Contributions are not deductible as charitable contributions for income-tax purposes. Contributions from foreign nationals are prohibited. State law requires us to obtain the name and address of each contributor who gives more than \$150 in aggregate, as well as the occupation and employer of each individual who contributes more than \$500 in aggregate. A copy of our report filed with the State Board of Elections is (or will be) available on the Board's official website (www.elections.il.gov) or for purchase from the State Board of Elections, Springfield, Illinois. State contractors, their subsidiaries and affiliates, their significant shareholders and executive employees and the immediate families of each, contribute to an Illinois gubernatorial candidate at the risk of ineligibility for present and future state contracts, and the candidate cannot keep the contribution. Brokers, dealers, municipal securities dealers, associated municipal finance professionals and political committees controlled by one or more of these contribute to an Illinois gubernatorial candidate at the risk of ineligibility for municipal securities business in Illinois, except for a *de minimis* exception of a \$250 aggregate per election contribution permissible for those individuals who legally may vote for the candidate. Investment advisers and their covered associates contribute to a gubernatorial candidate at the risk of ineligibility for an award of advisory business from the State of Illinois, except for *de minimis* exceptions of an aggregate contribution of \$350 per election by a covered associate for any election in which that covered associate is entitled to vote, or an aggregate contribution of \$150 per election by a covered associate for an election in which the covered associate is not entitled to vote.
