

40301 | Nylon Holster

The 40301 Nylon Holster is manufactured specifically for use with the PALS® Personal Mobile Transmitters (60001/60011/60011-E). It is constructed of a heavy duty nylon weave material that protects the PMT against damage. It is also designed to allow the PMT to transmit/receive optimum signal strength from system components. The holster will offset the PMT device from the belt line approximately two inches. An adjustable Velcro® belt strap can be sized to fit various belt widths.

Features & Benefits

-  Compatible with PALS® 60001/60011/60011-E Personal Mobile Transmitters
-  Small and compact
-  Constructed using heavy duty Nylon Cordura material
-  Adjustable Velcro® belt strap
