Dear Ms. Dixon:

I am responding to your letter of August 31st describing the Pacific Telesis sponsorship of the video on women confronting AIDS/HIV. Pacific Telesis sponsored a project with which I was deeply involved. They produced a film entitled, "AIDS - An Epidemic of Fear" focusing on issues of HIV and the workplace and have subsequently produced a film for managers in the workplace. Everything about the operation was absolutely first-rate with a very polished product.

Project A.W.A.R.E. (Association for Women's AIDS Research and Education) which was founded in 1985 by a group of women investigators in San Francisco has evaluated more than 1000 women at risk for HIV and more than 500 female prostitutes, providing street outreach, testing and counseling, epidemiologic follow-up of 100 seropositive women, and behavior change in a matched group of seronegatives, on site pregnancy and VDRL testing done through use of a mobile van going into underserved neighborhoods, and direct links to HIV treatment clinics in county-based hospitals. The organization has participated in a number of educational video film projects including the AIDS Lifeline series in San Francisco, NOVA, and others. Judith Cohen, Ph.D., is the Project Director and can be reached at [REDACTED]. I know she has worked closely with many in the Center for Women Policy Studies.

It is perhaps the mobile van staffed with outreach workers, nurse practitioners, and a physician which goes to East Oakland neighborhoods in affiliation with CalPEP (The California Prostitutes Education Project) which might be of most interest to your organization. You are very welcome to contact us if this project might play a role in your production. I have enclosed some materials for your review.

I look forward to seeing the final product.

Sincerely,

Constance B. Wofsy, M.D.

AWARE PROJECT

TO: Members of the Advisory Board to the National
Resource Center on Women and AIDS

FROM: Leslie R. Wolfe

SUBJ: Request for Materials

With support from the Pacific Telesis Foundation, the Center is producing a video and Action Kit on women confronting AIDS/HIV. Linda Anguiano is producing the video and already has talked with several of you about it. The working title of the video is "The Tradition of Women as Healers: Woman to Woman Confronting AIDS" and it features several woman-run, woman-focused projects nationwide.

Dazon Dixon is preparing the "Action Kit" to accompany the video. She wants to be sure to include information about every program or activity that you believe should be featured. Therefore, I am writing to ask you to send materials, ideas, brochures, project descriptions, and/or the names of people she should contact to:

Dazon Dixon
SISTERLOVE Project
AIDAtlanta
1132 West Peachtree Street
Atlanta, Georgia 30309
404-872-0600
404-885-6799 [FAX]

Dazon will need to receive this information no later than September 20, to meet our production deadlines. Many thanks for your help!

You will be receiving more information about the video and Action Kit very soon. We will "premiere" the video, with Pacific Telesis, in San Francisco in November, 1990. You all will be invited!

Please let me know if you need any additional information from CWPS; I will look forward to talking with you very soon.

Belinda Mason
Steve Carden
504 Highway 140 West
Utica, KY 42376

Dear Belinda and Steve,

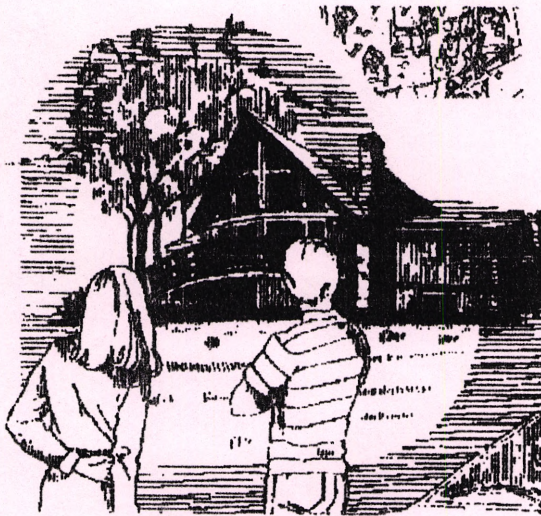

Thank you for your delightful invitation to your party on September 15th and September 16th. I would love to join the heathen delegation and meet Steve, Polly, Clayton, and Puppy Breath. Unfortunately, I won't be on the East Coast and am not in a position to up and leave.

I will be with you in spirit and you may consider my friendship to be very much present. Have a rousing good time and thank you most heartily for the invitation.

Sincerely,

A handwritten signature in cursive script, reading "Constance Wofsy".

Constance B. Wofsy, M.D.

**Steve Carden and
Belinda Mason will be
warming the hillbilly
palace in Utica
Kentucky on Saturday,
Sept. 15th and Sunday,
Sept. 16th.**

We Want You to Come!!

