EMERGENCY SUPPLEMENT
TO
ANNUAL REPORT OF COUNTY EXTENSION WORKERS
YEAR ENDING NOVEMBER 30, 1933

State California County (or counties) San Joaquin
Report of O. V. Patton, Agricultural agent.
(Name)
Ethel McDonald, Home demonstration agent.
(Name)
_____, Boys' and girls' club agent or assistant.
(Name)
_____, Emergency agent.
(Name)

DIRECTIONS

This report form is for use of regularly employed county extension agents and temporary emergency agents, for reporting all work relating to production-reduction campaigns, relief activities, and other emergency work engaged in during the year. This report supplements but does not displace the regular annual statistical report of cooperatively employed agents, on form 285.

This report should be prepared as a single report for the county by all county extension agents and emergency agents working as a committee. Each individual agent should discuss in the regular narrative annual report his or her part in advancing the emergency work included in this supplement.

Where an emergency agent is the only extension worker employed in the county he should fill out this form and accompany it with a full narrative account of his work. In case the emergency agent works in several counties the report should cover the entire area worked in, and be so labeled.

Where the services of the emergency agent are discontinued prior to November 30, 1933, this schedule should be filled out before the agent leaves the county.

Two copies of this report should be sent to the State extension office, one of which will be forwarded to the Federal Extension Service.

PRODUCTION-REDUCTION CAMPAIGNS ASSISTANCE RENDERED THE AGRICULTURAL ADJUSTMENT ADMINISTRATION

Nature of assistance or activity		Cotton (a)	Wheat (b)	Tobacco (c)	<i>all others</i> (d) ¹	
1. Days devoted to campaign by agent or agents.....	Agricultural agent.....	4	56	0	48	1
	Home demonstration agent.....	0	0	0	30

34. Number of farmers assisted in reducing cash expenditures through exchange of labor or machinery.....	0	34
35. Number of farm families assisted in bartering farm or home products for other commodities or services.....	26	35

SUMMARY OF EXTENSION INFLUENCE FOR 1933

Present conditions make it highly desirable for extension workers to consider the proportion of farms and farm homes in the county which have been definitely influenced to make some substantial change in farm or home operations as a result of the extension program for men, women, boys, and girls. It is recognized that this is very difficult information for agents to report accurately, so a conservative estimate based upon such records, surveys, and other information as are available will be satisfactory.

Include results of the regular 1933 extension program as well as emergency activities.

36. Number of farms in county.....	5730	36
37. Number of farms on which substantial changes in practices have definitely resulted from the agricultural extension program.....	3423	37
38. Number of farm homes in which substantial changes in practices have definitely resulted from the home demonstration program.....	1768	38
39. Number of other homes in which substantial changes in practices have definitely resulted from the home demonstration program.....	0	39
40. Number of farm homes with 4-H Club members enrolled.....	515	40
41. Number of other homes with 4-H Club members enrolled.....	13	41
42. Total number of different farm families substantially influenced by some phase of the extension program.....	3900	42
(Include questions 37, 38, 40, and 41, less duplications)
