (iv) despite the foregoing, the violation is not resolved to Learning Objects' reasonable satisfaction, then Learning Objects reserves the right to Suspend your access to the Administrator Portal, or to particular components of the Service. If, after all of the foregoing, you have not cured a violation within 30 days of the commencement of a suspension under this section, then Learning Objects may immediately terminate the Service for cause.
- **Emergency Security Issues.** Notwithstanding the foregoing, if there is an Emergency Security Issue, occurring or threatened, then Learning Objects may automatically Suspend the offending Individual User. Suspension will be to the minimum extent required, and of the minimum duration, to prevent or terminate the Emergency Security Issue. If Learning Objects Suspends an Individual User Account for any reason without prior notice to you, at your request, Learning Objects will provide you the reason for the suspension as soon as is reasonably possible.

This Agreement commences on the Effective Date, and terminates one year after its Effective Date, or such other period as may be mutually agreed upon by the parties in an CP Order Form or other written agreement. Either party may terminate this Agreement, effective upon the expiration of the Term, by notifying the other party in writing at least five (5) business days prior to the end of the Term. In the case of free or unpaid subscriptions, access will terminate on the date specified in the CP Order Form unless terminated earlier, and Learning Objects will not be otherwise obligated to give notice of termination.
