# It's About Time

"It's about time Anteaters let loose  
and lived a little!"

Desiree Keresztury  
Sophomore, Undeclared

# Student Life

Student Life Editor: Kathy Lane

A dewy mist clings to the verdant hills of Aldrich Park, tickling eucalyptus trees, dancing around towering buildings, and venturing forth to the marshes beyond. It is early morning: before the drowsy dorm student has wandered off to the Commons, before the familiar angry words have been muttered or yelled in the overcrowded parking lots, before the offices and laboratories have begun to bustle, before the heavy machinery of construction workers has started drumming in the air, before the groans about lectures, tests and quizzes have been ritually uttered, and before the serious faces and friendly smiles of students of all ages and races have animated the campus. These

activities seem characteristic of many college campuses. So what is special about UCI? UCI is at the beginning of a new era.

UCI is a young school, just recently transformed from rural cow-fields into a place of dormitories, lecture halls, and trailers. Yet buildings are not the only things rising on this campus; so is our stature.

UCI is entering a new phase, and it's about time. Time for new research, for new cultural awareness, for new growth, for new acclaim. "UC, Berkeley was the past; UCLA is the present; UC, Irvine is the future."

Jane Gill  
Senior, Chemistry/Biology  
"It's about time, it's about changes,  
and it's about dreams . . ."

Scott Emigh  
Sophomore, Engineering  
"It's about time for a UCI spiritual re-  
naissance."

Lilly Chau  
Junior, Economics  
"It's about time that we had a female  
chancellor!"

Gary Weinzimer  
Junior, Psychology  
"It's about time UCI funded fraternity  
and sorority housing like most other UC  
campuses."

Lisa Wallace  
Senior, English  
"It's about time the school had a focus.  
Without the University Center there's no  
central place for students to meet and  
hangout."

Richard Kolostian  
Senior, History/Political Science  
"It's about time for all elements in the  
UCI community to unite and solve our  
common challenges, such as parking and  
affordable student housing."

Jeff Rautenstrauch  
Sophomore, Social Ecology  
"It's about time people recognize the  
fact U.C.I. is University of California, Ir-  
vine, and not Cal State Irvine."

Carla Myers  
Junior, Social Science  
"It's about time we took some pride in  
our awesome mascot—the anteater.  
After all, it's part of the bear family!"

Tony Paine  
Junior, Economics  
"It's about time I changed my name to  
Ulysses Charles Regents and cashed all  
those checks to become a millionaire."

UNIVERSITY CENTER

# DISCOVER THE DORMS

Don't spend your extra money on a cruise to the Caribbean! Instead, spend it on a relaxing year in the dorms at U.C.I. Discover the joy of roommates, co-ed community living, maid service, and all-you-can-eat gourmet food.

Suitemates watch soaps and study in the sun.

## Spacious, Beautiful Rooms

Pick cozy (but growing) Middle Earth or sprawling Mesa Court. Many views are available, and if you're lucky enough to stay for two consecutive years, you'll even get a choice. Pick between a view of the city lights by night, smog by day, and a view of the trash cans at the front door. View of basketball courts, volleyball courts, and sun-deck—with the hottest men and women to gaze upon. Fashion carpet colors include brown, green, and orange. Choose your favorite color of curtains or walls as long as it's beige. Rooms are big anyway, but if your roommate is a freshman, you'll have the added benefit of being able to proportion the room in a 3:1 ratio, your favor. All rooms are lightly perfumed with swamp gas.

## The Latest Conveniences

Who needs acoustical walls? You won't have to use a stethoscope on the door to get gossip; you'll be able to hear everything in the suite without even trying!

We provide bunsen burners and ice chests for your in-room eating convenience. Get that **camp-out feeling** all year 'round.

For special guests, we provide friendly, uniformed ants to save you the trouble of cleaning up the last bits of food forgotten in corners or dropped on the floor. It's like getting your room vacuumed every day!

NOTICE: Unfortunately, there is not a large enough supply of cold water to accommodate a flushing toilet and a running shower at the same time. Campus housing can not be held responsible for miscellaneous burns. Sorry.

A typical dorm room decorated in the latest fashions.

Cozy Middle Earth

The outdoors dorm, Nubes, is true to its theme at Joshua Tree.

## Guaranteed Roommate Satisfaction

Lonely? Looking for company, or at least someone to pay half the bills? You don't have to worry about the hassle of finding a roommate yourself—we'll get you one in no time! (Whether you like them or not, at least you'll have one.) If your roommate does something bizarre like walking in on move-in day with a wouija board and all black clothes, or putting up a curtain or brick wall in the middle of the floor, don't worry, there's always room in the bathroom. **This week only! Grabbag special!** Just forget to turn in your compatibility questionnaire. Live life on the edge!

One dormer has a look of pure pleasure as she meets her roommate for the first time.

## Personal Growth & Learning

Learn to be patient and tactful with the strangest and most diverse group of people you'll ever meet.

Learn to appreciate your mother's cooking.

Enjoy the satisfaction of learning to do your own laundry even if your underwear are all pink now.

## Gourmet Food Service

Tired of everyday meals? Enjoy specially prepared salty soup, watered-down lettuce, rubber or slimy eggs and chewy pancakes. We have a frozen yogurt machine and an ice cream freezer that we break often just so you don't have to worry about getting fat. On holidays we feature Captain Crunch with Crunchberries. A unique culinary experience not

to be found anywhere else! You can eat all you want, but even if you don't eat, you have to pay. However, you can acquire a full set of silverware and dishes from the Commons. You can also bring and stuff your backpack to satisfy your midnight munchies or feed your visiting guests at no additional cost.

## MESA COURT HOUSING

SPOP/UNI-PREP participants eat ice cream, the best (safest) food from the Commons.

Climbing the walls is a perfect way to relax.

# DORM LIFE: CANDIDS

## Economy

Close and convenient to the furthest reaches of the campus—only five minutes by bike, 30 minutes by foot. (Unfortunately, bikes have been banned from most parts of the campus, but consider the difference in price of an illegal parking ticket and an illegal biking ticket.)

You won't have to buy your own stereo or t.v. because you can already hear everyone else's.

As a special gift, we provide hand-patched, limited edition, pure white (except for the cigarette burns) "Angelica Healthcare—Rented Never Sold" sheets. The bold designer label is always sure to impress.

And right now prices are only \$1441/quarter! Get in on the action now because prices are sure to go up soon! You may be forced to get a job to pay for it, but at least you'll be close to on-campus work.

The R.A. cogitates about the meaning of life (and the state of her room).

Sometimes all the loud stereos aren't quite so economical.

## 24-Hour Recreation

Fun recreation possibilities include studying in your room, studying in the study room, studying in the Cube, studying in the library, running and screaming through the rooms, running and screaming through the study rooms, running and screaming through the library.

Shock your parents by mentioning the co-ed dorms, co-ed suites, and co-ed bathrooms, as well as the lack of any sort of room visitor restrictions.

Be the envy of your friends! Find a party on every floor when the RA's not around (or at least let your friends think that).

Have radio wars at 2 a.m.

Forget your toothbrush and clean underwear on retreats, ski trips and camp-outs.

Stay up all night writing papers and talking with dormmates about the latest gossip or ethical controversy.

Big smile.

Birthdays are always a good excuse to party.

It was only an O-Chem test!

Co-ed togetherness?

Caught in the act: A candid photographer who loves to catch people at their best.

All in all, the dorms are the best way of life. With friends that last for years and roommates that last for weeks, what more could you ask for?

—Cathy Laine

You, too, can look like this after a year in the dorms.

Newspaper wars.

*Thanks to all of my dormmates in Nubes, Mesa Court, for all of their pictures and inspiration!*

# FRAMEWORK FOR THE FUTURE: Reaching for the Skies

Steel girders reach to the sky and take on an artistic form, almost with a peculiar sort of beauty.

It is difficult to believe that not long ago UCI consisted of thirteen buildings surrounded by hills of empty, brown grass. Today, our campus is the site of drastic physical change. Thirty three new structures are part of a \$321 million dollar construction campaign. The campaign has been mounted in response to the growing enrollment pressures. Our expanded facilities will enable our crowded campus to accommodate an additional 2,000 students and 200 professors over the next five years.

During the '88-'89 academic school year, the entire campus has been dotted with walled excavation sites, heavy construction equipment, and "men at work". Major projects under

construction include the Biological Science II Facility, The Physical Science II Building, engineering complex, three new food satellites, the Graduate School of Management, a fine arts village expansion, a UCI child care center, the Irvine Theater, a main campus parking garage and an extensive expansion of the student union.

The major beneficiary of the expansion will be the natural sciences. More space will mean less headaches for students, professors, and especially for Chancellor Jack Peltason. The Chancellor has had to settle many battles between professors over laboratory space for research and storage. The Bio Science Unit II Building will provide some much needed relief through its 213,717 square feet. The \$45.5 million price tag of this one structure will make it the most expensive structure in UCI history. With this new facil-

ity, the well respected School of Biological Sciences hopes to attract additional quality members to its staff.

Though many programs will benefit from the current expansion, the School of Engineering stands to gain the most. Engineering has been singled out for special attention with an Engineering Laboratory Facility, Engineering Surge Building and an engineering complex with an auditorium. According to Bill Sirignano, Dean of the School of Engineering, the new facilities "will allow for "large-scale research which is necessary to be competitive."

It is hoped that the dramatic physical changes of the eighties will provide UCI with a framework for the future. A future that promises our campus a role of academic leadership nationwide.

*By Thanh-Thuy Nguyen*

Fine Arts adds a dance studio, helping to relieve the overcrowded mobile trailers that dot the campus.

Chain-link fences have become a new symbol of the burgeoning UCI campus.

The administration has committed 32 million dollars to campus expansion.

"I'm not one to say 'it's about time' for anything. That's too censorial. I'm delighted at what's taking place right now, and I'm delighted to see all the construction that's going on across the campus. It is our best evidence that the classrooms and laboratories needed to meet the needs of the growing Irvine campus are being provided. As one of those who first planned the development of the campus, I am glad to see our dreams fulfilled."

**Daniel G. Aldrich**

# UNDER CONSTRUCTION INDEFINITELY

University Center, September 1988

University Hills Housing Phase 4, 88 Units	\$15 mil (PH)	N/A	Begins this month
<b>Private buildings</b>			
Hitachi Chemical Co. Laboratory	\$12 mil	40,000	Begins February 1989; February 1990 completion anticipated
Alleborn Office Building	\$5 mil	100,000	Begins January 1989; October 1989 completion anticipated
Montessori School	\$1.5 mil	14,000	October 1988 completion anticipated

# UCI FROM A DIFFERENT PERSPECTIVE

The typical undergraduate UCI student (not to infer that any UCI student is typical) is thought to be an individual between 18 and 22, physically unimpaired, and unmarried. There are some students who do not follow this narrow profile. How do these unique students perceive university life?

A child and a marriage add a new dimension to full-time studies.

The ubiquitous Disabled Student Services carts are always ready to help disabled and injured students get around campus.

## Carolyn Eadie Sophomore, Psychology

Changing from the life of a stable mother, housewife, and part-time student at UCI has been one of the most threatening, yet joyful, experiences I have ever had.

It began as a result of an upheaval in my life: my husband passed away, my children left for college. I was left without purpose or challenge. UCI has certainly taken care of that for me.

Enlarging my thought process beyond today's meals, tomorrow's trips and yesterday's bills to Cycladic Art and Sociology of Death has been energizing and exasperating. I love being continually challenged by new ideas. I frequently feel insecure about my own ability to assimilate those ideas.

My association with my fellow students has been one of surprise and pleasure. Finding that I am accepted, sometimes admired, never excluded, has been an eye-opening adventure. Discussions with young men and women about their approach to life has led me to rethink my own values.

I am happier than I have been in years, with myself, and with my future, and I greatly attribute that to my return to UCI.

UCI gives Carolyn Eadie a second start on life.

## Helen Wang Senior, Psychology & Spanish

I, Helen Wang, a non-traditional student? I have never viewed myself as being any different from the multitude of other students attending UCI, but I guess I am not really your typical UCI undergraduate.

I got married a year-and-a-half ago to a now former UCI student, and since then, life has never been the same.

My husband works full-time and goes to school full-time, so he rarely comes home before 10:00 at night. When he comes home, he appreciates a late home-cooked meal prepared by moi.

During the weekends, I have five classes to study for, one class to tutor, and one class to T.A.—so that's seven classes total. When I'm not attending classes, I go to work in an administration office or observe a Santa Ana Elementary School. I'm also on the yearbook staff. So, by the time I get home, I have barely just enough time to get dinner started. After dinner, it's homework time.

On the weekends however, life is less hectic and a lot sweeter. Both my husband and I reserve Saturdays for each other whether it be cleaning up the house together or snuggling up in front of the television and watching the video that came out before we had time to watch it in a theater! And on Sundays, we set this time aside for our church and for my parents.

Though my days are filled to their maximum, I wouldn't have them any other way—except maybe going out to work already and making BIG BUCKS!

Helen and her husband, Joe, take advantage of the little time they are able to spend together.