We have divided our friends into two categories- Baptist and heathen. You will not be surprised to learn that you belong to the latter.

Utica by Air - Take American or Northwest Airlines to Nashville or Memphis. Flights are available to Owensboro at various inconvenient times from both Nashville and Memphis. We will pick you up. You won't need a car as there is no place else to go.

Utica by Car - The house is in southern Daviess County. From US 60 Bypass around Owensboro, take highway 431 South about 10 miles to Utica. Turn right at the caution light onto highway 140 West. Go past Utica Elementary and post office, and up steep hill. At the top of the hill, turn left sharply (we share a driveway with a neighbor) and follow gravel road out a ridge for about one quarter mile to our house. Or if you want to call for directions, please do.

Accommodations - We have about ten beds available- some sleep two. Speak soon if interested.

Hotel Accommodations - Owensboro is a mere hop and jump up the road. There is plenty of floor space available if any of you are still young enough to tolerate a sleeping bag. Bring your own.

Gifts - In the tradition of hillbillies everywhere- gifts are greedily anticipated, but by no means mandatory.

RSVP - Let us know if you are coming so we can plan alright? This is a big deal. Regrets are only acceptable in the case of death or serious illness of a blood relative. Be there or be square! Call us at 502-733-9206. Don't give the number to any Baptists or reporters. Write 504 Highway 140 West, Utica, KY 42376.

Sincerely,

Steve, Belinda, Polly and Clayton

Hope to See You There!!

9130 Joyce Avenue
P.O. Box 24028
Milwaukee, WI 53223

Dear Mr. Nelson:

Thank you for your letter of September 4th regarding your participation in the China delegation and your anticipated presence in San Francisco in September.

Unfortunately, the preparations for the trip combined with my current responsibilities here leave me insufficient time to meet with you while you are in San Francisco this month. Please accept my apologies.

Thank you also for sending me the brochure on your organization; I am sure you will be an asset to our delegation. I very much look forward to meeting and talking with you during our time in China.

Sincerely,

A handwritten signature in cursive script, reading "Constance B. Wofsy".

WILLIE NELSON

Willie Nelson is one of the most sought after motivational speakers of our time. His professional experience coupled with personal commitments to achieve inner growth and development inspires audiences toward higher levels of achievement by stimulating positive emotions. His charismatic personality clearly brings out in his listeners the good news that they are indeed "SOMEBODY"!

His U-R "SOMEBODY" message is based on visualization, discovering the "Somebody-Self", goal strategy, leadership, creativity and relationship building capacities already inside each person. His topics have been heard by executives and staff of many of this country's leading businesses, civic organizations, churches and learning institutions. As a self-directed individual, with a common sense approach to problem solving, Willie's U-R "SOMEBODY" philosophy brings about immediate changes and long-term results allowing thousands to reach their fullest potential.

Willie has a BA in social science/psychology, an AA in automotive technology, and continues his graduate studies in human-spiritual growth and development. Concurrently, he is the Equipment Repair Manager for the City of Milwaukee and the President of U-R "SOMEBODY" SEMINARS, INC., a human resource company specializing in guidance, training and consulting.

Previously, Willie was a Service Center and Area Manager of a manufacturing company with over \$200 million in annual sales. He has had successful careers as an Army Career-Warrant Officer, an Automotive Instructor for Central Texas Community College, and as an AIDS Consultant/Educator with the Association of Black Psychologists. Recently, he has been invited by the Citizen Ambassador Program and the Chinese Medical Association to become a delegate to visit The People's Republic of China to exchange information on the management and control of HIV diseases. As a businessman, theologian, and community educator, Willie sees the AIDS issue as global and as an opportunity for religious and community leaders to take on new roles.

As a devoted family man, he practices building quality relationships with his loved ones. This benefit ensures his continuous harmony, balance and authenticity when interacting with the whole human family.

WHAT PEOPLE ARE SAYING...

"Your 'Somebody' Seminars, Inc., provides dynamic, motivational presentations that move the human spirit to fulfillment and success. Professionals and nonprofessionals alike should benefit from this Good News in these troubled, stressful times."

KARL E. HAMMONDS, M.D., Medical Director
Progressive Health Associates, Washington, D.C.

"Willie, I like what you are doing. Especially with our youth. They listen with interest to your Self-Esteem and Self-Image Building messages. My own staff has benefited from your positive outlook on life, therefore, I am going to recommend your seminars to others. I believe the 'Somebody' message is a 'God-send' for both personal and professional development."

