ASUCI

ASUCI is making decisions . . .
being involved . . . running a
business . . . learning . . .
meeting people . . . programming . . .

CAMPUS LIFE

Campus life is a magical, mystical, medieval Wayzgoose . . . listening to S. I. Hiakawa, Pete Wilson, Jean-Michel Cousteau . . . strolling through Campus Park . . . eating anything from Commons food to chocolate covered ants . . . watching the anteaters dribble, jump, slam . . .

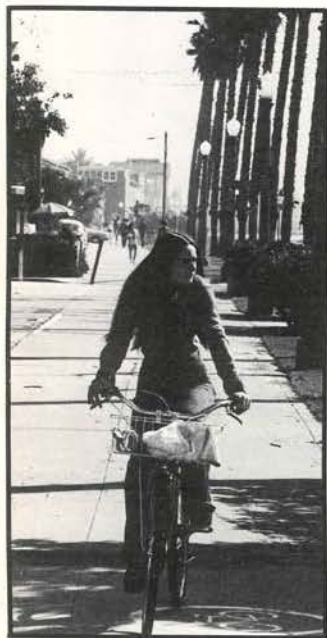

LIVING

Living is four o'clock fire drills in the dorms . . . running to catch the bus . . . learning to cook . . . midnight strolls along the beach . . . juggling your expensive tastes with your overdrawn bank account . . . knowing how to get away from textbooks, test tubes, and calculators

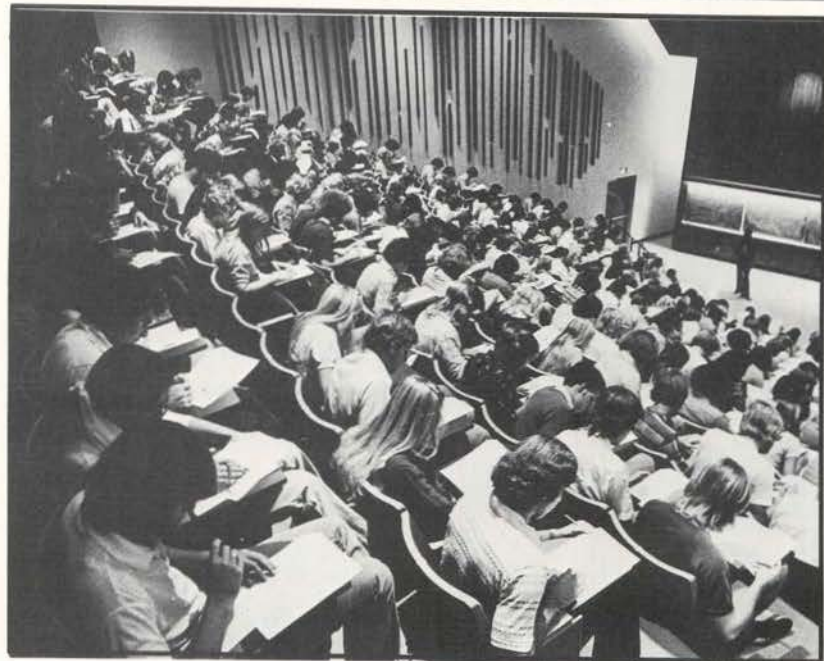

ACADEMICS

Academics is reading the wrong assignment . . . staying up all night . . . getting lost in the library . . . pass/fail, add/drop . . . overdue library books . . . mixing the wrong chemicals . . . catching missed lectures in the Learning Resource Center . . .

Therefore, do not be anxious about tomorrow,
for tomorrow will be anxious for itself . . .
