...a farewell from

UCR

Office of the Chancellor

Chancellor Ivan Hinderaker

TO THE CLASS OF '76:

Whether you were with us for four years, or two, or only one, I hope you have come to genuinely respect the values by which this campus tries to live.

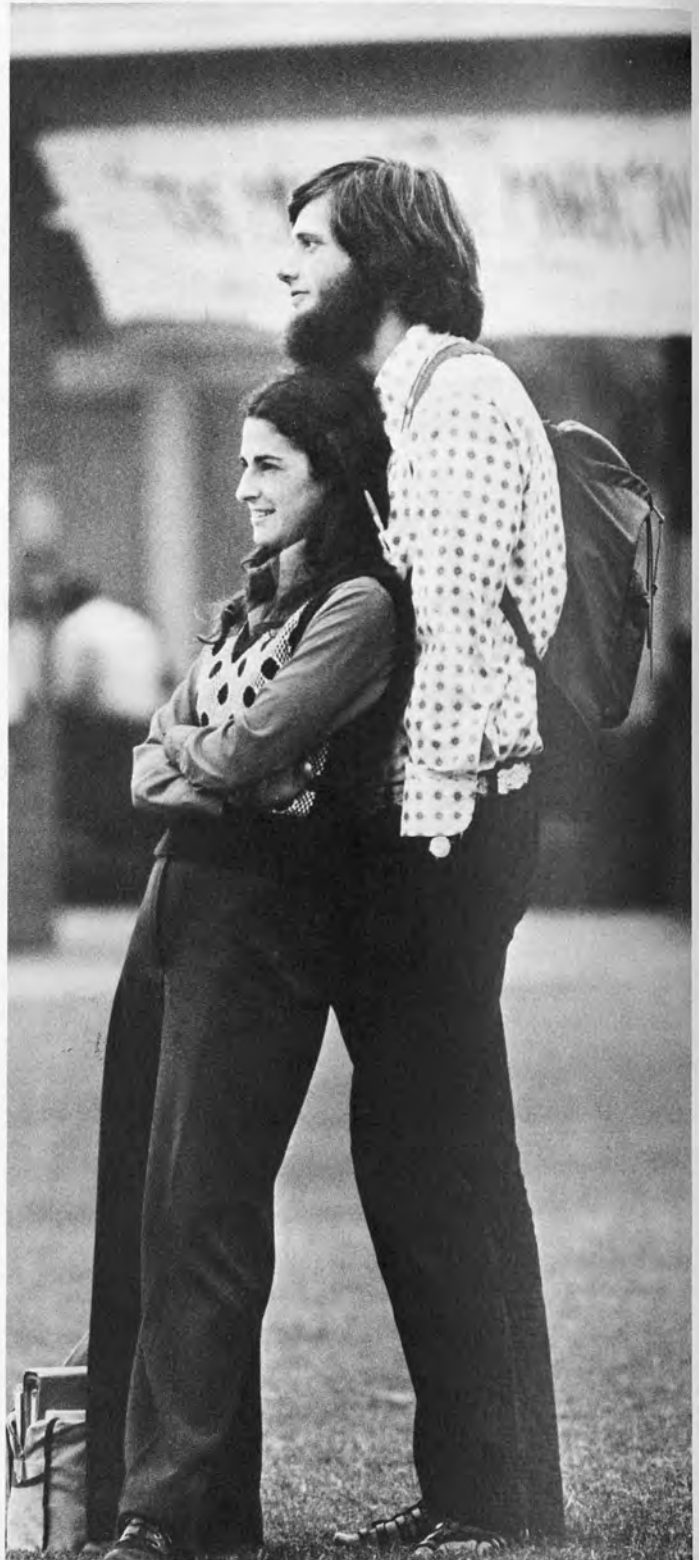

I hope you found for yourself here a consuming interest, if you hadn't already done so; and that you enhanced your desire to strive for excellence, to respect yourself as a human being, to feel that what you try to do is relevant to yourself—not just economically relevant but socially and spiritually relevant.

Best wishes for the future. UCR will continue its interest in you, as I hope you will continue your interest in UCR.
