

St. Joseph School of Nursing

St. Joseph
School of Nursing

1921

1973

The Order of Franciscan Sisters of the Sacred Heart was founded in 1866 in the city of Gengenbach, Germany. It was begun by four Baden maids who chose to dedicate their lives to the care of the indigent sick and aged of their native village. They covered broader fields of mercy than the village however. During the Franco-Prussian War, they were found in the battlefields with the wounded and dying, caring for the soldiers of Germany as well as those of France. They were awarded the Iron Cross for distinguished heroic service under fire.

After the war the Sisters were confronted by Chancellor Bismarck. They were given the alternatives of suppression of their Order or exile. There was no choice but to leave Germany and come to America.

The Franciscan Sisters arrived in the United States in 1876. They acquired the title to a run-down farm and settled in the town of Avilla, Indiana. Because of poverty they slept on mattresses spread on the floor. Their rule in the corporal works of mercy was to expose themselves to dangers, hardships, suffering, and to serve the poor and distressed. The Sisters patiently endured their trials and privations.

They became established at Joliet, Illinois, in 1889. Here they met Patrick W. Riordan to whom Jeannie O'Meara left the trust of a ten-room house on the southern slope of Buena Vista Heights. This house was given to the Archbishop with the stipulation it be used as an institution for the sick and poor as a memorial to Miss O'Meara's deceased mother. Due to this, a letter was written to Mother Anastasia from the Archbishop asking her to come to San Francisco for the purpose of establishing a hospital in the O'Meara home. Five Sisters came as pioneers----- Sisters Ottilia, Dominica, Dorothy, Mathilda and Innocentia.

When these Sisters arrived in San Francisco, on August 31, 1889, the Mesdames of the Sacred Heart offered them a temporary home in which they stayed for three weeks. Then, they entered a large horse-drawn carriage in front of the Convent.

The carriage rocked and bumped over the winding road to the hillside house in which the Sisters were to occupy.

The Sisters now possessed their own house but had no furniture for it and no means to buy beds and other equipment. Enough iron beds and mattresses were given to the Sisters for the patients for whom they proposed to care, but the Sisters themselves were without beds. Boxes were brought in for tables, chairs, and washstands. Sister Dominica went out collecting, while the other Sisters cleaned the house and kept up the work of nursing.

MOTHER M. ANASTASIA
Foundress

Miss Jeannie O'Meara

Gradually, second-hand furniture and dishes were bought and the Sisters acquired three beds in which they took turns sleeping. Having no hired help, the Sisters did the washing and the ironing and other housework even after patients began to be received. There was no elevator and wheelchairs had not come into common use. The Sisters, because of this, had to carry the helpless up and down the stairs.

THIS BOOK IS DEDICATED TO THE FRANCISCAN SISTERS OF THE SACRED HEART FOR THEIR DEVOTION AND HEROISM.

1889 The O'Meara flat given to the Sisters. The original five Sisters are included in this picture.

In 1891 it became necessary to add a new wing to the old O'Meara house. By far, most of the patients were charity cases and in order for the Sisters to meet the growing demands placed upon them by the indigent sick and helpless, it became necessary for the hospital to have additional quarters for patients who could and would pay.

St. Joseph Hospital
1900

It is a hospital legend that at 5 a.m., April 18, 1906, Sister Amanda was on her way to a ward when she stopped before a window to look out over the city. Dawn was breaking. To a Sister passing by, Sister Amanda said, "What a glorious sunrise! I have never seen such a magnificent spectacle. How wonderful are the works of God!"

Seventeen minutes later, with a vast and unearthly rumbling, the hill beneath the hospital trembled. Within a few hours, suffering victims of the disaster filled a new addition that had just been completed, and the Franciscan Sisters were commencing a long task of selfless and indiscriminating emergency service that earned for them the city's lasting admiration and gratitude.

Twenty years later, San Franciscans still remembered them and what they had done. In a drive to raise \$500,000 to help finance the modern steel and concrete hospital that stands now on Buena Vista Heights, workers collected \$100,000 in the first three hours of the campaign. The new hospital was blessed and dedicated by Archbishop Hanna May 9, 1928. "The brightest spot in this institution," he said, "is the knowledge that it has served not the great and noble, but the poor, the weak, and the feeble in life."

From the time of the hospital's foundation in 1889 to about 1920 all of the general nursing care was given by the Sisters. Most of the Sisters were very competent practical nurses although very few had had a formal education in a nurses' training school. At the time of the first World War, it became apparent that the tendency was for the floor supervisors of nurses to be graduates of recognized training schools. In accordance with this trend, it was decided to establish a training program for the Sisters in order for them to obtain their credentials as graduate nurses. It is believed that this was started in 1916. It consisted of one year of instruction in Ear, Nose, and Throat and one year on the eye. The final exam for this class was given in the beginning of 1918.

