20223-E | Water Resistant Pendant Transmitter

20223-E | Water Resistant Pendant Transmitter

The 20223 Water Resistant Pendant transmitter offers built-in LEDs that flash with all transmissions (including supervision) to assure the user that the transmitter is functioning properly. The Pendant comes standard with a neck cord or a belt clip attachment. An optional strap also allows the Pendant to be worn on the user's wrist.

When activated the transmitter sends an alarm to the Crisis Controller® software showing the location of the alarm.

Features & Benefits

-  Compatible with the PALS® 9000 systems and Crisis Controller® Software
-  LED flashes on all transmissions, including supervision, to assure user unit is transmitting
-  Full transmitter supervision includes alarms for low battery, tamper, and inactivity
