

Sermon: Best Year Yet?
Sunday, Dec 3rd, Levi Richards

Our circumstances are not what determines the quality of our spiritual life, "how good our life is".

Acts 16:16-26

This was a circumstantial low for Paul but they are praying and singing hymns to God. Best Year Yet under the circumstances. They aren't going up and down based on the circumstances of life. Why? Because they are closer to God.

This is our life/marriage/job/parenting/relationship with God, etc...

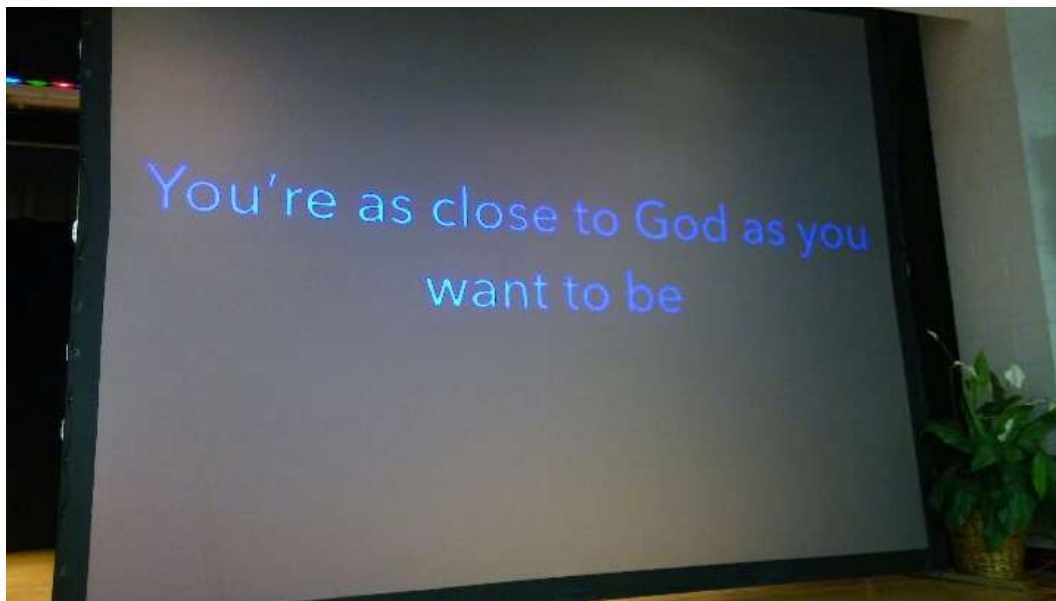

With circumstances, if you are on a high, the lows will come again. If you are on a low, the highs will come again.

Things are great. Then something bad happens and we'd rather wallow in sin. Our relationship with God gets stalled. We haven't been fighting. We have to do this in all our relationships.

Levi did a study on all the different prayers in the Bible, and prayed the same kind of prayers.

At any given time in your life...

Are you having your best year yet? Are you as close to God as you've ever been?