In 1921 Sister M. Agnes, R.N., O.S.F. became the first Director of the School of Nursing. It was a twenty-eight month course and was approved by the California State Board of Health on June 16th, 1921. It offered an accredited, regulation course in nursing, taking up all branches except nursing of children. For this, a three month affiliation with the Children's Hospital was given.

At that time maternity was taught at the hospital along with surgery, medical surgical nursing, special diets for the sick and a four week laboratory course which qualified the student in simple laboratory tests.

At this time, 1921, the student was on probation for the first month. During this time she received \$5.00 for incidental expenses. After being accepted into the school she received \$6.00 per month during the first year and \$10.00 a month during the second and third years. Meals were provided and the student's laundry was done at the hospital.

The uniform was a dress of plain gray gingham, six inches from the ground with a four-inch hem and a small neckband to which a white collar was attached. It had full length sleeves, cuffs four inches wide and fastened with one cuff button. It also consisted of a white muslin apron with a four-inch hem, the same length as the dress and an inch hem at the waist through which a drawstring was run. The bib was a regulation nurse bib and was added to the uniform at the time of acceptance into the School. The waist line of the uniform was finished by a three-inch separate belt, fastened with two studs.

Their classes were held in the hospital and they were instructed by attending staff physicians. The course of instruction and supervision was under the direction of Sister Superior, the Department of Nurses and her assistants in

Sister M. Agnes

charge of the floors. There was an assembly for Roll Call in the waiting room outside the Chapel each morning followed immediately with morning prayer recited in common. Attendance was compulsory on all days of the week in which the student went on duty.

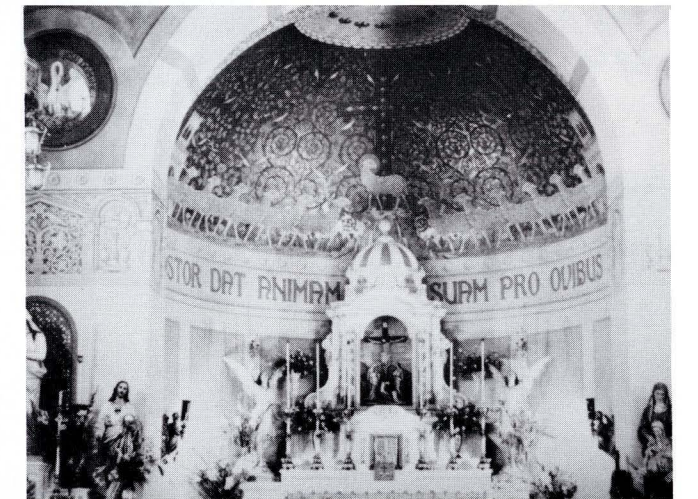

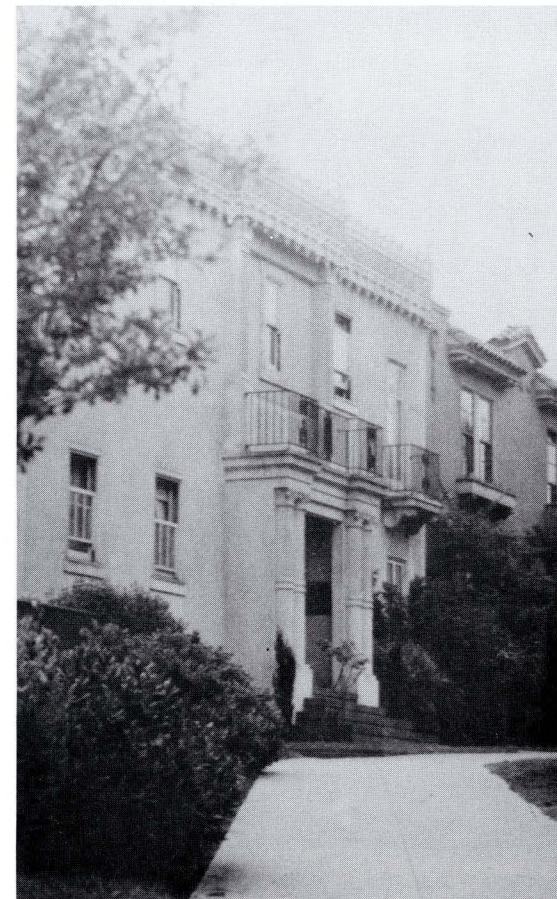

The requirements for entrance included at least one year of high school or equivalent, good health, character in good standing with letters from persons knowing the student three years or longer, no family responsibility, good or ideal reason for wanting to enter and age ranging from eighteen to thirty-five preferable. They were allowed two weeks vacation each year following the first year. At the end of training the student was awarded a diploma and pin of the school if completion was satisfactory.