Laughter has led to the genuine friendship between Mesa Court roommates Edna Maria Leong and Fanny Goshtaspor-Parsi.

## Edna Leong Sophomore, English

When I was asked to be included in this article, my first reaction was, "Oh no, not again!" You see, I am constantly being asked to attend various meetings, participate in other activities, and do all sorts of things. Other people want me to join these activities simply because they are "amazed" at my high level of functioning despite my disability.

Personally, I find it very difficult to see myself as a "non-traditional" student. I may be physically a little different, but I eat, sleep, party, and go to school like every other student here. That's not being "untraditional." If you want to see some truly unusual students, you should meet some of my friends!

I do realize some people hold me in their highest esteem (for God knows what reason!) but sincerely, they shouldn't. I don't have such a hard time of it as it may seem. There are others, such as individuals with not-so-obvious learning disabilities, who have a much rougher time in academia. They often have to struggle to first PROVE their disability before receiving any assistance at all. It is these individuals whom I look up to.

I would like to take this opportunity to thank the students for their patience. Perhaps never before anywhere have almost 16,000 people pursued an education in the midst of so much construction. What is taking place is exciting, and will provide opportunities for thousands of people for hundreds of years, but it is difficult on those who are trying to get an education while we are building. I do hope, however, that you take some pleasure in knowing that your efforts will make it possible for others to have the advantages that these facilities will provide.

Thanks for being a part of the history of UCI. To the seniors: Come back often and watch us grow. To the juniors, sophomores, and freshmen: I promise you a somewhat quieter next year.

Good luck to all of you and thank you for your friendship.

# An Assessment by the Chief Administrators

## Executive Vice Chancellor Chang-Lin Tien

I came to UCI this past September as the new Executive Vice Chancellor. I was attracted to UCI because I felt that the campus was young enough so that I could really play a part in shaping its future.

As Executive Vice Chancellor, I have two major priorities for the campus. The first is the production of an academic plan for UCI. This will be a two-year process with input from all academic units on campus. I have placed this as one of my top priorities because I feel that it is critical for us to know where we are aiming, where our growth should be, and where our emphases should be placed. My goal is to continue the development of UCI as a high quality campus with unique characteristics.

The second top priority I have for UCI is to encourage and support cultural diversity on campus. I believe that we all share in wanting UCI to be a hospitable place for students, faculty, and staff of all backgrounds. We need to recruit and retain more top faculty, including more women and underrepresented minorities.

I moved from Berkeley to UCI because of the great possibilities here, and I hope that our undergraduate and graduate students will always remain a part of the UCI community and will share in the excitement of the future.

## Vice Chancellor Student Affairs Horace Mitchell

I see the primary focus for the Student Affairs division as supporting and complementing the educational goals of the campus, enhancing student development in a multi-cultural context, and developing the student life facilities needed to accommodate an anticipated enrollment increase to 26,000 students by 2005.

Student development will emphasize leadership skill development, community service, understanding and appreciating diverse cultures, and preparation for life after the University experience. Our society is in need of leadership which is characterized by skill, vision, and commitment. I believe that personal effectiveness across diverse cultural settings will be a hallmark of the educated person of the future.

Additional student life facilities include expansion of the University Center, which will bring new life and vitality to a growing campus community. Our current plans project that 40% of the student body will live on campus. Two additional housing complexes are currently under construction and two more should open within the next ten years. We also plan to expand the Student Health Center, construct a major recreational facility, and build office space for student services units.

UCI will continue to be an outstanding intellectual environment where students can prepare themselves for the world of the 21st century. I extend my best wishes to each of you.

**Vice Chancellor Administrative and Business Services, Leon M. Schwartz**

This has been an interesting and momentous year for Administrative and Business Services (A&BS). In the Fall, Mike Webster started as the new Assoc. Vice Chancellor and Leon Schwartz finished his tour of duty as Director of Hospitals and Clinics at UCIMC and returned to being fulltime Vice Chancellor. Both of these events had a revitalizing effect on the morale of the A&BS Departments. We have all watched with fascination and excitement as the campus has planned and begun construction of the new Physical Sciences II, Graduate School of Management, Fine Arts Village, University Center expansion, Irvine Theater, Housing Office, and Biological Sciences II. Even the parking structure, prosaic as it sounds, will add in a way near and dear to the hearts of many to the campus's capacity to serve faculty, students, staff, and the community in general.

All of this of course has an impact on the operational units for which the Vice Chancellor is responsible. We will have to continue to grow, serve, and surmount obstacles in new ways as the campus continues to grow and invent new obstacles to be surmounted. This growth and excitement is an important part of the reason we're here, feeling some sense of fulfillment in the present moment, and anticipation for the moments still held in the future.

**Vice Chancellor University Advancement  
John R. Miltner**

Since its inception in 1982, the Office of University Advancement has supported UCI's growing reputation for academic excellence by creating awareness and generating private support for the campus' research, teaching and public service programs.

During the past five years, this support has meant nearly \$100 million dollars for campus priorities, including a record \$24.7 million in 1987-88. The results are evidenced by the construction of new research and instructional facilities, the acquisition of outstanding new faculty and the availability of additional funds for scholarships, fellowships and basic and applied research.

In that same period, the number of endowed chairs, teaching and research posts held by nationally prominent scholars has risen. So too has the number of support groups, involving thousands of community members in campus activities.

As students, you can take pride in knowing that much of the support and interest generated in UCI can be directly attributed to your own achievements. Your dedication and hard work have helped position us among the world's leading universities.

**Vice Chancellor for Health Sciences  
Edward J. Quilligan**

Medical Campus in 1989: During the forthcoming year the Medical School will be actively involved in increasing research productivity, as well as attempting to make the educational process, at the student, resident, and post-graduate level function more effectively. The improvement and research activity will be assisted by the development of the new research space currently under construction (Hitachi Building). We are remodeling some of our existing research space, making significant improvements in the vivarium, and developing plans for additional research facilities on the UCIMC and UCI campuses.

The instructional responsibilities at the student level are those of the faculty senate, and the faculty senate committee is actively working on examining and possibly implementing changes in the medical student curriculum, so that their educational experience will be enhanced.

Both the research and educational activities will be impacted by the recruitment of new faculty. We are in the process of selecting chairs in the departments of Pediatrics, Obstetrics and Gynecology, and Ophthalmology. During the past year we have successfully appointed outstanding individuals to direct the Cancer Center, the Southern Occupational Health Center, and Community and Environmental Medicine, as well as the Department of Pathology. The chairmen and directors already recruited, as well as those currently being recruited, I am sure will bring exciting new programs and faculty to our campus.

**Associate Executive Vice Chancellor  
William H. Parker**

The Office of Research and Graduate Studies has general administrative responsibility for research and graduate study at UCI. The Office is planning for the continuing growth of the campus in such diverse areas as graduate enrollments, graduate student fellowships, Teaching Assistant Training, research contract and grant administration, research policy initiatives, and the development of research centers.

A major challenge facing the Irvine campus is to achieve our goals in the area of graduate enrollments. The campus has been designated by the University as a growth campus, and we will attempt to achieve a total graduate enrollment of 5,000 by the year 2005, up from approximately 1,685 this year. To meet this goal will require enhanced student recruitment and financial support, more rapid student progress toward the degree, aggressive affirmative action programs, and increased attention to student life issues. Several policy initiatives are under study to enable us to achieve our goals. For example, a proposal is being developed for campus review to enable Research Assistants' fees and tuition to be paid from research grants. In addition, a Graduate Enrollment Advisory Council has been formed to discuss and make recommendations on issues related to the projected growth in graduate enrollments.

In the area of research, a number of projects are underway to enable the campus to continue its growth in sponsored research, with a campus goal of reaching the top twenty of research universities in the U.S. Plans in this area include a new program to improve productivity in the administration of federal research grants by streamlining federally mandated procedures. In addition, the campus is developing policies and procedures relating to the increasing research relationships with industry, including such areas as technology transfer, patents, and intellectual property. The campus is also making plans to develop major new research centers supported in part by the federal government. Finally, a number of new research organizations, including Irvine Research Units and Focused Research Programs, are under development.

To conclude, through a number of new continuing activities, in 1989 the Irvine campus should make substantial progress in development of its graduate study and research programs.

# Bridging the Gap:

## UCI and the City of Irvine Are Moving Closer Together

In 1965 Irvine and the UCI, Irvine were in most respects independent entities — each defining and developing its own identity. After 23 years, this total separation no longer exists. A bridging of interest and a shared progressive outlook has brought the two closer together.

UCI acts as a "natural resource" for the City intellectually and culturally. On weekends and evenings many nearby residents turn to the campus for cultural enrichment: attending plays, concerts, and dance performances. The Arts and Lectures department provides local schools and organizations with speakers and entertainers. The new Bren Center and the growing athletic programs are also beginning to serve as magnets of public interest.

On a more personal level, the bridging of interests has occurred through various campus programs and facilities. Residents feel comfortable on campus. Thousands of Irvinites enroll in the outstanding University Extension Program. Special on-campus medical and educational clinics have community service programs. The resources of our main library, bookstore, Outroads Travel, Computrends, and the Wilderness Warehouse are always at the public's disposal.

Of course the relationship is not one-sided. The Irvine Company, Western Digital, Del Taco, and a number of other major local corporations have generously contributed to UCI's financial well-being. Irvine staff and students are dependent on local businesses and ser-

vices. On a daily basis our 16,000 undergraduates turn to the Marketplace and the University Town Center for their consumer needs. Edward's Cinema, Pinky's, Golden Spoons, Peer Video, and Albertson's are just a few of the local concerns frequented by Anteaters. The rental units of Irvine are occupied by Irvine students, staff and faculty members.

Many credit Chancellor Peltason for the positive rapport. In the summer of '88 the City and UCI signed a Memorandum of Understanding concerning the long range campus development. The University would consult the City about its construction projects, and the City promised to support campus projects as long as they wouldn't impact peak traffic flow. The growing coopera-

tion between Irvine and the campus can also be seen in the jointly planned 750-seat theatre project. UCI has donated a campus site, and the theatre construction is to be funded by the City and private donations.

The City and the University are inextricably inter-woven in many ways. The University supports the community, and the community supports the University. An editorial in the August '88 edition of the Irvine World News summarized the emerging relationship between UCI and Irvine as one that is "more than a good neighbor policy. It's even more than a bridge. It's a lifeline!"

— Ellen Schlosser

The UCI-Irvine connection is most "concretely" represented by the bridge that connects The Marketplace to the Campus.

# MISSING: SPIRITED ANTEATERS

Peter the Anteater, this year in brand new furry feet and coat, futilely searched the green campus for some blue and gold. He yelled "ZOT!" at basketball games and heard only groans in return. So he embarked on a quest to rediscover his friends and family.

He went to the bookstore and saw many stuffed anteaters, anteater pins, and other assorted anteater paraphernalia. Yes, the anteaters had definitely been here. But where had they gone?

He looked in the yellow pages. Nothing.

He chased cheerleaders. They couldn't show him where any spirited anteaters were either.

He looked in the library. No blue and gold anteaters. Ah . . . but there, in a dusty leather-bound, gilt volume, he discovered his true ancestry; he was a member of the regal family Myrmecaphaga-Jubata.

He looked in the phone book again . . . this time in the white pages. Yes, there was an M. Jubata listed at the Bren Center.

Walking up to the Bren Center, Peter saw a bronze likeness of the venerable M. From inside he heard the cry Z-O-T-ZOT! and continued in with pride and expectation. In the lobby he saw his wiry grandfather Myrme (pronounced Meer-mee), who was a little less mobile with age, but looking as good as ever.

As he stepped inside, the crowd quieted. His friends from the Fraternal Order of the Anteater were expecting him, and they returned the crown and title to their rightful heir. Peter, now His Majesty, had come into his own.

The event became known as the Night of the Anteater.

It was 23 years ago that Zeta Omega Tau, the Fraternal Order of the Anteater, crowned the first Myrmeca-

phaga-Jubata and thus brought the anteater to power. However, His Majesty went through troubling times, and coups-d'états were ever present in the hills of Irvine. Zeta Omega Tau, too, had troubling times, and was just reassembled this year.

The organization is open to any student who feels a calling to this order. All members, however, must ever strive to uphold the creed of Myrmecaphaga-Jubata: In Peace, Good Will; In Battle, Fortitude; In Defeat, Defiance; In Victory, Magnanimity; In Spirit, ZOT!

Of course, any student is welcome to honor the anteater . . . or to become one.

Peter Myrmecaphaga-Jubata has made it through hard times. We hope that his large and distinguished family continues to prosper and bring a renewed sense of spirit to UCI.

— Cathy Laine

Myrme looks pretty good, but . . . like some of the students on this campus, he's not quite alive.

Two winning smiles and three winning Anteaters.

This \$50,000 bronze anteater enlivens the Bren Center, helps build school spirit, and shows that the anteater is here to stay.

# FOUND: ZETA OMEGA TAU

## La Vie Francaise

Spending the 1987-88 school year in Poitiers, France was probably the toughest year of my life, but I loved it because it was also the most outstanding. In going abroad, I received the opportunity to live and study as the French do, while disproving the many unfair or inaccurate stereotypes placed upon them by Americans. But while I grew to love the French and their country, I never realized how much my American patriotism would increase!

