

CENTER FOR POSITIVE CARE

HIV RESOURCE COMPENDIUM

A comprehensive guide to HIV related resources in San Francisco

SUMMER/FALL 1992

3180 18TH STREET (AT FOLSOM)
SAN FRANCISCO, CA 94110

476-3644 - FAX: 476-3655

ABOUT THE COMPENDIUM

The Resource Compendium was originally developed by the AIDS Health Project Anonymous Test Site Program to assist HIV results counselors in making client referrals. The publication of the Compendium now is the responsibility of the Center for Positive Care, a collaborative effort of 17 community based organizations funded by the San Francisco Department of Public Health, AIDS Office, to provide early intervention services.

Using the Compendium

All of the agencies and services listed are in alphabetical order. If you know the agency or service name use the table of contents to get to the correct page. There is a comprehensive index beginning on page 106; the index categorizes entries by both service type (i.e. Crisis intervention, Mental Health, etc.) and by population emphasis (i.e. African American, Latino, etc.). If you note any errors or omissions, please call Erik Wheaton at the Center for Positive Care at 476-3671; FAX 476-3655.

Preparation of the Compendium

Concept and design -----	Erik Wheaton
Research -----	Viva Paredes
Editing and proofing -----	Leslie Samuels

A publication of the Center for Positive Care, a collaborative effort of 17 community based organizations funded by the San Francisco Department of Public Health, AIDS Office.
