

20126-E | Two Button Belt Clip Transmitter

The 20126 Two Button Belt Clip Transmitter is a fully supervised device that provides true security. The Two Button Belt Clip Transmitter can easily be worn by an individual or mounted for fixed position signaling. In an alarm condition the transmitters' ID information is sent to the Crisis Controller® software showing alarm location or individual information.

Features & Benefits

-  Compatible with the PALS® 9000 systems and Crisis Controller® Software
-  Able to transmit in the harshest RF environments
-  Double Button helps prevent false alarms
-  Long range transmission
-  Constructed using heavy duty ABS plastic
-  Extended battery life (*up to 12 months depending on features and usage*)
-  Full transmitter supervision includes alarms for low battery and inactivity
-  Returns accurate RF location and tracking information
-  Easy Installation

Specifications

DIMENSIONS

3" L x 1.6" W x .72" H

CURRENT CONSUMPTION

114 mA average, dependent on programmed features

WEIGHT

Weight : 3 ounces (*approximate weight with battery*)

OPERATING TEMPERATURE

0° to 50° Centigrade

BATTERY TYPE

3 V Lithium Battery, Duracell 123A/Panasonic 9V

ANTENNA

Internal, 900 MHz

MATERIAL

ABS Plastic

*Battery Life when deployed will vary as a function of duty time used, frequency of alarm transmissions sent, LED brightness/frequency, location broadcast interval settings and environmental conditions at your site. Based upon 240mAh CR 2032 (Energizer). Ask your Actall Sales Representative for more details.