Granted the French mentality is different from ours, disdain for superficiality should not be equated with rudeness, coldness, or unfriendliness. I encountered enough warmth, generosity, interest, and openness on their part to far outweigh the unpleasant "Français" that I met. The older generation is still grateful for the American invasion of Normandy 45 years ago during World War II.

Some highlights of my year included visiting superb art museums and awe-inspiring cathedrals, challenging the rigorous academics, interacting with the Irish, Dutch, Moroccans, Germans, Canadians, etc . . . , and enjoying the astounding beauty of the untouched countryside.

I still daydream about walking down narrow streets lined with crooked sidewalks, discovering new ornate details within the architecture, conversing with the local townspeople, and listening to one of the most beautiful languages in the world.

All in all, the memories of the frustration caused by shopping inconveniences, a month straight of rain, and oral exams are being tucked away and replaced by very fond memories of friendships, traveling, learning, and more learning. And my parents deserve my limitless gratitude for having made it all possible. Thank you.

— Michèle Zehr

## EAP Anteaters leave their mark . . .

As a UC student you have the opportunity to study abroad while earning UC credit. The Education Abroad Program (EAP), serving all nine UC campuses, enabled qualified students to study for a year in their choice of 85 host institutions in 33 countries worldwide. In exchange, nearly 400 students have come to UC through EAP from these foreign institutions.

Benefits of studying abroad include taking advantage of academic and cultural opportunities not available in the U.S., concentrating on language or area studies on site, or specializing in specific academic fields.

## Nihon Seikatsu

After a year in Japan, there were many, many cultural differences and adjustments that I experienced as I tried to discover how a Japanese person might live and think. One lesson in particular was that I couldn't communicate with some Japanese in the same manner as I could with Americans. I learned how to be more aware of non-verbal communication; to be more conscious of certain social obligations I had in order to return a sense of gratefulness for the hospitality I had received. As I became more considerate and sensitive to those around me, I realized that, in some cases, you could actually say more by what you don't do than by what you say. Sometimes it was more appropriate for me to accommodate others or "maintain the harmony" than to assert my rights as an American might have done.

One minor example of this was becoming used to the "ofuro" (Japanese bath) during my homestays. At first, I went in for only 10 minutes or so because this took place late at night and I knew that four other family members were waiting for their baths. Guests usually are first in the bathing order, followed by the father, sons, daughters, and then the mother. But when my homestay mother noticed how quickly I bathed, she got the wrong impression; she thought that the bath she had prepared for me was "wrong" or "inadequate". It took me a while to accustom myself to soaking in a steamy hot tub for 30 minutes. This was just one of the many challenging situations I encountered during my stay in Japan.

— Vicki Nakaji

Vicki Nakaji spends time with children in a pre-school in Hokkaido. Michele Zehr shows her zest for "la vie française." Spending time away from his host country Sweden, Bret DiMarco visits Russia's Red Square.

(Opposing Page)  
Touring various areas of Japan, Vicki Nakaji visits a Kyoto temple. UC students take a break in historic Jerusalem.

# STRESS-Breakers: UCI's Social Outlets

Pressure and stress are definitely pertinent to students at UCI, especially before finals and during the sets of midterms. After the rush is over, one's vitality is usually drained . . . but not for long. Pretty soon Anteaters are back in the thick of it all. Our students enjoy many recreational offerings. On campus there are 250 student clubs . . . religious, ethnic, recreational, academic and Greek. Irvine's Orange County location offers students an instant beach escape, Big Bear ski resorts and an hour drive to L.A. excitement. Most Irvinites don't worry about what to do, but rather how to have enough time to do it all. Of course, some Anteaters buy time by going on what is affectionately called the "Five Year Plan".

One of the major social outlets on campus is Carl's Junior (called the "Jacklot" by Greeks) where friends get together with a Famous Star or fries and discuss their "bleeps and blunders" on their latest exams, or more to the point, where's the week-

end parr-ty! For active Anteaters who like to sweat out their stresses over a game of football or tennis, Crawford Hall is the solution. Students get together and go crazy during on-campus events like O-Week, Rainbow Festival, Greek Week, and Wayzgoose. Gateway Commons is also a popular social arena. It's a great place to sit in the sun and chat with friends who wander by.

When life on campus seems unbearable, one can make a quick escape by foot to a non-academic world, the Marketplace. On Thursday nights Broadway lights shine bright at the Improv comedy club especially for mature adults under the age of 21. For the thinner wallet (which means most of us), Edwards Cinema features Tuesday and Wednesday \$2 nights, with the best and most exciting movies of the week.

If one has the gas, a little bit further off campus one finds Halloween partying at Santa Barbara, shops and socializing in Westwood, special

discounts at Disneyland, Knott's Berry Farm, and Magic Mountain, and University Night at Florentine Gardens in Hollywood. More regular weekend fare includes trips to South Coast Plaza shopping mall and parties on Balboa and the peninsula.

Of course, whether in a state of depression or jubilation, Anteaters love to eat (that's why they're nicknamed the 'Eaters). For dieters, The Golden Spoon, White Mountain Creamery, and Famous Amos in the Marketplace are the places to be. Only 1200 calories. Taco Tuesday at Tortilla Flats, Waffra, Le Diplomate, and Chicago Chicago Pizza are also congested with Anteaters dying to let loose. We mustn't forget the midnight runs to the 24-hour hang-outs: Hershel's, Bob's Big Boy, Denny's, In-n-Out Burger, and Tommy's.

Finally, when all else fails, dinner with mom, pop, and siblings is not too bad of an alternative.

— Thanh-Thuy Nguyen

On a beautiful sunny day, many students go to the beach to escape from stress and school.

Hershel's is the place to go for those 3:00 a.m. cravings for a hot pastrami sandwich or a delicious chocolate eclair.

The Rocky Horror Picture Show is the classic show where audience participation is the key to having fun.

The bright lights of the Improv direct the way to laughter, humor, and entertainment.

Anteaters find that \$2.00 nights at Edwards' Cinema provide the perfect inexpensive study break during the middle of the week.

## Aldrich Park . . . A Retreat

Rushing to classes, cramming for exams, dealing with the lines for registration, being hassled by time pressures . . . these are all elements of demanding University life. Sooner or later, there comes a point when the frenzied Anteaters are overwhelmed with all the daily hectic rituals. They discover that they need a place to escape . . . from everyone and from everything. Fortunately, there's a retreat that's not too far away. In the center of the campus, a haven of peace and quiet lies awaiting those desperately in need of an escape: Aldrich Park. It's the answer to the

Anteater's quest for the perfect retreat. Its picturesque scenery complemented by its tranquility make Aldrich Park an enchanting place for solitude or for a few precious moments to share with a friend. What more ideal way to end the chaotic, overburdened day than by relaxing in the beauty of Aldrich Park as the sun softly disappears and as all worries fade away for some brief fleeting moments? . . . And then it's back to reality.

— Carol Wong

Walking through Aldrich Park gives students a good opportunity to enjoy one another's company.

The sprawling beauty of the campus is what draws many students to Irvine, and Aldrich Park is the greatest source of that beauty.

Anteaters actually find studying enjoyable when they are surrounded by the beauty of Aldrich Park.

After all the reserved spaces are filled, there's no space left for Anteaters. A multi-level parking structure is in the works to help out.

Yes, there are liberals in Orange County! A few of them even go to UCI . . .

## Signs of the Times: Temporary Inconveniences

The 1988-89 academic year was a year of immense change and development. Expansion took place not only on campus but within the Irvine community and the student population as well. Buildings were rising, campus diversity was increasing, and commercial developments were booming. All of these "signs of the times" positively contributed both to the Irvine atmosphere and to our campus life.

It was sometimes hard to look beyond the visually evident and rather inconvenient "signs" of overcrowding and parking problems in order to see

the more subtle, less evident "signs." The dynamic growth our area was experiencing had disturbing effects upon students although its end was beneficial. The bookstore, ASUCI, and various other campus enterprises relocated off-campus or in mobile trailers. Once finished, the new buildings will relieve classroom overcrowding, the increase in campus diversity will present students with a broader spectrum of cultures, values, and ideals, and the commercial developments like the Marketplace will give students a place to go to escape the

rigorous pressures of their academic lives.

Though undergrads may have felt lost in the chaos or may have thought that the decisions were bureaucratic and ignored student interests, in fact the changes were made with the student in mind. The growth and diversification will promote an enriched college experience in addition to a successful college education.

— Mike Ahmadi

This sign is just one of many that dotted the campus this year, inevitably frustrating Anteaters on the go.

Controversial Carl found a temporary location on campus in this mobile trailer, and it will be moving into a permanent home in the new University Center now under construction.

Edwards Cinema: Movie theatre by night, classroom by day. It's just one of the many signs of overcrowding at UCI.

# It's About Time

"It's about time the Anteater became the well established mascot that it should be. Our symbolic figure finally gained full recognition from the UCI students of '89."

Niki Loft — Junior, Political Science

# Campus Events

Campus Events Editor: Steve Streger

# Campus Events

The Rainbow Festival had special meaning this year, in part due to the Olympics in Seoul, Korea. As the world's best athletes gathered thousands of miles away, UCI held its own special gathering. Although no medals were awarded, everybody participating in this year's celebration left with an increased sense of cultural awareness. We were all winners. And for a few days, we at UCI were the best the world had to offer.

# Rainbow Festival

Our world is filled with diversity. Each nation has its own culture, tradition, and style — all of which stand out during UCI's annual Rainbow Festival. It is during this special event that students have the opportunity to sample exotic foods, listen to foreign music, and partake in unique activities. This year's Olympic mascot, the tiger, graced the Rainbow Festival with its presence while bringing smiles and laughter to anxious crowds awaiting to sample the many culinary delights. Perhaps the spirit and hope found at UCI's Rainbow Festival will someday remedy the cultural conflicts of interest and unite the nations of many into a world of one.

# Campus Events

If anything draws UCI students together it's music. People sit on wet grass or hard stairs just to be entertained. Every week we were treated to new and varied styles — ranging from the cheerful reggae of the Interiors, the mellow rock of the Marc Wood Band or the bone crunching fever of Thelonious Monsters. One of the better-known bands, the Untouchables, rocked the walls of Crawford Hall late one Friday night. ASUCI redeemed itself after cancelling Oktoberfest with a free concert by the Imaging Yellow Suns. We may not have been able to get a good parking space, but we were guaranteed good seats at school sponsored concerts.

Every Thursday we were treated to concerts in Aldrich Park.

Marc Wood performs in front of the flag poles.

"Novemberfest" sponsored the Imaging Yellow Sun.

The reggae beat of the Interiors was a hit at November's Rainbowfest.

The Untouchables caught in the act.

CONCERTS

# Campus Events

The "Peak Performances" of Arts and Lectures brought a touch of class to campus. The '88-89 lively arts offerings included the Guaineri String quartet, "Jazz Great" — Freddie Hubbard, Joe Henderson and Cedar Walton, the Shanghai Acrobats and Magicians, Ballet Trocadero, and the Klezmerim. The award winning lecture series presented students with a wide array of guest lecturers and topics. Featured speakers included political analyst William F. Buckley Jr., actor Anson Williams, poet-writer Carmen Tafolla, and anthropologist Richard Leakey.

Talented storyteller Brenda Wong Aoki captivates her audience with dramatic interpretations of Asian Pacific Island folk tales.

Heidi Miller of Heidi's Frogen Yozurt speaks about nutrition in "Let's Talk Health — Treat Yourself Right".

Ghaña drummer Obo Addy and his band Kukuru blend Ghañain and Western sounds to create a vibrant form of jazz.

Political writer-commentator William F. Buckley analyzes the 1988 presidential campaign.

Best selling author George Plimpton delights his UCI audience through his humorous delivery of "Professionalism in Sports".

Les Ballets Trocadero de Monte Carlo presents in parody form the traditional, classical ballet.

# ARTS AND LECTURES

During the second week of January, UCI proudly sponsored its fifth annual Martin Luther King Jr. Symposium. The events of the three day program centered around the theme "Where Do We Go From Here?" Randall Robinson, director of Trans-Africa, was the keynote speaker. To a packed house, Robinson delivered a powerful speech concerning the principles of Dr. King's dream and the '89 causes of Blacks worldwide.

The symposium which ran from Wednesday to Friday, Jan 11-13, included a series of panel discussions, lectures, and performances. Thomas Parham, director of UCI Career Planning and Placement Center cheered

the event. On the final day of the symposium one hundred and twenty-five supporters joined hands in a freedom march from Mason Park to Gateway Plaza. The march led to an inspiring two hour rally and ended with an emotionally filled rendition of "We Are the World." The symposium left us with a sense of renewed hope and commitment to the creation of a world of true equality.

For the incoming freshmen and transfer students, attending a new school can be a frightening and confusing experience. The anxieties and apprehensions are often overwhelming. To ease the new student's worries, UCI provides two orientation programs in which they can spend a weekend or five days in the summer exploring their new environment.

