

# Prayer of Love

Written by Master Sun

Performed by Esmeralda

Offering the prayer of love  
Wishing everybody well  
Worry free till the end of time

More fortune than you need  
A mind and body, never aged  
Filled with sweetness and joy  
Forever blessed till the end of time

World peace and bright sunshine  
Man and woman happy and free  
Abundance of virtue  
Blissful joy  
Love is found everywhere

The beauty of hills and oceans  
Makes you smile forevermore  
Embrace the love  
to infinity  
Having peace and serenity

Embrace the prayer of love  
Having peace and serenity  
Embrace the prayer of love  
Having peace and serenity  
Embrace the prayer of love