CHARLEY VINSON, Owner
Marathon Service Station, Highland Park, MI

"Willie Nelson is an able speaker who has many interests, such as AIDS virus prevention and treatment, mind elevation, public speaking, and community activities. He holds a ranking management position with the Milwaukee City Government, and is an associate Licensed Minister of this congregation. We consider him of good character and a good family man with an abundance of energy and concern to share with others."

DR. EARL PARCHIA, Th.B., Div. M., D.D., Pastor/Bishop
Mt. Zion Assembly, Milwaukee, WI

"Willie Nelson's positive attitude and charismatic personality provide his listeners with perfect techniques required to become a winner. He is truly an inspiration."

CAROL ANN SCHNEIDER, C.P.C. President
SEEK, Incorporated, Grafton, WI

"Willie is one of the most profound and highly motivated speakers of the decade."

WILLIE LEE, Service Manager
City of Milwaukee, Bureau of Buildings & Bridges

"You are a wonderful speaker who impressed me with what you did for our seniors. You inspired, motivated and encouraged them, challenged them to realize that they are not too old to broaden their horizons."

ORA CARPENTER, Sr. Citizen Program Insurance
Clinton Rose Sr. Citizen Center, Milwaukee, WI

"Elder Willie Nelson is a man of character. This strength of character and his determination will be of great benefits as he pursues the noble goals toward which he now aspires."

DAVID L. ELLIS, Bishop/Pastor
Greater Grace Temple, Detroit, MI

"Four weeks of presenting workshops were dynamic. The clear examples given held the attention of our youth. This truly is a remarkable accomplishment. Your 'SOMEBODY-NESS' message raised the Self-Esteem levels of all who heard you speak. Now, I'm working on having you come back and present your Stress Management workshop to my staff."

JEANNETTA ROBINSON, Founder/Director
Career Youth Development, Inc., Milwaukee, WI

*"Aloha Willie,
You are special, believe in the Power in you. Think positive."*

WALLY "Famous" AMOS
Entrepreneur and Author, Kailua, Hawaii

"Willie has always been a stimulator and motivator from our childhood days to the present. He attributes this character trait as being the most important step toward achieving success. His own positive mental attitude instills confidence in others that they too can succeed."

ODIE C. SMITH, Counselor/Instructor
Learning Network Center, Chicago, IL

Constance B. Wofsy, M.D.
HIV Disease Delegation Leader,
Professor of Clinical Medicine
University of California, San Francisco
San Francisco, California 94143

Dear Dr. Wofsy:

Three months ago, I received an invitation from you to join the technical exchange delegation that would visit China to interchange information with our Chinese counterparts on the management and control of HIV diseases. Thank you very much, and - forgive me for taking so long to personally respond.

My wife and I are looking forward with great expectations to meet you, and other members of the delegation. As our leader, I am sure you have been interestingly busy both in preparation, and responding to the tons of letters like this one. Hence, I will be brief and to the point. This month, I will be in San Francisco.

I am attending a final training session for AIDS 201, focusing on women and IV drug users. This will take place on Friday, September 21, 1990 through Sunday, September 23, 1990 at the Golden Gateway Holiday Inn in San Francisco. Consultants of the Association of Black Psychologists, through a grant from the Centers for Disease Control, will be the recipient. I sure would like to meet you. Do you think that is possible? I am enclosing a copy of my marketing brochure that list programs that I speak on. Also, inside will be two business cards. If you desire to call, please use appropriate telephone numbers.

Thanks again, and I look forward seeing - or, hearing from you during my brief stay in your city. Until then, remember: Dr. Wofsy
U-R "SOMEBODY!"

Keep arriving,

Willie J. Nelson
President/AIDS-Consultant/
Motivational/Inspirational and
Success Speaker

Constance B. Wofsy, M.D.
Professor of Clinical Medicine
Co-Director/AIDS Activities Program
School of Medicine, University of California
San Francisco, CA 94143

Dear Dr. Wofsy,

Thank you for the letter of May 2, 1990 regarding Citizen Ambassador Program to China dealing with HIV diseases. I am pleased to accept your invitation and Southern Illinois University paid the required deposit to People to People International.

I am unable to find much information about AIDS in China. The most recent WHO report that came to my attention lists 3 cases. Would you be so kind as to send me references dealing with this subject, or - still better - copies of available material. Hopefully, there may be articles or pamphlets dealing with education measures now in effect. Should your sources be mostly in Chinese or Russian, local translation will be available to me. I was in China four years ago, but could find nothing about AIDS at that time.

Thank you for the help in this matter.

Sincerely,

I.L. Shechmeister, Ph.D.
Emeritus Professor of
Microbiology