1925 The first three classes: Freshmen, Juniors and Seniors standing in front of the old hospital entrance.

It is not certain where the first nursing student's residence was located. It was described in the 1921 application for admission as a cottage furnished with suitable surroundings for the entertainment of friends and for recreation. In later years students were housed in what, at present day, is used by the Sisters. However, the two upper floors of the building did not exist at this time. This building is the one in the foreground on the next page.

On the left is the chapel of the hospital which was built in 1928. On the right is the hospital as it stood in the early 1900's.

The Chapel

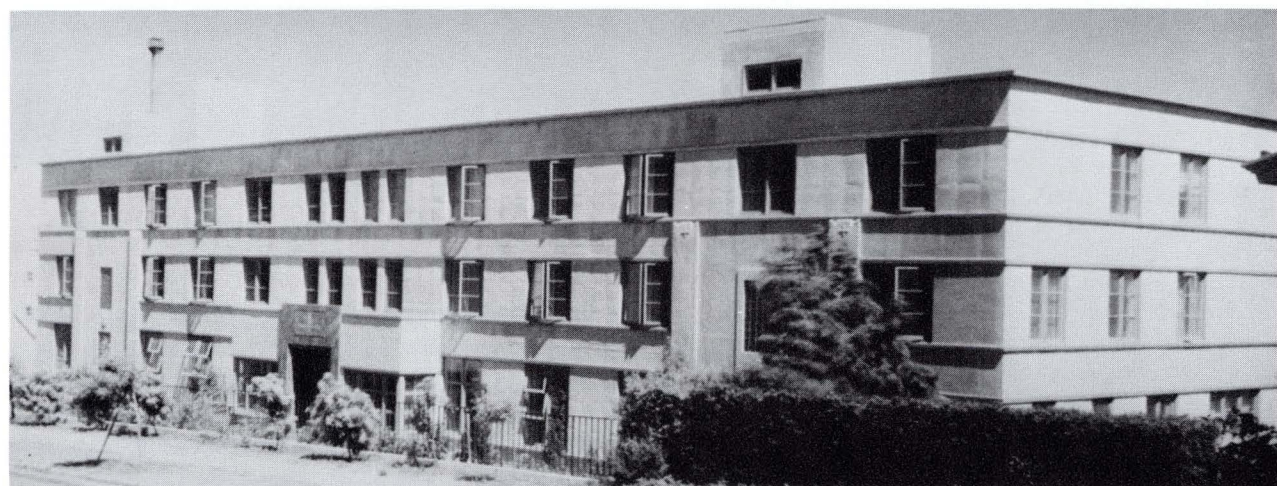

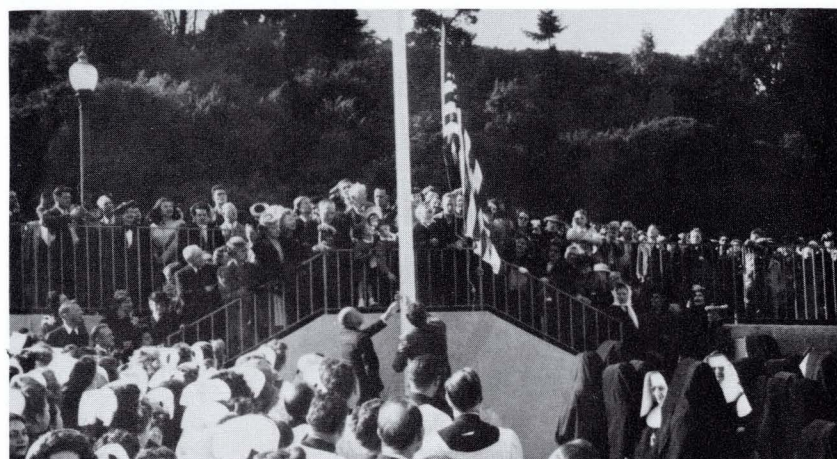

Two duplex apartments used for the Director of Nursing and Senior students. They were purchased in 1938 and were formerly located on the west corner of the present college site. It was moved in 1945 down the hill to Roosevelt Way and sold to an individual family.

Due to the influence of Sister M. Agnes, construction of the school, as it stands today, was started in 1945 and dedicated by Archbishop Mitty in March of 1946.