The 1988 Uni-Prep program was an intensive orientation which took place over five days. Workshops and activities were designed especially to prepare incoming students for the Anteater experience. This program was staffed by student volunteers who offered insights on such topics as alcohol awareness, human sexuality, and test prepa-

ration strategies. During the five days, they played games, had a talent show, ate breakfast in their pajamas, and went jogging with an Uni-Prep coordinator. Newly made friends made promises to keep in touch as the week closed with the theme night banquet and the farewell dance.

The 1988 Student-Parent Orientation Program (SPOP) was a week-end of learning and excitement for both the student and his/her parents. During the orientation, parents gained new insights into their child's new social and academic environment. The staff assisted students in registering for classes, planning a program for the first year at UCI, and getting information on financial aid. Other event included an "Evening of Entertainment", a volleyball game, and a dance. As both the students and parents prepared for the trip home, they felt more confident and informed about the upcoming year.

# Greek Week

## Spirits run high during Greek Week.

In the tradition of the Pan American Games, the Olympics, and the Battle of the Network Stars, Greeks from around UCI gathered for tough competition. There were many challenging events during this year's Greek Week, like the "mummy wrap" which took nerves of steel and lungs of iron, as well as snakes of plastic for the Sigma Nus'. Body building was another competitive event just ask the Alpha Phis and the Phi Delts, who climbed against time. Perhaps the biggest event of day one was the tug-a-war. Muscles burned, shaving cream flew, and mud slid to reveal the winners . . . to the Beta's and Tri-Delts, bronze; to SAE and the Kappas, silver; and to the Alpha Phis and the Phi Delts the illustrious gold. Day two consisted of a talent show, where the greeks showed their stuff, as well as a sorority potluck by the Women's Resource Center. Day three featured a carnival, where the Tri-Delts were left with several fish, and the Phi Delts were left with a mess of whipped cream, especially on the face of Bill Guzik. Hwa-Rang Do sponsored a martial arts demonstration and a break-a-thon. Day four was filled with volleyball and softball in Aldrich Park. On February 3rd, this spirited week of friendly competition ended on a high note with an All-Greek dance.

When the pressure of adding classes and midterms gets too heavy, for a night of comedy, there is no better place to turn to than the Bren Center. U.C.I. has played host to several well-known comedians and satirists. Sinbad, of "Star Search" fame, entertained on November 16th with the U.C.I. Comedy Club. Playing to full houses, Jerry Seinfeld and Marc Russell headlined a successful year for the Bren Center. Seinfeld made crowds roar with his unique style of "observationalism" and expression. Marc Russell, well-known for his uncompromising political satire, poked fun at

practically every known official, holding back no punches even towards our new President, George Bush. The Koll room played host to many U.C.I. student hopefuls, as well as to professionals from the Comedy Store in Hollywood. Other comedians who performed over the year were Steve Richerson and Bob Hobbs, Jr. All in all, comedy on campus in '88-'89 sure cured the study time blues.

# HOMECOMING

During the "double feature" week of February 20, students were treated to the festivities of UCI's '89 Homecoming and Engineering Week. The theme for this year's sixteenth Engineering Week celebration was "Designing Tomorrow . . . Today." Among the newer activities, the Rube Goldberg "build anything to perform any function" competition and an engineering version of Win, Lose, or Draw were two of the many events that entertained and baffled enthusiastic crowds. Other activities such as the nine story Engineering Building's egg drop, Dr. Sawyer says, micro-mouse demonstration, and the infamous Nerd Contest once again proved to be favorite campus traditions.

Coming off the antics and zany humor of E-Week, Anteaters headed towards the Bren Center for the February 7 Homecoming basketball game against New Mexico State University. At halftime, in front of a cheering Anteater crowd, seniors Bill Guzik and Emily Eagleson were crowned the '89 Homecoming king and queen. Though the game's final score was not in our favor, UCI's spirit was undaunted as students filled Crawford Hall for the Sock-Hop finale.

# ENGINEERING WEEK

On June 17, 1989 the twenty-third annual UCI commencement ceremonies were held. In three separate gatherings, nearly 2,200 graduates from nine different schools were awarded their diplomas on the same day. From 9:00am to 6:00pm Aldrich Park was filled with thousands of students, faculty, parents, and general spectators.

Physical Sciences, Biological Sciences, and Engineering were the first schools to receive their diplomas. They were followed by Fine Arts, Social Ecol-

# G r a d u a t i o n

ogy, Humanities, and (ICS) Computer Science. The final schools honored were the Social Sciences and the Graduate School of Management. As Chancellor Peltason awarded the degrees, supportive crowds cheered and rooted for each and every graduate.

# Class of 89

To the Class of 1989:  
I have a secret that I want to share with you, a secret that always has stood me well. Before I tell you the secret, however, I will use my professorial prerogative to tell you a story, a story about my many hats. Most of you know me through my teaching in the large lecture class Bio. 1D, and say it was good. In the international world of biological research, I am known for my work on the fresh water hydra, and they say it is good. In the academic halls of the history of science, my wife and I are becoming known for our work on the man who first started research in experimental biology, and some say our research is good. In the underground political world of human rescue, I am known for helping to organize a project that eventually led to the saving of the lives of 15,000 starving black Jews of Ethiopia, and my heart tells me that it was good. And in my spare time I struggle with the classical guitar, and wish that it was good. My secret, and advice to you? Strive for realistic, achievable, and worthwhile goals. Whatever they are, attack them intensively giving all that you can, and never accept second best. If you are trying to do too many things, set priorities, and focus mostly on that which your heart tells you affects the greatest number of people for the greatest good.

Good luck!

So go forth and multiply progress,  
but forget not  
that water, air, and soil are not inherited from your elders  
but rather are borrowed from your children,  
and that these three elements,  
which are the foundation of all life on earth,  
have suffered at the hands of progress.  
MAY YOUR SUCCESS EXCEED THAT OF YOUR TEACHERS.

In life as in art, every age generates a list of things forbidden if the enterprise is to survive. In your grim age the list is brief and urgent:  
Don't smoke.  
Don't litter.  
Don't drive.  
Don't cheat.

—Philip Leider

Your years here have obviously been very brief, and yet, many of you have radically changed your lives both spiritually and professionally. To those few of you I have had the pleasure of having in my classes, and care greatly for, I sincerely hope that you continue to nourish your self-reliance and independence, and your belief in the enriching worth of literature and the arts. The pressures on you to conform to a placid mediocrity will be greater than ever, and sorting out what *you* wish to be will be difficult. *Never* go with the herd. *Never* stand in any conformist place. Love your life, and never cease to enrich it.

**Professor Robert Peters**

To the ICS grads of 1989 (and actually, all grads), my word of inspiration is:  
**INTEGRITY.**  
Don't give your word falsely, or break your word once given.  
Don't hire the person who's wrong for the job because of political pressures.  
Don't make unauthorized copies of software. (It's really stealing.)

Don't write programs with hidden bugs you think no one will ever uncover.  
An act that lacks integrity undermines the social contract that binds us together, and makes us all poorer. Integrity, on the other hand, makes us richer.

When I graduated with my BA in Sociology from the University of San Francisco in 1973, we were still fighting in Vietnam; the President of the United States was under fire for campaign malfeasance, gasoline was 33¢ a gallon, and my sense of being part of a city, state, country and world was formed more by political and military struggles than by economic competitions. A Honda was about the size of the car the circus clowns get out of, and we were still imbued with the sense that this was the American Century.

In sixteen years, much has transpired that has changed our lives. We have become more sensitive to the economic fluctuations, and making the most vulnerable of our society — particularly poor women and children — very precarious. You still enter the work or graduate school world now as I did — lucky. But the world you will encounter will be more puzzling, more complex, more challenging. You will probably live half your life in the 21st Century. If you stay in California, you will undoubtedly live in a very culturally diverse state, hopefully with more sharing than conflict. Technology may liberate us or separate us. In wishing you good luck, I hope you have the patience to learn about the challenges of leadership and citizenship and use your voice and vote wisely.

I am honored to have this opportunity to congratulate you for your outstanding academic achievement. You have met the test, but much more lies ahead. For you belong to a unique moment in history. Your generation will provide the inspiration and leadership for the new millennium at hand. Be vigilant to the task; do not compromise standards of excellence; strive and obtain the difficult. According to the ancient Greeks, happiness is achieved when the full measure of one's intellectual talents is realized within a framework of human companionship. I wish this happiness for you.

Best wishes,  
**Michael J. Scavio**  
School of Social Sciences

Graduation from the University of California is neither an end nor a departure. Rather, it is a transition in your responsibility to and relationship with this university. Graduation does not change the fact that forevermore you are "a part of" UCI's past, present and future. Wherever your life-long educational metamorphosis may lead, your roots remain here. There is security and comfort in knowing where "home" is. However, this knowledge is also the foundation of a new responsibility and obligation that you have to the university.

We might describe this relationship in terms of loyalty — a quaint phrase that seems outmoded in contemporary America. Despite the improbability of its relevance to the modern, bureaucratized university loyalty evokes feelings of belonging, gratitude, mission, and purpose that must be fostered if the liberal mind is not to be sacrificed to the dominant demands of professionalism and careerism. Loyalty is a much needed relational quality when appropriately directed. The American philosopher Josiah Royce wrote: "Unless you can find some sort of loyalty, you cannot find unity and peace in your active living." As much as nation and family, college is one of the only other appropriate objects of our loyalties. The poet Robert Frost advised: "Don't join too many gangs . . . Join the United States and join the family — *But not much in between unless a college.*"

In matriculating to UCI, you have entered an educational labyrinth from which there is and should be no easy way out. This is a splendid and glorious entanglement which should continue to enrich and inspire your life. Reap the rewards of this harvest which you have so diligently cultivated, and be well.

UCI, it's about time our campus was recognized as one of this nation's finest universities.

—Steven Puck

UCI, it's about time to stop harassing poor students with more parking problems!

—Sun Tina Jung Ma

UCI, it's about time we get some better food places.

—Sailesh Ranchod

UCI, it's about time they stopped the "demilitarized" zones —the construction zones.

—Catherine Bailey

UCI, it's about time professors became interested in students —not research.

—Trish Schell

UCI, it's about time we had a football team.

—James Daniel Rutz

UCI, it's about time to develop a personal touch; a more social humanistic atmosphere.

—Toni Rose Shegina

UCI was for me a challenge of stamina and strength —a time of tremendous growth, exploration, and learning of responsibility.

—Badi Jeffers

UCI was for me a rewarding challenge which will enrich my future.

—Ani Z. Injeian

UCI was for me a second home, because I worked, studied and socialized here on UCI's campus.

—Golnar Afshar

UCI was for me a maturing factory. I came in naive and innocent, now sophisticated, I realize just how naive I still am!

—Katrina Rice

UCI was for me a warm experience and a good taste of the real world.

—Sal Corbin

UCI was for me a place to be an independent thinker.

—Jayne T. Nguyen

UCI was for me what stairs are to the second floor.

—Ken T. Tang

UCI was for me the most wonderful years of my college education.

UCI was for me all that I desired from a college education —personal growth, enlightenment, and fun.

# Attitudes '89

Live life to the fullest —if we do not enjoy life while we pursue our goals, we will not take pride in achieving them.

—Ibrahim Hirbawi

Please yourself, not others (Well, except maybe your husband)

—Catherine Bailey

If we are not happy and joyous at this season, for what other season shall we wait and for what other time shall we look?

—Badi Jeffers

"If you ain't cheating you ain't trying" (Steve Ainslie)

—Steven Puck

"He's no fool who gives up what he cannot keep to gain what he cannot lose."

—Jim Elliot  
—James Daniel Rutz

If you don't like reality, change it.

—Bernard Smet

Emerson of the soul of man: "When it breathes through his intellect, it is genius; when it breathes through his will, it is virtue; when it flows through his affection, it is love."

—Scott Kazarian

I like to live each day as it comes, and appreciate it as if it were my last.

—Darlene Carney

I have come to believe that having an education is having the ability to entertain oneself, a friend, and an idea.

—Karen D. Keltz

Do your best, and place your faith and trust in God for life's success.

—Helen Wang

"The future belongs to those who prepare for it!"

—Ralph Waldo Emerson  
—Judith F. Fabbri

Having nightmares about an Organic Chemistry final! Also, waiting in line at 5:30 am every quarter to get Chem labs (sick!)

—Kamala Kaufman

Sitting in Chemistry lecture one day and Peter the Anteater rushed into the classroom, ran up to me and nearly shook my arm off!!!

—Ani Z. Injeian

Besides getting hooked on Vivarin, surviving over-nighters and three years of dorm food, I feel my being alive today is a very unique experience.

—S. Suzie Keschamrus

I almost got in a car accident trying to fight for a parking space.

I met and fell in love with my future wife Christine.

—Vu Nguyen Tran

Getting engaged.

—Philip Watson

A personal invitation to join a Wicca convent—most surprising phone conversation beginning with the question "are you a pagan?"

—Karen D. Keltz

Looking for the University Center after 1 year of absence and not finding one.

During my sophomore year, I was a Community Programmer of a dorm. And, on my birthday all of my residents got a "male stripper" for me, and I can never forget it.

