Features & Benefits

-  Small and compact
-  Simple and efficient method for recording units in operation and the users
-  Durable Design
-  Fast Scan performance
-  Universal Cabling and Flash Memory

Specifications

DIMENSIONS
Height 15.2 cm Width 6.3 cm Length 8.4 cm
WEIGHT
146g <i>(excluding cable)</i>
OPERATING RANGE
0 to 55 degrees Centigrade
OPERATING VOLTAGE
+5v+/-10%
SCANNER TYPE
Bidirectional
SCAN RATE
100 scans per second
LIGHT SOURCE
650nm visible laser diode
