Co-op Recycling Center Sweeps Up.

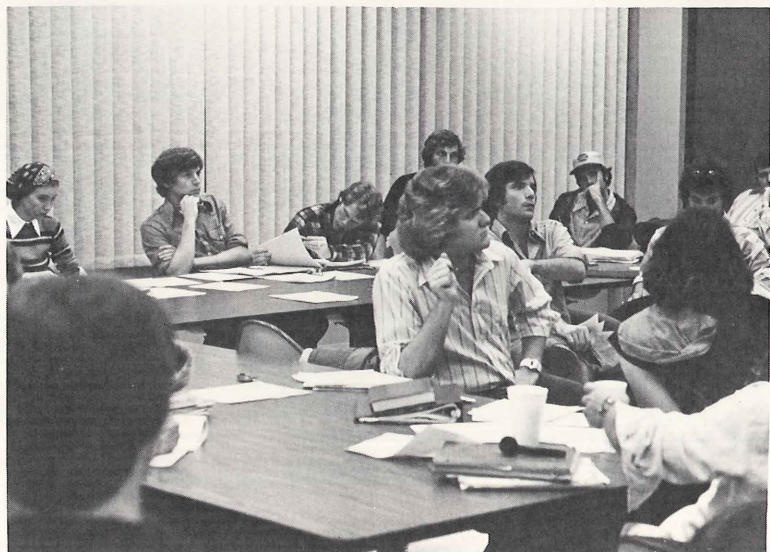

With the involvement of UCI's Co-op-Recycling Center the environment could do nothing **but** improve. The purpose of the center in receiving material from the campus and the community is to clean up the area while earning money for environmental programs. Money earned through the recycling of tin, glass, aluminum, newspaper, and magazines helps fund Earth Week, a few days aimed at promoting ecological awareness.

ASUCI A Clean Act

Who ever said there was nothing more to school than sleeping, studying, and eating? ASUCI proved that wrong! In the past years, Associated Students has offered everything away from a lecture hall; concerts, dances, speakers, KUCI radio, "The New U", "Wayzgoose", and a variety of special interest projects. Those not directly involved in the council, took part in the enjoyment of the various services and activities. No matter where you were, ASUCI was there too!

