Hawaiian Ocean View Estates - four side by side lots measuring 70 x 623 ft each - buy two or all four, as seller will consider selling them in pairs (she prefers to sell all 4 together). This lot is mostly lava rock as is the adjacent lot, but the upper two are partially forested. A gulch runs through all four properties, so some dozer work would need to be done to flatten them out. Go off-grid for power, as Helco power is not available for this lot or the adjacent three lots. Great ocean, South Point and sunset views! Lots of potential here for an extended family living situation with