Placing of the corner-stone.
On the stone are the words: Deus Meus Et Omnia---My God and My All

Raising of the flag

The New School

After the dedication, the students entered the building and, according to the recollection of Sister M. Agnes, they were delighted with the interior. They knelt to feel the carpeting and walked through the rooms touching the furniture. Screams of delight and joy filled the building.

The living room just after completion of the new school

The cafeteria in the new building as it looked then and as it looks today

The library where, until 1968, the students spent at least two hours every night in "mandatory" study.
The library is furnished today in the same way it is pictured here

The dormitory rooms before re-decorating in 1967

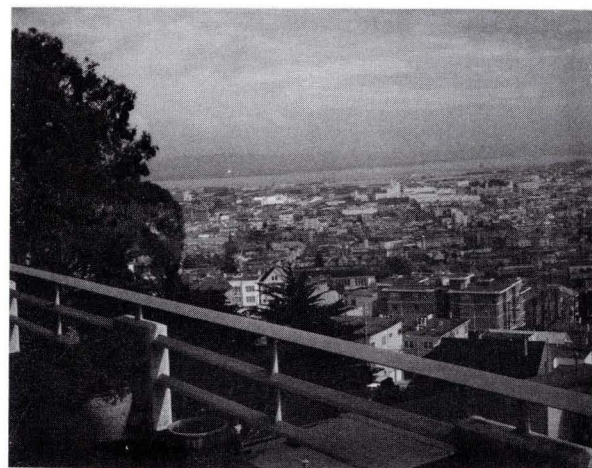

With the renovation of the interior of the school, the entrance, living room, and dorm rooms on the third and fourth floors were the main focus points. These are depicted in the following pictures of the school taken after 1967.

The Entrance Way (at left)

The Living Room which includes a color television set (below)

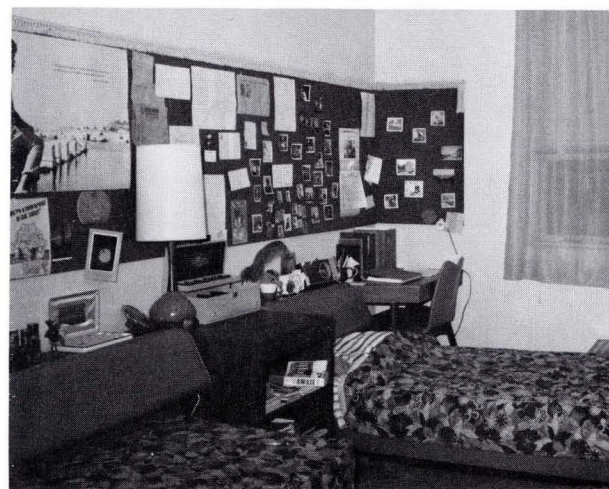

The view from the second-floor balcony

A dormitory room

A dorm room converted into recreation room. Includes a piano and black and white television

There were changes other than construction throughout the history of the school. There were changes in affiliations, curriculums, instructors, directors and hospital administrators.

The school was approved by the Department of Professional and Vocational Standards of the State of California in 1921 and was approved by the California State Board of Health on June 16, of the same year.

It was incorporated as a College under the laws of the State of California and was empowered to offer a basic diploma program in professional nursing in 1939. This corporation was dissolved October 28, 1965 but the program was still called St. Joseph College of Nursing. Temporary accreditation was given by the National League of Nursing Accreditating Service in 1952 with full accreditation by NLN in 1957. The program was renamed St. Joseph School of Nursing in 1966 and remains such in 1973, its final year.

There were two classes admitted per year from 1940 until 1954. In 1921 there were two weeks of vacation per year until 1957 when vacation was increased to four weeks per year. It was increased again in 1958 to nine weeks and then to twelve weeks after 1958.

During the years of instruction at St. Joseph School of Nursing it has been necessary, in order to fulfill a well rounded nursing education, for the school to form affiliations with various hospitals throughout the city. The following is a list of various hospitals:

1921 Children's Hospital

Three month affiliation--nursing of children

County: During our affiliation with County Hospital, during the years 1939-1966, provisions were made that enabled the students to live in dorms at the hospital for their rotation. Since 1966, the students have commuted to work at County.

1939: Communicable Diseases & Tuberculosis for 6 weeks
 1940: Tuberculosis & Medical Nursing for 4 weeks
 1950: Communicable Disease & Tuberculosis for 6 weeks, Ped. for 12 weeks, & Psychiatry for 6 weeks
 1951: Communicable Disease & Tuberculosis for 4 weeks, Ped. for 12 weeks, & Psychiatry for 12 weeks
 1961: Same rotations but with St. Joseph faculty representative.

