sqft land listing price

A great location in a beautiful neighborhood! This exceptional lot has expansive blue ocean views and year round sunsets. And, an advantage for this area, the owner's contractor described it as needing little to no excavation and ready to build on! This corner lot, on a quiet street and cul-de-sac, has a spacious building area with easy access from the road. One boundary is a small gulch adding more privacy. This is a great choice to build on for a Hawaii home!
