Stable neighborhood with broad price range of homes making for a very homogenous environment. This home is in livable condition. Do your own updating at this great price. Partially fenced property has an ocean view on the horizon. There is a shed like work space in back yard the county calls a "lean to". Huge living, dining, kitchen space. There is a large room on one side of the kitchen that was used as a TV room. There is an additional room with table top built-ins next to the TV room. Looks like a great sewing room or home office space. Use