—Hye Yong Yun

Being on SPOP/UNI-PREP staff for 2 years and meeting all sorts of individuals was not only a unique but precious experience. Being a Human Sex. TA was a unique and valuable experience at UCI.

—Julia Kato

I was runner up in the Engineering Week nerd contest 3 years in a row.

—James Daniel Rutz

I fell in love for the first time.

—Sailesh Ranchod

# *It's About Time*

"It's about time we went to the NCAA's!" Tammie Mamola (On women's Volleyball)

# *Athletics*

Athletics Editor: Kris Roberts  
Asst. Editor: Tammie Mamola

# Pay-back Time

## Team shows that they deserve respect.

The members of the women's volleyball team know what it feels like to lose. They are in the Big West Conference which has been called the toughest volleyball conference in the nation. Seven out of ten teams in the Conference are ranked in the top twenty

on the national polls. In the past years, the women's volleyball team has had to learn to respect their opponents the hard way — by losing. That has all changed. The hard work and patience has all paid off because the team is ready to pay off past debts.

The '88 team has reached two of their objectives by making the NCAA's and by getting ranked in the top twenty. Now it's UCI's turn to teach their opponents what the word respect means.

Victory smiles after a hard played match.

"I hope that as a member of our team, each person has learned to deal, in a positive manner, with the ups and downs of living and working with people of different backgrounds, different philosophies and different beliefs, something they don't teach in the classroom."

Team Leader  
ANN WARMUS

"In the last four years I have observed individuals improve but this year the individuals became a whole and this team is the best I've seen at UCI!"

# Making Waves

## UCI unexpectedly hands Pepperdine and other teams losses.

As the season began, UCI head water polo coach Ted Newland voiced his reservations about this year's team. "I am worried with so many young players." After losing five of the top six players from last year, coach Newland stated, "We definitely could struggle. We have to play solid defense and do most of the scoring from two meters or on the outside." The Anteaters,

ranked seventh in the nation, were led by junior Thomas Warde, senior Tony Bell, freshman Skylar Putman, and senior Kevin Wood. This year's results were mixed. Victories were scored against such competitors as Fresno State, UC San Diego, and UC Santa Barbara while losses were encountered against UCLA, Stanford, and Long Beach State. At the end of the

season, UCI hosted the NCAA men's water polo playoff and championship rounds at Belmont Plaza in Long Beach during Thanksgiving weekend. "Realistically, it looked like UCLA, Cal, and USC would do battle for the NCAA title. But we were out to beat Long Beach because they were the team to beat in the Big West conference."

High scoring Tom Warde fires a shot past the opponent.

## Young Guns

### Anteaters build on inexperience.

The 1988 Women's Soccer team faced one of its most challenging seasons ever, with only five returning players from last year's squad. With top teams like UCSB, Stanford, and Cal Poly Pomona on their schedule, and young players in their ranks, the team had quite a difficult year. But, the players did have talent and the team had unity, so these strengths overcame their weaknesses. The anteater squad used these strengths to dominate the

games against Chapman, USIU, Cal State San Bernardino, and rival Cal Poly Pomona. Leading the team in these wins was Susan Hower. Hower was named 1987-88 rookie of the year and regarded by her coach as "a tactical wizard." Michelle Bracerros and Colleen Gamblin were also essential to the team on the offensive. Next year will be an exciting one to watch because the teams' talent is now enhanced by experience.

Women's Soccer Coach  
JANU JUAREZ

"The girls may not have a lot of experience, but their skill will take us a long way."

"Our record doesn't reflect the talent that we have."

# Kicking Grass

## Anteaters overcome injuries and improve

Fifth year head coach Derek Lawther led the Anteaters into the 1988 season with guarded optimism. From the beginning he stated, "We have a very strong midfield. If we are going to be successful, our forwards are going to have to put the ball into the net." A major concern for the coach was the inexperience of freshman goalie Damon Ellis. Due to a knee injury,

the team's starting goalie Mike Gartlan had to redshirt the season. Returning players that greatly contributed were Steve Shaw, Mike Perisi, Cameron Beaulac, Jimmy Malaver, John Gunderson, Darren Bedolla, and Nestor Quiroa. Although not quite up to their playing potential, the Anteaters did improve over last year's record.

Men's Soccer Coach  
DEREK LAWThER

"A tough schedule lets you know you belong with quality teams."

Team Leader  
CAMERON BEAULAC

Craig Runnalls finishes the workout by rinsing the sea water off the boat.

## Heave-Ho

### The Men's Crew team knows the meaning of commitment

Wake up! Rise and shine! It's 5:30am and it's time for practice? The members of the Men's Crew team knew that time well. Everyday, including Saturdays during the spring, the men would awaken and get ready for a grueling run, a strenuous pull in the harbor, and endless power lifting. Obviously, this sport was, and is, not for the weak at heart. But, all of the work paid off. In their

first race, the men placed first in the Stanford Varsity 4's race. They beat Cal, Stanford, and rivals Orange Coast. They carried their season on from there with a very impressive showing. The reason the team rowed so well this season is because this team has been together for three years. And as seniors, they'll do even better.

**Dave Brady, Lance Brown, Sam Casazza, Gina Cervone, Paul Cotter, Marcus Doesserich, Vic Edgerton, Vince Giuliano, Mike Guerin, Matt Hale, Jeff Harman, Chris Hubbard, Steve Kasparian, Todd Lenkowski, Tim Melbinger, Tim Olsen, Jennifer Phillips, Scott Rice, Craig Runnalls, Tracy Smith, Bion Stewart, Dave Swaitkowski, Gary Testa, Powell Thurston, Dave Walls, Jon Warneke, Robert Weger, Pete Lengsfeld**

Men's Crew Team Coach

Team Leader  
CRAIG RUNNALLS

"Working on technique has really helped us to improve our speed!"

Women's Basketball Coach  
DEAN ANDREA

"We are going to extend our defensive pressure, make opportunities, take some risks, and try some things we have never done before."

Team Leader  
NATASHA PARKS

"Steady play is the key to beating our opponents this year!"

## Changing Gears

**Coach Dean Andrea changed strategies to outplay others.**

Basketball tends to be a game which relies on height, speed, and consistent shooting. Coach Dean Andrea knew he would have to change the format from a height game, to a game plan which stressed the latter two strategies. In the past few years, he relied on height and 6'6" All-Conference selection Natalie Crawford to lead the team to victory. With

the loss of Crawford, team captain Natasha Parks took initiative and led the team to victory. Parks, with the help of her teammates, made an impressive mark on the Big West Conference which included two top twenty teams; Long Beach State and UNLV. With such a challenging schedule, the change in formats was risky, but smart.

# Slam-N-Jam

Fast paced run and gun style makes for an exciting season.

Faster than UNLV. More powerful than Fullerton. Able to dunk basketballs with a single step. Look! In the Bren Center — it's fifteen pairs of size 14 Converse basketball shoes. It's the UCI Men's Basketball team. It's no lie that the men were faster this year. They had to use their run and gun style of play to

make up for the loss of former Anteater star, and now NBA pro-player, Wayne Engelstad. Their style tired out many opponents. The Anteaters experienced a season of streaks—tremendous highs and disappointing lows. Mike Doktorczyk, Kevin Floyd, Ricky Butler, Rod Palmer and Jeff Herdman

provided us with memorable victories against UCLA and UNLV. Then with a flu and injury plagued team, we ended our regular season with four consecutive losses at home.

In spite of our inconsistency, our men's basketball team demonstrated great talent and tremendous promise.

Brett Pagett looks for an open player.

Team Leader  
KEVIN FLOYD

"We'll hold our own. We'll prove ourselves against UNLV and Fullerton."

Trevor Kronemann, All American '87-'88, demonstrates his perfect serving form.

## Net Gains

### Men profit by holding winning tradition.

At the start of the season, men's tennis coach Greg Patton stated that he hoped UCI would become "nationally and internationally known as one of the top tennis universities in the world." After reaching their highest ranking ever, 5th in the nation, the men were

poised to gain their eighth Big West title. The players who embodied the team's fighting power were Mark Kaplan, nationally ranked 7th, Trevor Kronemann, 20th, and Richard Lubner, 32nd. The Anteaters doubles division was led by the 7th ranked combi-

nation of Trevor Kronemann and Mike Briggs while Kaplan and Lubner were ranked 9th. After suffering a tough loss to UCLA during the onset of the season, the Anteaters came back and placed players in the NCAA playoffs.

Team Co-Captains  
MIKE CADIGAN and MIKE SAUNDERS

"In terms of players, the teams at the top are all the same. But we stand above because we are so close; we are truly a team."

Women's Tennis Coach  
DOREEN IRISH

"This year's schedule includes 13 teams outside our region. We hope this helps us attain our goal of becoming a nationally ranked team."

Team Leader  
COURTNEY WEICHSEL

"We were faced with a challenging season; we feel we prospered from it."

## Working Hard

### Coach pumps up squad for hard season.

UCI's women's tennis team entered the '89 season hoping to maintain the successful direction of last year's 18-6 record. Co-captains junior Courtney Weichsel and senior Kathy Rose provided the Anteaters with enthusiastic leadership on the courts. Major contributions to the season's successes were also delivered by sophomores Stacy Cadigan, Kelly Goldsborough,

senior Karin Bering, and promising freshman Biljana Korac.

Doreen Irish, UCI's 16 year veteran tennis coach, expanded the squad's horizons by scheduling several matches against non-region teams. The new challenges and the tough competition of the Big West made for a grueling season.

# Running Strong

## Team takes pride in second place finish.

Many anticipated a major downfall for Vince O'Boyle's cross country team due to the loss of last year's seniors, but the team placed second at the Big West Finals. Also, Brigid Stirling established a new conference record, finishing the 5,000 meter course in a time of

16:48.3. In the men's division, Peter Vincencio, Aaron Mascorro, and Scott LaForce finished in the top ten at the NCAA championships.

In track, long distance stand out performances were given by Greg Houlgate, Vincencio, and Rick Wilhelm. The team

was also fortified by Marc Goulet, Matt Farmer, and Mike Morales. The women were led by All-American Beth McGrann and Brigid Stirling who transferred here from Claremont McKenna College.

Fili Arizmendi, Ben Ayers, Kevi Berko, John Brazelton, John Ellis, Jim Geerlings, Marc Goulet, David Hesseltine, Greg Houlgate, Scott LaForce, Aaron Mascorro, John McKivett, Dan Rattary, Shawn Sandoval, Adam Shanks, Pete Vincencio, Richard Wheeler, Rob Wickstrom, Rick Wilhelm.

William Stolpe, John Steen, Robert Stewart, Sonny Reynolds, Mark LaFoy, Marc Goulet, Adam Shanks, Kevin Hams, Jim Geerlings, Fili Anzmendi, Kevin Berko, Greg Houlgate, Pete Vincencio, Rick Wilhelm, Leo Boateng, Aaron Mascorro, Ben Ayers, Marc Kallick, Robert Ureno, Andy Shaben, Scott Brown, Mike Morales, Gino Calvano, Erik Peterson, Ryan Gillette, Erik Kenyon, Rick Lotterer, Jon Harned, Matt Farmer, Jeff Williams.

The men's track team pushes to better themselves during an afternoon workout. Mike Morales, most valuable field performer in '88, exhibits great form in the discus throw for '89.

Men's/Women's Cross Country  
And Men's Track Coach  
VINCE O'BOYLE

"We have a good nucleus of runners. We do have depth here at UCI—The shelves are not bare."

Women's Track Coach  
DANNY WILLIAMS

"This year's motto is:  
Conceive, Believe, Achieve."

# Full Swing

## Anteaters display promise for young team.

The 1988/89 Anteater Golf Team was very young this year. In fact, the only senior on the team was the captain, Steve Puck. Along with Puck, the other eaters that were fascinating to watch were College of the Desert transfer Scott McGihon, Junior Chris Muth, and Sophomore Mike Suckling. Freshman Joey Sugar and Mark Johnson also gained a lot of tournament experience. With such an inexperienced squad, coach Steve

Ainslie considered this season to be one of training. With regular practices on the difficult Big Canyon course in Newport Beach, the team did much better on other difficult courses that their opponents used. The team showed great promise for next year's season by holding their own against tough teams like UNLV and Fresno State. With performances like these, Ainslie expects great things next year.

Men's Golf Coach  
 STEVE AINSLIE

"This year's team has a strong group of juniors who have done well in their careers at UCI!"

Team Leader  
 STEVE PUCK

"I'm sure the next few years will bring more respect and more victories to UCI!"

**Squad improves on past record.**

Head coach Charlie Schober's main objective this season was to improve upon their '88 record. The men's squad exhibited strength in the free style from the 500 free on down. Freestyle leadership was supplied by co-captains

Matt Wright and Brian Judd. Brian Pajer and Chris Duplanty were Anteater standouts in the breaststroke while distance events were anchored down by senior Mauro Macchi.

The women's squad suffered an early loss when medical reasons forced Heidi Werstler to sit out the season. Individual medley specialist and team captain Kelly Noble joined forces with Lara Bigley, Lisa Williams, and Gwen Partos to carry the team forward.