County Hospital

1965: Psychiatry and Pediatrics
 1968: Emergency Room added & Pediatrics discontinued
 1969: Psychiatry and Emergency
 1972: Pediatrics, Emergency & a Surgical floor (Ward 14) during the first semester only

Kaiser Foundation Hospital

Kaiser:
 Obstetrics: September 1966-1970;
 1971-1973
 Outpatient: Permanent Medical Group included---1967

Letterman General Hospital

Letterman:
 March 1968---December 1970: diet therapy; Interns & Dieticians at Letterman taught Senior students diet therapy
 September 1968---June 1973: pediatrics
 September 1969---June 1972: psychiatric nursing
 September 1969---June 1973: ICU, CCU, & hemodialysis

In 1943, St. Joseph School of Nursing became involved in the Nurse Cadet Corp which was an Army Nurse Recruitment Program. In the picture above, seven Senior students are sworn into the program.

St. Francis Hospital

LGH

St. Francis:
 February 29, 1972-June 1, 1972:
 One semester for in-patient Psychiatric Nursing

North-East Mental Health Center

"Bush Street":
 February 29, 1972-June 1, 1972:
 One semester for Psychiatric Nursing. This was a County facility that dealt with three aspects of care. Psychiatric Nursing with both out-patients and patients living in the building, and patients on Methadone treatment for drug addiction on an out-patient basis. The third aspect concerned present drug abusers. However, the students were not involved on this level of care.

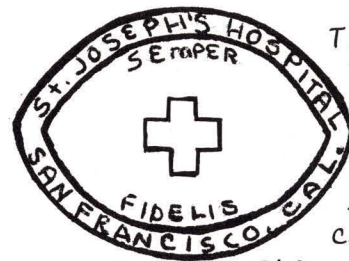

Curriculum

1921:

Anatomy & Physiology	24 hrs.	Operating Room Technique	8 hrs.
Bacteriology	8 hrs.	Urology & Pathology	4 hrs.
Chemistry	12 hrs.	Communicable Disease	8 hrs.
Drugs & Solutions	8 hrs.	Eye, Ear, Nose & Throat	8 hrs.
Nutrition & Cooking	16 hrs.	Obstetrics	8 hrs.
Personal Hygiene	6 hrs.	Pediatrics (including	16 hrs.
Nursing Procedures	32 hrs.	Orthopedics)	
Ethics	8 hrs.	Mental & Nervous Diseases	8 hrs.
Medical Nursing	8 hrs.	History of Nursing	10 hrs.
Surgical Nursing	8 hrs.	GYN	10 hrs.
Materia Medica	8 hrs.	First Aid	3 hrs.
Diet in Disease	4 hrs.	Bandaging	5 hrs.

Seven-day clinical week

Practical work:	Days:
Elementary Nursing	100
Medical	175
Surgical	160
Obstetrics	120
Sick Children	60
Operating Room	210

The First School
Pin: the outer
edge of the pin
is dark blue,
the inner space
is turquoise; the
cross and lettering
are gold; there is a
gold edging.

1942-1945:

First year: Theory

Nursing Arts	59 hrs. theory; 99 hrs. clinical=	158 total
Ethics (Professional Adjustments I)		16 hrs.
General Bacteriology		
Hygiene 4a & 4b		
English 1a		
Bandaging		10 hrs.
Massage		10 hrs.
Anatomy & Physiology		90 hrs.
Psychology		
Drugs & Solutions		24 hrs.
Normal Nutrition		45 hrs.
Diet in Disease		16 hrs.

First year: Clinical; six-day week

All students had a preliminary period from September to February with medical-surgical patients. For the rest of the first year they went to either the floor, nursery, diet kitchen, or central supply.

Nursery: 9-10 weeks with one week of night duty and one week of formula kitchen

Diet Kitchen: 6-7 weeks

Central Supply: 4-5 weeks, and three weeks vacation

Second year: Theory

Case study	8 hrs.	Obstetrical Nursing	32 hrs.
Surgical Nursing	40 hrs.	First Aid	18 hrs.
Materia Medica	31 hrs.	History of Nursing	25 hrs.
Medical Nursing	56 hrs.	Survey of Nursing	10 hrs.
Medical Diseases		Project of Adjustments II	16 hrs.

Second year: Clinical; six-day week

OR: most students completed a 13-week rotation through OR in one block

Delivery Room: appears to be divided; Cadets-4 weeks while other students had between 2-25 weeks. The majority of the students had 12 weeks in Delivery Room with at least one week on PM's and one week on Nights. Many of the students had this their third year.

One group went to County on affiliation starting March 27, 1944 for twenty-four weeks. They had a three-week vacation at the end of this rotation.

