

GuideAway Down Hook-in Headboard/Footboard Template

Before Printing:

Make sure the page size is set to 100%, Orientation is Portrait and Document is 8.5 x 11 in (below).

If you don't see the toolbar, perform the following: Click View, then Toolbars, then Show Toolbars.

For best results, print the hook template on thick paper or card stock.

1. Cut out the hook template (right) using an X-acto knife or scissors.
2. Remove your current bed rails from your bed.
3. Insert completed template into your bed slots just as you would your bed rails.
