How to Use Angel Manifestation Cards

Within these pages are 11 Angels to help you find balance, clarity for your path and the courage to take that next step to creating your dreams. Angels are Messengers of Divine Source, symbolizing peace, harmony, prosperity, healing and connecting with your inner-intuitive self.

Angel Messages have been channeled through Angel Lady Terrie Marie, D.Ms., to help you connect directly with Angels while your conscious mind lets go of fear and doubt, self-sabotaging thoughts and emotions, opening your intuitive channels for receiving more of what you want and sooooo much less of what you don't.

Print the cards, cut them out and glue or tape the back to the front. You'll always have the eBook to refer back to the Angel Messages by each card to help you tap into Angel Energies.

If you aren't sure which Angel Card to start with, put them face down, close your eyes and allow your hand to be guided to the right and perfect card for you in that moment.

You could also choose to work with all 11 Angel Manifestation Cards at the same time, focusing on each card for a few moments.

While you are focusing on the Angel message, here are a few questions to help you discern what you may be experiencing as you simply let go of all thoughts, feelings and emotion and connect with the Angel in front of you:

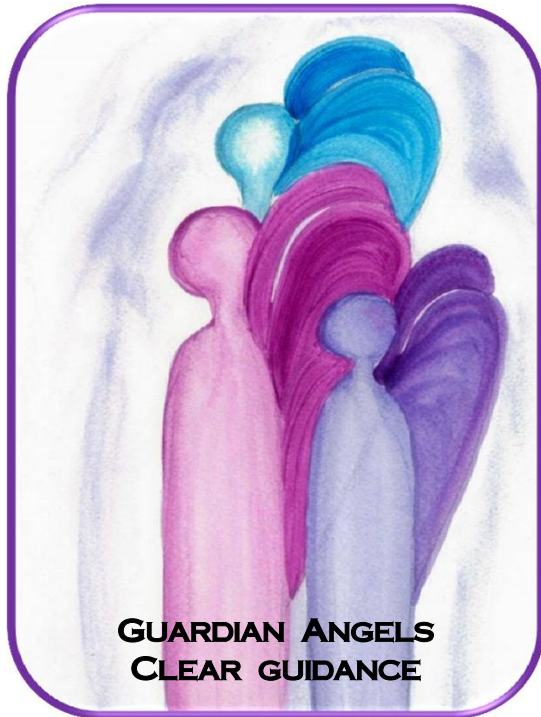

*Does the message help you release past thoughts or emotions that no longer serve you or your Higher-Self?

*Does it help you heal your heart, releasing pain and sorrow?

*Does the message help you reach within, finding the courage to take that next step, that one step that has been right in front of you but you have been avoiding even when you know it's the right for you to do?

Trust what you receive. Trust Angels are always with you. Know Angels are here to guide you, protect you and to love and support you unconditionally without exception.