The other group had a three-week vacation starting May 29th, and went on affiliation starting June 19th of the same year. This meant all students were back in school by December of 1944.

Third year:

	Theory	Clinical
EENT	16 hrs.	
Neuro-Surgery	9 hrs.	
Tuberculosis & Communicable Diseases	29 hrs.	41 days
Pediatric Nursing	32 hrs.	71 days
Psychiatry	18 hrs.	42 days

All students had an additional 4-6 weeks of Pediatrics at St. Joseph Hospital.

1970-1973:

Freshman year:

Theory-	
Anatomy & Physiology	102 hrs.
Theology (Basic Beliefs)	34 hrs.
Basic Nutrition	17 hrs.
Microbiology	85 hrs.
Introduction to Psychology	68 hrs.
Diet Therapy	17 hrs.
Clinical-	
Medical-Surgical Nursing IA	204 hrs.
Medical-Surgical Nursing IB	238 hrs.

The school pin after changes which occurred during the sixties.

Junior year:
 Theory- 34 hrs.
 Disaster Nursing 68 hrs.
 Sociology
 Clinical-
 Medical-Surgical Nursing II 418 hrs.
 Psychiatric Nursing 448 hrs.

Senior year:
 Theory- 34 hrs.
 Ethics
 Clinical-
 Medical-Surgical Nursing III 448 hrs.
 Pediatric Nursing 448 hrs.

Below: Lone Mountain College,
 San Francisco, Calif.

Lone Mountain

Our affiliations included, other than hospitals throughout the city, San Francisco College for Women. This college later became known as Lone Mountain College. Our affiliation here included classes in Bacteriology, Hygiene, English 1A, Psychology, Theology, Sociology, Physiological concepts, Emergency Health, and Medical History. The affiliation was discontinued in 1972.

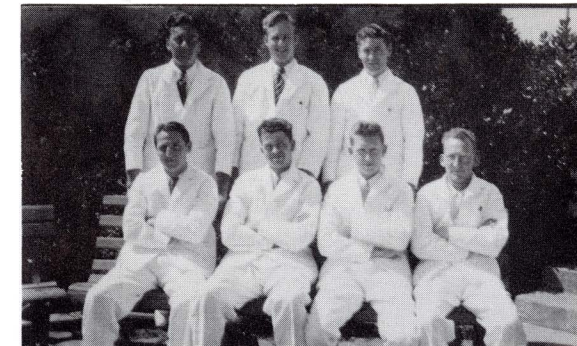

August 1, 1921

1930

1935

St. Joseph School of Nursing accepted male students from 1932 to 1955, graduating 49. Then in 1970 the last two male students were given admission.

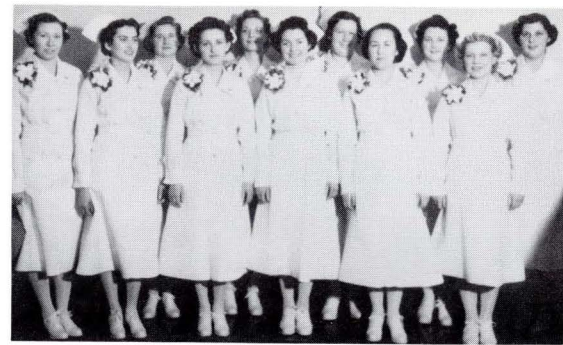

1937

The Alumnae Association was started in 1924 by thirteen members of the graduating class. Now there are 602 members.

The building in the background is believed to be the hospital of 1900.

September, 1962: changed to white uniform.

After the founding of the hospital, the affairs were taken care of by the Administrator. At that time the Administrators were Sisters and were referred to as Superiors. The following is a list of the Sister Superiors in the order of their term:

Sister M. Ottila	1889	Sister M. Sylvia	1921
Sister M. Dominica	date not known	Sister M. Petronella	1929
Sister M. Innocentia	1906	Sister M. Bede	1934
Sister M. Amanda	1908	Sister M. Raymond	1940
Sister M. Constancia	1912	Sister M. Febronia	1948
Sister M. Monica	1912	Sister M. Melitta	1957
Sister M. Lutgardis	1916		

When the administration of the hospital became so complicated it required a specially trained administrator to successfully operate its affairs, it was found necessary to share the responsibilities of Superior and Administrator by two Sisters. In 1959 these two duties were divided. Sister M. Rosalia was chosen as Sister Superior and Sister M. Melitta took over the task of Hospital Administrator. Then, in 1965, when Sister M. Thomasine became Administrator she took on the responsibility of Sister Superior also.