Kelly Alberts, Laura Avedesian, Wendi Bennett, Lara Bigley, Devon Coate, Trishna Coleman, Sheryl Eckert, Shannon Endsley, Teegan Fox, Alison Gourlay, Susan Guthrie, Robin Hines, Mariko Ishihara, Kim Kaufmann, Andi Kawamoto, Torie Keller, Keiko Koyama, Carrie Kreppel, Caryn Meyerowitz, Jennifer Miller, Kelly Noble, Danielle Pajer, Gwen Partos, Lisa Sar, Lotte Shoar, Tammy Stoner, Sumie Utsumomiya, Emily Wade, Stacey Whalen, Lisa Williams, Kirsten Wolf, Michelle Wright.

Alex Abshire, Brian Barton, Mike Bezmarevich, Brian Carey, Jorge Carvajal, Gavin Cook, Ken Cooper, Matt Curry, John Dorsey, Chris Duplanty, James Fletcher, Andy Fujimoto, Jay Glossbrenner, Wolf Hanke, Guy Hermann, Tom Hinchey, Jeff Hlava, Tom Jordan, Brian Judd, Peter Kang, Sang Kim, Jeff Klatt, David Lawson, Mauro Macchi, Brett Malas, Chris Marx, Scott McGihon, David Mikesell, Brian Montesi, Kurt Burdoch, Brian Pajer, Nick Ro, Tom Schaffer, Lance Smith, Matt Sturgeon, Lanis Webb, Matt Wright.

Anteater diving leadership was provided by junior Kirsten Wolf and sophomore Trishna Coleman. Brother-sister team Brian and Danielle Pajer combine efforts for a victorious 88-89. On Saturday January 28, the team cruised past Pomona Pizer winning all 13 events and recording a smashing 175-63 victory.

Men's/Women's Swimming /Diving Coach  
**CHARLIE SCHOBER**

"This was our best and most challenging season."

Team Leader  
**JEFF CLATT**

"The team really works hard together and that pays off at meets."

## Surf and . . .

### Sailors perform well on high seas.

The sailing team entered the '89 season hoping to duplicate their '88 performance and recapture the National Championship title. With last year's entire squad returning the season held great promise. Nick Adamson, a new and valuable addition, transferred in from the Naval Academy. The team's toughest competition came from Navy and Old Dominion University, Norfolk.

The coach and the team members shared a rapport throughout the season, and these complementary personalities combined to propel the team to victory. Coach Craig Wilson stated, "I feel exceptionally fortunate to have had such a self-sacrificing team. We didn't have any glory seekers."

Randy Lake sits in front while Mike Sturman steers the craft in the Newport Harbour during a practice race for an upcoming regatta. The team takes time out for a shot before a hard workout.

## Ski!

### UCI Ski Team optimistic.

The Ski Team's seventh season proved to be another rough year. The team finished in eleventh place in the Southern California Conference competing against powerhouses such as SDSU, UCLA, USC, UCSD, and UCSB. The Southern California Conference is one of twelve conferences involved in the National Collegiate Ski Association which includes more than 92%

of all collegiate ski racing in the United States.

Individually, the men's team did well led by Mike Fenne, Glenn Huber, and Afshin Bazargan with strong finishes.

For the women, consistent skiers included Lisa Martin and Suzanne Walker.

The team is very optimistic for a stronger season next year, hopefully advancing to regional competitions.

# Batter up

## New powers reveal great potential

After losing 10 senior players from last year's team, UCI's baseball coach, Mike Gerakos, went into this year's season with renewed interest. Since there were only a few key returners, the 1989 team mainly consisted of newcomers. At the beginning of the season Gerakos had stated, "I feel good about this team. I think we have a well-rounded

and balanced ball club." Major competitors included College World Series finalist Cal State Fullerton and Fresno State, both of which received top national rankings. Gerakos looked to Rob Johnson, Stacy Parker, Osmar DeChavez, Al Rodriguez, and others for their season of reconstruction and growth.

Men's Baseball Coach  
MIKE GERAKOS

"We don't have any superstars like the past couple of years, but we have a lot of talent and these guys want to be part of a successful team."

"Our depth was our greatest strength."

# Big Time

## Young players start off new generation of competitors.

This season third year Head Coach Bill Ashen led his team into its most demanding schedule ever as men's volleyball became an official member of the Western Intercollegiate Volleyball Association. The Anteaters encountered tough opponents— U.C. Santa Barbara, Stanford, Hawaii, U.C.L.A., and Pepperdine.

The returning starters James Davis, David Pettker, and Paul Heidemann served as the core of the team. Ten new players brought renewed vitality to the squad. Freshman James Felton and sophomore Steve Florentine were the season stand-outs. Florentine, UCI's '88 freshman MVP basketball player, transferred his athletic talents to the volleyball

court. Ashen said that Florentine's height and strength made him a great asset to the team. Junior college transfer Scott Rechner also proved to be a key player.

"All in all, we will definitely improve on our 20th national ranking and look to challenge every team in W.I.V.A." . . . Bill Ashen

# ASUCI

**ASUCI  
President  
David Hurwitz  
Senior, Economics**

ASUCI entered its twenty-fourth year with all eyes upon it. Chancellor Peltason signed a new constitution and ASUCI concentrated on creating new traditions.

With the new ASUCI constitution, a judicial board was created to keep track of the actions of ASUCI. The board had seven non-voting members assigned to various special interest groups on campus and was designed to work in much the same way as does the U.S. judicial branch of government.

Creating new student traditions, ASUCI helped to promote the "Men At Work" calendar, the Anteater Basketball Bash, and the Night of the Anteater. The Taco Bell/ASUCI Express Shuttle System also grew in popularity as a favorite student service. The valuable ASUCI services provided through Safe Rides, the Recycling Center, Outroads Travel, the Legal Clinic, and accounting were maintained throughout 1988-1989.

**Dennis Hampton  
Executive Director ASUCI**

"I've had the pleasure of working with eighteen student government administrations, each one has its unique personality. It gives me great joy to watch these young men and women develop into tomorrow's leaders."

ASUCI avoids some of the University Center's dust by relocating its offices to the Marketplace.

Student Reps Benson Won and George Tu take issues concerning student funds and breadth requirements seriously.

T·H·E

University Center Director Marc Tuchman presents an up-date on the UCEN's expansion to the council.

Ron Degany-Aviram, Tara Lee Smith and Patrick Lee share a light hearted moment during one of the bi-weekly council meetings.

Executive Vice President Brad Holt rides shotgun over the potentially unruly debates.

No more parking tickets or expensive quarterly permits for those students who have discovered ASUCI's Express Shuttle.

**Vice President, Student Services**  
**Tim Johnson**  
 Senior, Social Ecology

As Vice President of Student Services, I was responsible for providing entertaining and diverse study breaks for the students. ASUCI's Noon Concerts, Thursdays in the Park, Festivals and Film Series help to create a more social and exciting atmosphere on campus.

My goal was to promote greater school spirit. Irvine is still a rather young university, one that is still trying to define its unique character. My primary job was to survey students desires and to direct Irvine's energies toward a more vibrant student oriented UCI.

"MEN AT WORK" ASUCI's calendar model sophomore Ian Funk is living proof that intellect and good looks aren't mutually exclusive.

**Vice President, Administrative Affairs**  
**Susan Barnes**  
 Senior, Political Sciences

The Office of Administrative Affairs is the undergraduate students' primary liaison to the University administration. The Administrative Affairs Vice President is responsible for protecting student rights and ensuring campus services. This Officer appoints student representatives to Administrative and Academic Senate Committees to guarantee that the undergraduate students' voice is heard.

**Executive Vice President**  
**Brad Holt**  
 Senior, Economics/  
 Psychology

When I ran for the Executive Vice Presidency, my platform was "Back to Basics". It was easy because I'm a pretty simple guy. The only problem was I had no idea I would be a student advocate through the wee hours of the evening, and even worse into early morning—that's if I got any sleep. Being the clever young man that I am I covered up my inadequacies by hiring incredible commissioners and having a Legislative Council that really worked hard. If you can believe this, they actually dedicated a lot of their time to being lobbyists for students—not just "rubber stamp council members". I not only got more experience and education through my involvements with ASUCI, I probably had one of the best times of my life.

**Vice President, Academic Affairs**  
**William Um**  
 Senior, Economics/  
 Psychology

As ASUCI Academic Affairs Vice President I was responsible for being the primary voice of the students in the Academic Senate as well as being a mediator in matters of academic grievances. The S.R.F.P., Student Recommended Faculty Program, was also a service of Academic Affairs.

My personal goal this year was to encourage greater communication between the faculty and the students. I also wanted to clear up some of the misconceptions some students have about ASUCI—it is an indispensable plus for all undergraduates.

The "mission" of ASUCI is to provide proper representation to protect the rights, advocate the needs, and ensure campus services as required by the undergraduate student body.

ASUCI noon-concerts are perfect mid-week tension relievers!!

# New University

"It was a scene of total decadence, and I felt right at home in it."  
—Gonzo Journalist Hunter S. Thompson

As you watch *New University* staff members shuffle into the office and flop into their desks for another management meeting, you can almost smell the tension in the air — like Tom's old socks.

The agenda for the meeting today is a simple one — when is the broom-ball game going to be.

When that is decided, you watch the staff trample on over to Tortilla Flats for Monday night football. Before long everyone is munching bad hot dogs and no one is watching the game.

So much for deadlines. Food has always been more important to us anyway.

Gene Kato, Sports Editor, reviews the new edition.

Reading the *New U* can be even more fun when you do it together. It can be cozy too!

Roster: Helene Abbiss, Kristen Argo, Jim Barrera, Laurie Brown, Maureen Callahan, Paula Chavez, Lynnette Darrell, Wendy Doetkott, Ana Iniguez, Gene Kato, Margie Luck, Jon Nalick, Noreen O'Connor, Tom Starnes, Vivian Wagner.

Managing Editor: Jim Barrera-Senior, Civil Engineering; Editor-in-Chief: Tom Starnes-Senior, Humanities  
"Big Cajones . . . big results!"

Even under pressure Kristen Argo and Paula Chavez smile. That's the spirit of the new U.

Good readers make good writers!

Michael Rydzynski, Assistant Entertainment Editor, selects events to be reviewed for next week's edition.

Roster: Nga Bach, Mark Baker, Daniel Beck, Gil Benzeevi, Dave Boyns, Eric Broome, Kyle Brown, Steve Caril, Marian Cordry, Skeetor DeRouchey, Dave Desmond, Paul Eastup, Joshua Eju, Jozef Finneran, (Litehart) Fritz, Michael Gonzales, Dan Goodsell, Jeanette Grimm, Glenn Habas, John Habis, Phil Heald, Brian Hirano, Peter Kelly, Christina Larson, Christa Lauer, Randy Lord, April Love, Danielle Michaelis, Carol Moore, Kevin Murry, M. Masoud, Nazi Namazi, Karen Newman, Trung Nguyen, Eric Nusbaum, Sam Padilla, Sunil Patel, Behram Parek, Michel Payne, Toby Rechenmacher, Steve Rice, Tim Rudolph, Richard Schuppek, Heather Sheedy, Rachel Shishido, Mary Spaulding, George Spillman, Kevin Stockdale, Alisa Tanmrat, Vivian Wagner, Jessica Watson, Marina Wilson, Ivan Wong, Juris Zinbergs, Adeela Zuhuruddin.

# KUCI

The birth of KUCI goes back to October 16, 1969, when it was officially licensed as a non-commercial, educational, public service, twenty-five watt FM broadcast radio station. Starting it all off with *Sugar*, *Sugar* by The Archies, KUCI has since grown into a mature and influential college radio station.

With a staff consisting of 150 volunteers, including twenty managers and seventy disc jockeys, KUCI stays on-the-air twenty-four hours per day, 365 days per year. There is also a great deal of "behind the scenes" activity requiring enormous dedication and hard work. Whether it is arranging an interview with Oingo Boingo, using the reel-to-reel to create a new logo, covering the latest campus blackout for the news, or reporting this week's top bands to trade magazines, UCI students involved with KUCI are learning to make decisions and be responsible.

Not only is there a lot going inside KUCI, but it does its best to offer something for all its listeners as well. Jazz, classical, public affairs shows, rock, gospel, reggae, heavy metal, Persian, Christian, Chinese, and even our own free form talk show comprise the diversity in our programming. This variety enables KUCI to meet the likes of almost all of UCI students, providing them with a unique service.

News Director Dave Mathieson, Product Director Glenn Habas, and D.J. Mike Morimoto debate which album to feature on the evening's broadcast.

Mike Morimoto is a popular KUCI disc jockey.

Staffer Molly selects a favorite dance beat album for weekend entertainment.

Political Editor Khris Stone and News Director Dave Mathieson are discussing today's controversial issues.

Jeanette Grim  
KUCI General Manager  
Senior, Social Sciences

"An intrinsic purpose of a college station is to reflect the eclectic atmosphere of the University. Choosing freely, exploring diversity, and providing the experience you can't get anywhere else."

# Campus Reps

Campus Reps Mary Patitucci, Don Holland and Rudy Vergara have mastered the art of talking while walking backwards.