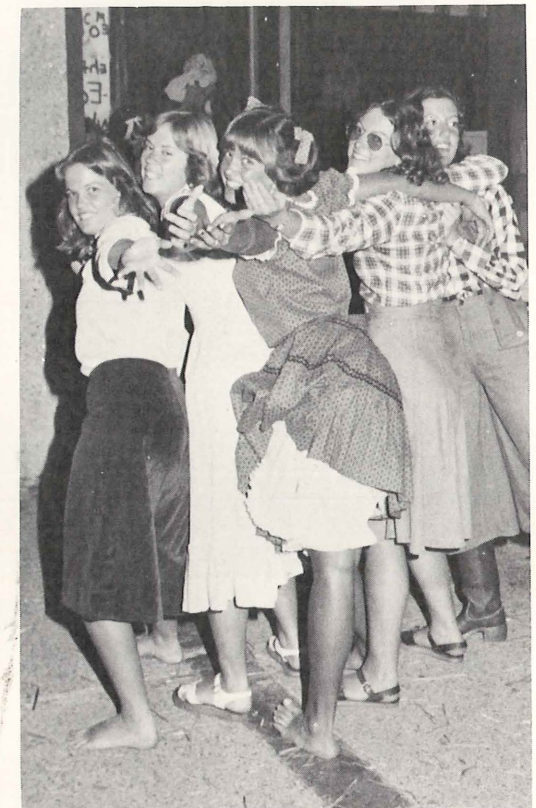

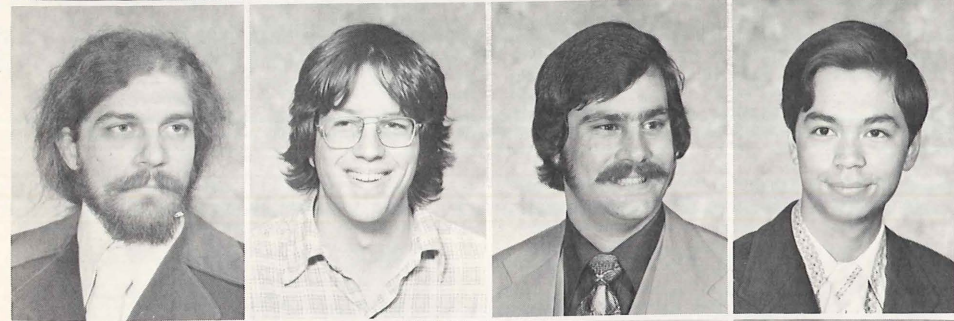

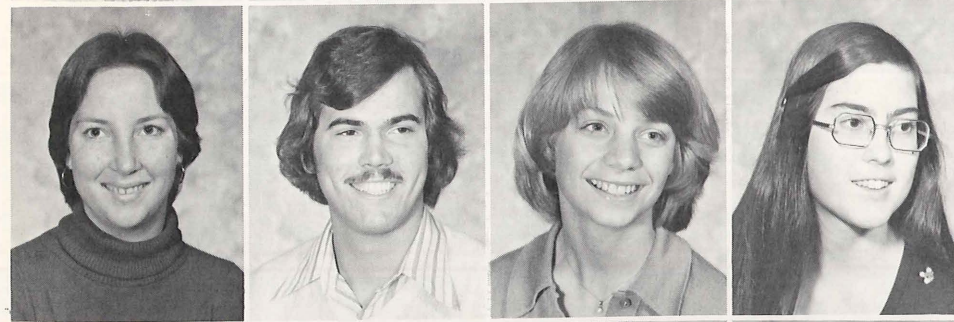

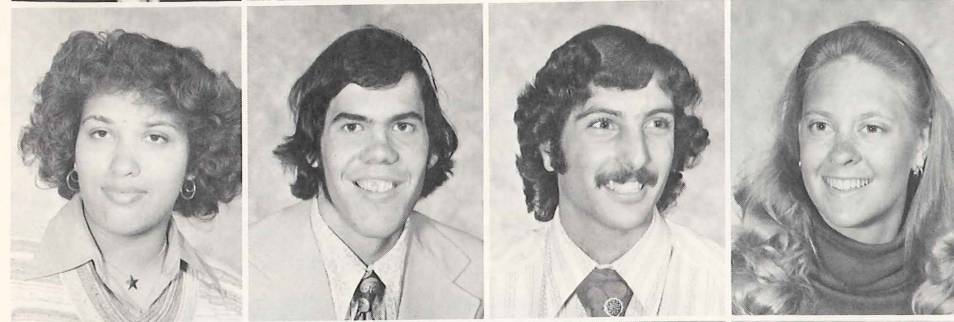

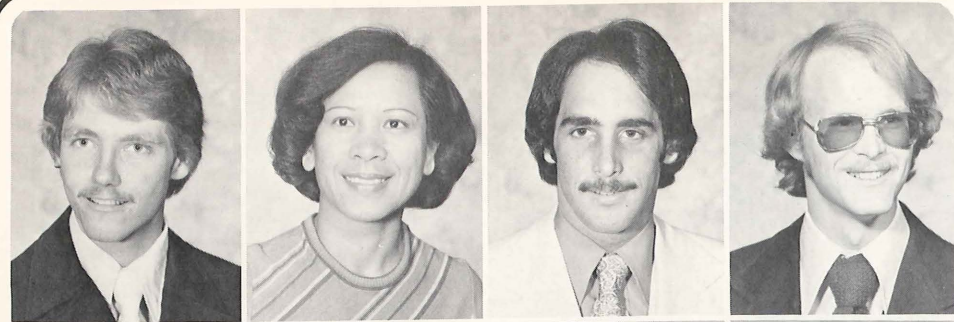

It's GREEK to me!

The Greek system at UCI, involving eight nationally known fraternities and sororities, provides an opportunity for young people to interact between one another and the community. Their service projects include donations to individual philanthropies, volunteer work in March of Dimes and Red Cross Blood Drives, and participation in University activities such as Wayzgoose, University Day, and the leading of campus tours.

Social events find the fraternity and sorority members at formals, exchanges, or theme parties. But there is more to the Greek system than socializing. Besides achieving academic excellence, the dedicated members of Alpha Chi Omega, Beta Theta Pi, Chi Psi, Delta Gamma, Gamma Phi Beta, Phi Delta Theta, Pi Beta Phi, and Sigma Chi have found that being a Greek has added an enriching dimension to their college experience.