Sister M. Urbana	1960	Sister M. Thomasine	1965
Sister M. Agnes	1963		

After 1970, the role of Administrator was undertaken by laymen.

Mr. R. Hutchison	1970	Mr. S. F. Gummerlock	1971
------------------	------	----------------------	------

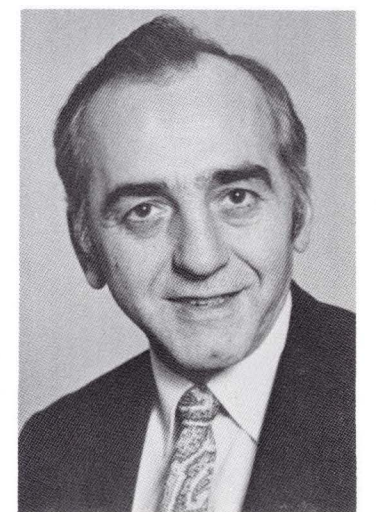

Sister Innocentia

Sister Thomasine

Sister M. Agnes

Mr. S. F. Gummerlock

Directors

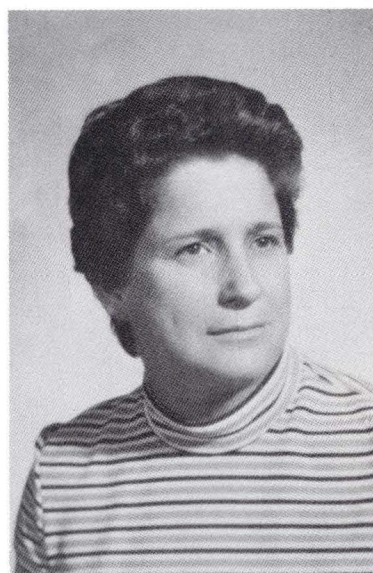

Sister Mary Agnes,
O.F.M., 1921-1960

Miss Helen Parsons,
R.N., B.S., M.A.,
1960-1967

Miss Madeline Hines,
R.N., B.S., M.A.,
1967-1969

Miss Judith Goldberg,
R.N., B.S., M.S.,
1969-1973

We are indeed proud of the many graduates who have passed through our doors. Students enrolled at St. Joseph School of Nursing have had available to them the clinical resources of a general hospital founded on and dedicated to Christian Principles in providing health care. They have had opportunities to provide care for patients in all age groups with a variety of health problems. Due to the expanded role of the nurse with her additional responsibilities and the increased demands for health care, there is a need for additional educational preparation for nursing. Though this seems like an ending, it is just another passing era, one in which we are thankful for having the opportunity to make a contribution.

FAST

GRADUATION & RECEPTION June 17, 1973

FAREWELL

If I were to bid farewell to the Foundation - St. Joseph College of Nursing - I would have to walk a path from the northeast corner of the property to its uttermost southwest boundaries. It would be a long, long walk, a walk of reminiscence.

The first School of Nursing started in the first hospital facing Park Hill. There were only 12 students of all ages, called "nurse attendants". Year after year registration expanded until it was necessary to find a large classroom in the new hospital (1929) which was just completed. The room occupied all the space now used by Administration. With the help of three Doctors, two Nurses and myself we taught all required Nursing subjects to insure graduation for each student.

My heart was set on erecting a separate school of Nursing. I realized the difficulties, the hardships, the sacrifices, the frustrations, the criticism. It was during the war years 1943-1945 that plans were made. The help of the Government was one of the financial sources.

Two duplex apartment houses were on this property used for nurses' homes. They would have to be raised. The land was on a decided incline toward Roosevelt Way, being part of Buena Vista Hill. I knew a retaining wall would have to be built to hold back rock, sand and earth before any supports could be erected, or foundation laid.

One day, I stood outside the door of one of the nurses' homes and the words of Charles Spurgeon came to my mind:

FAITH goes up the stairs to my mind
LOVE has made,
And looks out of the windows which HOPE has opened.

Suddenly I took courage to start a campaign of persistency, convincing the Government we needed the building, and persuading our own Administration to acknowledge the fact. Step by step, FAITH took hold. Devotion to the cause filled my mind and heart, and HOPE opened the way for me to follow. Step by step, over innumerable obstacles, I succeeded in getting the first mixture poured into fourteen pillars of solid concrete and steel to hold up the back of the building. From that, floor succeeded floor, until we had the entire unit completed.