Roster: R. Alamshaw, N. Bach, A. Chu, M. Colayco, D. Gee, J. Gruender, B. Guzik, B. Hill, D. Holland, W. Kohatsu, R. Kolostian, S. Kwok, C. Land, C. Law, T. Lee, J. Leon, M. Levine, K. Mackintosh, J. Noriega, M. Patitucci, E. Pinderski, T. Pennington, A. Polzin, R. Rogers, S. Sharf, D. Snyder, A. Song, S. Stern, C. Sullivan, A. Tabbarah, D. Thomas, G. Toya, R. Vergara, V. Yuan.

**Moving Forward, Walking Backwards!**  
 That's the motto of the versatile, not to mention agile, Campus Representatives, UCI's official tour guides. A Campus Rep strives to always put a "best foot forward" when showing off the Campus to UCI guests, even though he/she must walk backwards to do it!  
 Campus Reps have been "on the move" for over ten years, giving tours to prospective students, campus visitors, and VIP's. (Did you see us at Wayzgoose giving tram tours?!) Campus Reps also represent the campus at University outreach programs, both on and off the campus, spreading the word about UCI!  
 Look for us, moving forward with UCI, but walking backwards!!!

Judy Leon and Joelle Sather are proud to present UCI to campus visitors.

Campus reps share some special holiday fun at their annual Christmas exchange.

Campus Rep Team Captain: Suzan Sarikcioglu

"Campus Reps constantly amaze me with their composure, intelligence, and spirit!"  
 —Marcy "The Coach" Reed

# Pep Squad

A new wave of energy hit the spirit of UCI this year, and the UCI Pep Squad was there to add to the flood of excitement. By cheering and motivating crowd enthusiasm, the 1988-89 cheerleaders and songleaders supported various athletic programs and other university activities. To kick off the basketball season, the pep squad participated in an all-out effort, handing out flyers and visiting KIIS FM's Rick Dees, to announce the first annual Basketball Bash.

Rooting on UCI sports was only part of the pep squad's reputation. Sensational performances during basketball timeouts and halftime were entertainment worth watching. "Times have changed for pep squad at UCI," said Brad Benson, a yell leader, "We're doing more than supporting UCI athletics." It's no wonder the UCI songleaders brought home the second place trophy along with other spirit awards, while the UCI cheerleaders swept away first place with a dynamic routine loaded with the heart-stopping stunts. It was this first place quality that drove them to train for the NCA (National Cheerleading Association) national competition in Dallas, Texas, under the coaching expertise of Paul Maros.

"This year's cheerleaders and songleaders have come a long way . . . especially since this is the first time either squad has brought home placing trophies," said Lori White, the advisor.

Songleaders: Evette Castillo, Brenda Murphy, Andrea Dworzak, Jenny Kim, Tracy Huff, Kelly O'Sullivan, Maggie Choi, Jennifer Dunn, Marlyce Patam.

Cheer with our handsome MR. UCI—Peter the Anteater.

There is only one word in our vocabulary — V.I.C.T.O.R.Y. Victory.

Perfect form promotes spirit at UCI.

Pep Squad Co-Captains:  
Jenny Kim,  
Senior, Psychology  
Andrea Dworzak,  
Sophomore, Physical  
Sciences

"The essence of promoting UCI spirit is found in team work and in each member's ability to share a special part of themselves. As members of the Pep Squad, we've had many unforgettable memories and we've become close friends."

# Peer Academic

"How do I get into Chem 1A?" "This class sounds interesting, but how tough is the professor?" "I'm thinking about changing my major, but can I still get out in less than 5 years?" Answering questions like these are all in a day's work as a Peer Academic Advisor. After extensive training and on-the-job experience, this group of highly select juniors and seniors provide academic counseling to other students in all undergraduate fields.

Accurate academic information combined with personal experience is an unbeatable combo when it comes to helping fellow students learn how to succeed at UCI. "It's a great feeling to share what we know and help others find out about the 'tricks of the trade.' When someone comes up to you after a class and says, 'Hey, thanks, you really helped me out a lot!'—we know we're doin' our job . . ."

Kirsten Gee serves as a Peer Advisor for unaffiliated students.

Bernard Dy and Wendy Kohatsu are working to help the undergraduates.

Bruce and Kathy - having a group discussion.

"It's a tremendous experience working with the Peer Academic Advisors - they are all incredibly active individuals who are 'in the know.'"  
—Wendy Kohatsu

Biological Sciences: F. Chavez, B. O'Neil, R. Vergara; Engineering: K. Duricka, B. Rigaud; Fine Arts: S. Kinsky; Graduate School of Management: B. Dy; Humanities: S. Brown, S. Scharf; ICS: R. Reyes; Physical Sciences: C. Mercado; Social Ecology: S. Galbraith, H. Younts; Social Sciences: L. Bailey, R. Bouwmeester, C. Hymes, D. Letarte; Teacher Education: M. Miller; General Studies: S. Delfino, K. Gee, K. Sethi; Honors Program: D. Fleischmann, A. Penafuerte, M. Rapp.

Having smiles on their faces, Melissa, Daniel, and Araceli are always glad to help those in distress.

Lonce Bailey and Steve Delfino gather updated information at the general meeting.

# UCI Film Society

The Film Society's main objective was to introduce to the campus and the surrounding community quality "non-mainstream" films. Twelve students under the direction of Alice Parsons served as co-directors for the program. Quarterly, four members of the staff were responsible for the theme selection, coordination of the evening programs and publicity.

This year the society highlighted existentialism and controversial topics in their program. The '88-'89 Film Society members were encouraged by the tremendous increase in campus attendance.

Roster: Darryl Low, Karen Newman, Randy Lord, Melinda Green, Larry Lesser, Todd Busch Not Pictured: Catherine Zulliger, Patrick Lee, Christoff Assefi, David Perkett.

## Film Focus

"The absurd is the rational man looking for understanding in a universe which will not give it to him."

Albert Camus

### Student Speakers Forum

Lonce Bailey's energetic delivery always captures the audience.

Members: S. Adamske, D. Al-Saud, L. Bailey, M. Buratovich, S. Brown, J. Chang, P. Davis, A. Deweed, B. Dy, C. Eadie, S. Firestein, K. Fulbright, T. Gilpin, M. Glen, J. Guetling, J. Gustavsson, S. Hassler, D. Hurst, B. Kolb, B. Lee, M. Milburn, H. Mroch, A. Perumal, Jr., A. Rudinsky, L. Salas, J. Smedley, P. Smith, K. Spears, R. Talesh, R. Vergara, Jr., A. Wallace, B. Whitten. Manager Marilyn Mendenhall, Advisor Betty Tesman

Since 1982 hundreds of outstanding undergraduate and graduate students have participated in the UCI Student Speakers Forum. The students prepare and present intellectually stimulating speeches to local high schools and civic groups.

The '89 Forum offerings covered such topics as nuclear war, ethnic stereotyping, earthquakes, contemporary art, Hemingway, etc.

Student Speakers are selected for their outstanding academic talents, leadership accomplishments, research experience and campus activities. The Forum participants are "ideal" ambassadors of UCI goodwill.

A special camaraderie exists between student speakers Marcie Glenn, Kimberly Fulbright, Henry Mroch, Lisa Salas and Scott Hassler.

Julie Chang and Bruce Whitten are two of the thirty speakers in the '88-'89 UCI Student Speakers Forum.

### G.K.N.H.S.

Golden Key National Honor society is a new organization. Established only last year, its impact at UCI has already been felt by the faculty, staff, and students.

Our purpose is to recognize and encourage student academic achievement with activities, scholarships, and the annual reception.

UCI's chapter advisors, Dr. Mark Petracca and Jim Waldron, have helped to establish the society's place on campus. Our first year was a rewarding one and G.K.N.H.S.'s future looks promising!!!!

Nancy Denlea, Shelley Gunter, Lisa Ong, Janis Samaripa, Michael Hsueh, Jacquelin Engel, Fojan Haeri, Mitra Kutchemeshgi, Bernard Ta, Michael Sullivan, Robert Haugan.

Michael Hsueh  
President of Golden Key National Honor Society

"We are a diverse group of dynamic, intelligent individuals who happened to enjoy good grades."

"Since my first week as a student here at UCI, the Pre-Law Society has been a significant part of my life. I have watched the Pre-Law Society grow in size and influence, and I want to make it even better."

Louise Smith  
President of UCI Pre-Law Society

We work to give students a realistic view of law school and the practice of law, so they can discover whether or not it is something they would like to pursue. We want students to have a clear, realistic vision of what a future in law might hold for them — the glitz, the slime, the prestige, the money, as well as the long hours, pressure, and the often animal-like competition.

### Pre-Law Society

Roster: J. Artesia, P. Aune, P. Brady, L. Brice, T. Bui, J. Carnes, L. Chan, J. Choi, L. Ciancio, J. Corben, G. Coviello, D. Evans, G. Farrell, K. Fiorentino, J. Fong, T. Gray, K. Grier, W. Grueber, J. Gruender, L. Howarth, C. Hsiung, M. Iarsai, A. Innabi, N. Iravani, A. Jensen, D. Karpel, S. Kim, M. Lee, K. Liang, P. Lorenzo, D. Lugo-Mokfi, S. Magness, M. Maguire, O. Molina, A. Najd, L. Paben, M. Petrie, S. Plotkin, A. Qushair, C. Rakiey, J. Rautenstrauch, R. Rubenstein, C. Ruhland, T. Schaffer, S. Shumate, L. Smith, R. Smith, P. Song, T. Stanley, T. Thompson, M. Tidwell, D. Vanderpool, C. Welch, L. Wolfe

### Dental Club

The Dental Club of UCI is an academic organization for the purpose of promoting exposure to students interested in a career in the dental profession. The club provides the opportunity to learn more about dentistry through guest speakers and workshops with visiting dentists. The Dental Club serves to provide aid to those students in the application process. And finally, the club promotes interaction and friendships among UCI dental students.

Roster: S. Abdellatif, K. Dhesi, N. Fathi, V. Fong, R. Haddad, P. Hanh, A. Hendoza, M. HO, K. Khuu, P. Kianian, M. Le, J. Luu, J. T. Nguyen, T. Nguyen, M. Patam, H. Pham, G. Sanchez, S. Sohn, K. Tjon, J. Tran, T. Tran, L. Trong, L. Vu, V. Vu, M. Zomorodi.

Paul Murashige and Shervim Shariati  
Presidents of Dental Club

"Life is too sweet to live with a toothache."

"Campus Crusade has trained me in practical ministry skills and challenged me to put them to use. My faith has grown, and I've made lifelong friends in the process!"

Matthew Anderson,  
President of Campus Crusade

Roster: C. Anderson, S. Aluwi, M. Anderson, T. Barber, R. Borger, S. Brassell, D. Campbell, R. Casemier, D. Cheng, T. Chyrchel, H. Clover, A. CeWeerd, D. Cox, R. Doerkson, C. Dull, C. Erven, K. Erven, S. Ferrel, B. Garnica, M. Gonzales, B. Goodman, M. Glen, C. Grant, J. Hancock, B. Helzer, C. Hohnbaum, K. Hayashida, E. Hohnbaum, S. Holden, J. Jaramillo, S. Klein, G. Knutson, B. Krum, S. LaForce, D. Langeford, L. Levsen, D. Lies, K. Mason, K. McCormick, J. Messecar, K. Meyler, J. Miller, B. Navarro, K. Piccine, G. Prior, G. Rickard, K. Roe, L. Savage, B. Scholte, J. Scholz, R. Shumacher, A. Senel, M. Simon, K. Smirl, M. Steinke, G. Stephenson, J. Surlow, D. Ullom, B. Valentine, S. Wilson, E. Witt, J. Zaleski.

### Campus Crusade

Campus Crusade is a interdenominational Christian group with chapters on most major colleges in the U. S. and overseas. We desire to provide a place for Christians at UC Irvine to meet each other, to discover more about their life as Christians, and to learn how they can have an impact at UCI. Our activities range from our weekly Tuesday Night Live meetings to social gatherings, and from local conferences to international projects. We are actively involved in UCI events like Wazygoose, and have several of our own events, like our award winning international students Thanksgiving dinner and our spring retreat. Our activities are open to any interested student at UCI.

### BSSA

Blacks in Social Sciences Association was refounded in 1986, and even though we are a fairly new organization, we have successfully been able to make our group an integral part of the black community at UCI.

The BSSA is an academic and social group which addresses the interests and concerns of black Social Sciences majors and deals with the general issue of the black students at UCI. The BSSA just tries to exemplify an organization full of warmth, friendliness, and just plain fun.

Roster: A. Bartlett, D. Brown, T. Burks, T. Chanaiwa, S. Corbin, C. Crowell, T. Davis, F. Dixon, L. Goularte, P. Grayson, M. Green, T. Howard, J. Hurst, C. King IV, D. Lee, E. Lovett, L. Lynk, K. Manning, G. Miles, S. Miles, M. Miller, N. Phillips, M. Robinson, D. Samuels, S. Sanders, G. Sayles, S. Stallworth, J. Steen, G. Stripling, L. Wallace, G. White, K. Williams, R. Williams, T. Shaffer.