Minor set-backs occurred....forgetting the front door; forgetting to build a bridge across the underneath passageway from the door to the walkway. We created a garden with the help of a Landscape Gardener. He performed "miracles". It took 40 truck-loads of earth to fill in the excavation outside the school. The deadline for the garden was the day before dedication, given by Archbishop Edward J. Hanna, D.D. The gardeners brought huge square blocks of lawn already growing and blooming flowers of all colors; three Irish yews

were placed at the far western end. Trailing vines in blossom fell over the retaining wall. Huge Oriental red poppies lined the iron rail fence. Window boxes on the balcony held flowering pansies and Cinerarie.

The interior had to be furnished. The UNION FURNITURE CO., offered to furnish the entire main floor and one complete bedroom if we would let them photograph it for LIFE magazine. We had the privilege of buying any pieces of furniture, rugs or lamps after the photographer was finished. This we did, making our lobby a delight to visitors.

The Archbishop and priests standing on the front steps of the building said: "These are the most remarkable Sisters I have ever met. By a miracle the have transformed a scene of wreckage into a magnificent garden; and furnished a home with God's Will in mind."

The students were anxious to move in. It took them only a few hours to accomplish it. Since that day, the footsteps of students have resounded through these rooms and halls, making the very walls part of their lives. Sunshine and shadow; laughter and tears; courage and ceaseless prayer...all had their place in maintaining this Institution. Lives have been directed, formed, and completed within its walls. The entering wish of all students is to attain SUCCESS. All did not; but I am proud to say over 1500 have graduated with honor. They have drifted to all parts of the world: have been heads of families; succeeded in positions of authority and trust; have been decorated by foreign governments. I AM PROUD OF EACH ONE OF THEM.

It is impossible to bid farewell to a building. You merely turn a page in Time, and renew your hope for future success along another way. This Institution has a soul...which cradeled thoughts, words and deeds that comprise the Book of Life.

The past holds my left hand....for my days have closed among you; but my right hand-the ever Present, reaches out in gladness that once more we are together; and both hands clasp tightly as I raise them in a gesture of prayer of thanksgiving for what was...what is...and what is to be.

As NURSES, your lives are dedicated to the ministry of the sick. You carry an invisible banner marked "VICTORY". If today your hearts hold a tear for a little house that grew into a Temple of Learning, remember that centuries ago in the little town of Nazareth a Carpenter built a house which sheltered the Light of the World. In the Light you have walked a dedicated Way. Human endeavor, human hopes, human hearts erected this building.

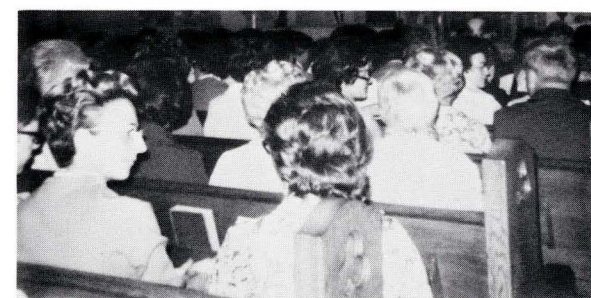

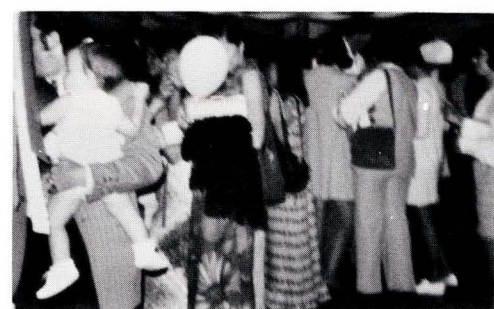

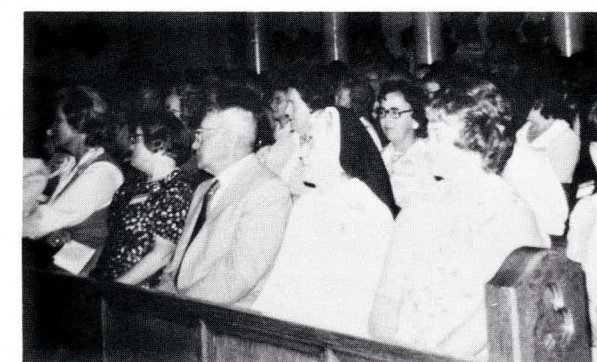

Remembering it, may it bring you courage and strength to follow steadfastly whatever road is laid out to follow. Keep your hand in the clasp of Our Blessed Lord. All lives consist of light and shadows. No one is denied a cross. I know that you have lived courageously up to now. Walk always with the Victorious Christ and victory will be yours. Believe that God will never forsake you in any vicissitude

of life. From my heart I ask God to bless you.

Prepared by Sister M. Agnes for presentation at the Alumni Homecoming - St. Joseph's School of Nursing, June 2, 1973.