Chrisandra Crowell and Sal Corbin  
Presidents of BSSA

"Working with the BSSA has been a wonderful experience. We are both graduating this year, and we will truly miss all of the friends we've made. We don't know how our lives at UCI would have been without BSSA."

"Dawn patrol, donut runs, damp wetsuits, and Santa Ana's K-38 at 10' with 4 people out. Evening glass off. New boards... What else can you say?"

Robert Haugan  
President of Surf Club

Yes, Virginia, there is a surf club at UCI!

Some of the schools we compete with include SDSU, UCLA, USC, UCSD, and UCSB. No matter what your level of surfing is, we have a place for you. Trips! Trips! Trips! We also sponsor trips down to Mexico and some central California trips.

If you surf, would like to surf, or would just like to meet the BEST UCI SURFERS, come on down to our next meet and see what we're all about!

### Surf Club

Roster: M. Carlson, C. Cullen, R. Dhaliwal, S. Gunter, B. Haugen, G. Jowas, E. Kobrine, R. Ricci, R. Sayle, D. Schwantes, P. Du, E. William, P. Yong, J. Yun.

### ROCSA

The ROCSA was established in 1980. The purpose of ROCSA is to assist over-seas Chinese students in adapting and enjoying a more interesting college life. By joining the club, the students can make many new friends and share their experiences. During every school year, the club holds various activities such as dances, picnics, banquets, camping and ski trips, volleyball, softball, tennis, basketball, bowling, and broadcast time on KUCI radio station, just to name a few.

Roster: E. Hsieh, C. Huang, G. Huang, P. Huang, H. Lee, S. Lee, A. Lin, J. Lin, A. Liu, I. Wu

I-Wei Wayne Wu  
President of ROCSA

"Throughout the past 8 years, this year (1988) is the break-through of ROCSA. We have many exciting events planned and huge support from our 300 students members."

"Prefiero Morir de Pie que vivir arrodiallo" — Emiliano Zapata Translation: I'd rather die standing than to live on knees.

Luis Chavez  
President of M.E.Ch.A.

The existence of M.E.Ch.A. on the UCI campus is a testimony of the continued dedication of Chicano/Latinos for principled self-determination. The programs, projects, and issues M.E.Ch.A. coordinates are integral to objectives through which it helps raise consciousness in Chicano/Latinos and the general campus. Some of these programs are M.E.Ch.A. Leadership Conference, Youth Conference, M.E.Ch.A. Central (community outreach), Cinco de Mayo, Dia de La Familia, Chicano/Latino Consortium, and many, many social.

Roster: V. Adame, A. Alvarado, A. Alvarez, C. Beltran, D. Chavez, L. Chavez, J. Fernandez, G. Gacia, D. Juarez, B. Martinez, D. Mathieso, H. Mireles, R. Montellano, J. Noriega, A. Nunez, J. Nunez, R. Rodriguez, M. Tapia.

### M.E.C.H.A.

### Circle K. International

CKI is the world's largest collegiate organization dedicated to service and leadership development. CKI is a co-ed organization through which you can find a means of responsible student action in your communities, and a more active involvement in life on your campus. CKI is just one part of the K-Family organization. Kiwanis International and Key Club International are also members of our family. All three organizations have a common goal: Service.

Roster: R. Barfield, H. Bisla, D. Boatner, F. Chang, S. Chiang, D. Dang, J. de la Cruz, I. Delgado, N. Dragutsky, K. Engstrom, M. Fermin, B. Ghafoori, R. Goh, B. Goodman, V. Harri, B. Hernandez, T. Hussain, N. Kuroki, S. Kuroki, A. Lai, M. Lauron, T. Lew, D. Matsubayashi, S. Meymarian, R. Navarro, J. Niehoff, P. Osterbach, L. Paben, S. Pazirandeh, S. Pianalto, M. Reis, H. Reming, L. Reyes, J. Ruth, S. Santos, H. Schier, C. Schmitt, S. Tajiri, L. Tseng, C. Vu, S. Walker, B. Yeh.

Imee Delgado  
President of CKI

"One of the most rewarding experiences of being active in CKI is working directly with other people on a one-to-one basis. Only through working with others you can learn how to make better contributions to your community now and in the future."

"After us — Middle Earth will never be the same!"

Nanette Reynolds  
(middle) President of Middle Earth Alumni

Roster: Chris Miller, Allen Preston, Nanette Reynolds, Hye Yong Yun

### Middle Earth Alumni

A special group of students help Middle Earth dormitories in achieving its community spirit. Graduating seniors Chris Miller, Nanette Reynolds and Hye Yong Yun were part of that group.

As Community Programmers in 1986-1987 they, under the supervision of Karen Kurilich, programmed activities for the residents. With the best O-Week dance in Middle Earth history, Casino Night and a knockout Talent Show they certainly made their impression on Middle Earth.

The following year the trio were an integral part in the running of Middle Earth. Headed by Preston Allen, the Resident Staff maintained order in the halls by being a friend, advisor, supervisor and anything that was asked of them.

I hope the enthusiasm we had for our jobs will continue on through the years of future Community Programmers and Resident Staff.

### PRSSA

Puerto Rican Student & Staff Association was organized three years ago because of the need to share our culture and become visible in the university community. To provide ourselves and our brothers and sisters with the possibility of maintaining and sharing with others aspects of our heritage.

Our annual Salsa Dance has become an institution here at UCI; people expect the dance to happen. In December, just before finals, you can hear the music, and if you are ready, dance to the Afro-Caribbean rhythms. THIS IS PRSSA!

Roster: M. Aymat, W. Bright, A. Cabrera, G. Cotto, O. Curras, C. Espinoza, R. Feliciano, E. Frometa, C. Lebron, G. Lopez, L. Mnazor-Coats, G. Maymir, E. Mojica-Rucker, M. Nieves, R. Ramirez, O. Reyer, E. Rodriguez, L. Sanchez, E. Soto, F. Vargas, W. Young

Elizabeth Rodriguez and Wes Bright  
Presidents of PRSSA

"We are known for our music and dances. Wherever we are, even if there are only a few of us, we make a big rumble! Hot Puerto Ricans!"

"There is a destiny that makes us brothers . . . none goes his way alone. All that we send into the lives of others . . . comes back into our own."  
— Edwin Markham

Mike Nisco  
President of the Flying Samaritans

Roster: T. Ambrose, J. Aryan, C. Ayson, M. Bazhai, H. Be, K. Beko, K. Brenner, E. Butlig, B. Chen, J. Dang, H. Delgado, N. Dasai, A. Gensler, N. Hyata, S. Ho, Y. Ho, M. Huang, C. Huynh, G. Kaviani, G. Kawabata, J. Kennedy, S. Kimpau, G. Kline, W. Kohatsu, Z. Kostich, J. Kouri, M. Lam, L. Le, N. Le, T. Le, D. Leslie, S. Ma, B. Macy, R. Maldonado, M. Martinez, D. McCusker, S. Munden, L. Nguyen, R. Nguyen, S. Nguyen, M. Nisco, J. Noriega, P. Oviatt, T. Part, C. Pierce, S. Rao, A. Reyes, N. Rivera, D. Robertson, G. Romero, P. Saleido, J. Saremi, S. Shapiro, B. Shayestehfar, S. To, A. Tournay, H. Tran, M. Trinh, A. Utsumi, S. White, J. Wu.

Our purpose together with health professionals is to provide health care to people living in rural areas outside of Tecate, Mexico. Once a month, we open the El Testerazo Clinic located thirty minutes southeast of Tecate in Baja, California. By assisting in administrating, translating, and taking vital signs, our members get the opportunity to experience medicine and another culture first hand. As a member you also may experience the satisfaction that comes from an increased cultural awareness and a sense of teamwork through active participation.

### Flying Samaritans

## Film Association

Film Studies Breaks out! For the first time in its brief existence at UCI, students formed a core group dedicated to instilling awareness of Film Studies on campus, as well as exposing themselves to the industry. The group celebrated with a big kick-off party last January. They met regularly, and held student and feature screening, hosted guest speakers, and made short films.

Roster: C. Assefi, L. Bachelder, R. Browning, T. Busch, P. Campbell, T. Carroll, J. Collins, C. Corr, G. DeLeon, P. Eastup, B. Flemming, K. Gauthier, F. Gonzalez, J. Lunan, N. Matsumoto, B. Nuzzo, M. Quintero, V. Vaudaveer, S. Wallace, K. Zulliger

Todd Busch  
President of the Film  
Association

"Film studies is a growing major, it's about time an organization was formed to acknowledge it!"

"For a refugee to give up his or her country is the hardest thing to do. They are heroes who make an awesome adventure on our behalf, showing us how precious freedom is."

Duc Nguyen  
Au President of Project Ngoc

Roster: D. Au, H. Dang, K. Dao, T. Do, P. Ha, H. Huynh, K. Le, P. Le, H. Nguyen, J. Nguyen, T. Nguyen, T. Pham, A. Phu, D. Quan, H. Tran, R. Trinh, A. Truong, R. Vuong, A. Phu

## Project Ngoc

Composed mainly of college students, Project Ngoc is a humanitarian organization which aims to publicize and gather support for the Southeast Asian refugees. With the deep belief that students represent the conscience of society, Project Ngoc's members work enthusiastically to increase the public awareness of the refugee situation.

We believe that by sharing our concern and ideals through our activities, we can bring together all of those in the community who care, especially the young and idealistic students. We not only want to help the refugees in the present, but also help build a better Vietnamese community in the future.

## Psychology Students Association

The psychology students association is an academic club which serves as an extension of the social sciences undergraduate program. The psychology association has two major goals. The first goal is to integrate social events with events pertaining to education. Initiating interpersonal relationships is a very important part of belonging to the psychology club. The psychology students association is an excellent way to meet other students (and faculty) with common interests. Our second goal is to supplement the students' education by exposing them to the various fields of psychology. Distribution of this information occurs through a variety of speakers and seminars. The topics range from graduate school to psychological disorders. The club has approximately 80 members and meets bimonthly.

Roster: Aaron, Ajang, Alayra, Bailey, Bandy, Banks, Becker, Blouin, Brockschmidt, Buchman, Callaghan, Castiglia, Chatzis, Chen, Chu, Cline, Cooper, Cowland, Crump, Da Costa, Daghighi-Asli, Damush, Eadie, Epanto, Fearnley, Francis, Foxman, Fukute, Gillon, Gilpin, Goldstein, Gow, Greenlaw, Greer, Han Hassibi, Hauser, Herzog, Hetu, Hong, Joo, Kettner, Kim, Koehler, Kraus, Le, Leveque, Lim, Lottman, Lu, Lucero, McCraw, Manzo, Mayfield, Mittler, Miu, Oh, Okamoto, Pena, Pernus, Pham, Polufaly, Rosney, Sashital, Sepehri, Shane, Siciliani, Siddioui, Spolidono, Stone, Surabian, Szabat, Thompson, Tillman, Turrentine, Volkov, Wang, Ward, Watson, Wei, Weng, Whitsitt

Kristine Brady  
President of Psychology  
Club

"Initiating interpersonal relationships is a very important part of belonging to the psychology club."

"KASA's goal for this academic year is to learn, grow, explore, and experience the enriching and redeeming qualities of a more harmonized awareness of being Americans of Korean descent."

Maxwell Min  
President of KASA

Roster: C. Choi, L. Choi, E. Chong, Y. Chong, B. Ham, C. Kim, J. Kim, K. Kim, T. Kim, B. Lee, J. Lee, J. Lee, J. Lee, M. Min, K. Moon, L. Mun, S. Na, D. Park, J. Park, J. Park, J. Park, K. Shinn, K. Sung, S. Yi, B. Yim, K. Yuhan, J. Chu, J. Bae, D. Juhn, P. Kim, S. Park, A. Cho, P. Kang, S. Jung, N. Lim, S. Kim, M. Kim, G. Yoo

## KASA

Though it is difficult to pinpoint exactly how many Korean-Americans are on campus, a rough and conservative estimate would be 850 students. Registered members in KASA as of fall quarter of 1988 stands at 291 students, and this is increasing at an average rate of 15 new applicants a week. As far as active members are concerned, at all of KASA's activities thus far, there has been an average of 140 students in attendance. We, at KASA, have increased planning of activities involving high school tutorial programs, high school phone counseling, cultural awareness, APSSA, peer academic counseling, and basic unity among Korean-American collegiates at Irvine. Ultimately, the KASA's goal for this academic year is to learn, grow, explore, and experience the enriching and redeeming qualities of a more harmonized awareness of being Korean-American students.

## U SEE EYES

U SEE EYES is an organization dedicated to students who are interested in pursuing their future careers in the field of optometry. Throughout the year, U SEE EYES will take these perspective students on tours to introduce them to optometry schools, optometrists and many optometric associated fields. U SEE EYES will also update members on current issues regarding OAT and admissions. Aside from these activities, U SEE EYES also provides fun activities such as a Christmas party, B.B.Q. at the beach, sports, and an annual banquet. Thus, U SEE EYES realizes having fun is as important as studying hard. Over the last few years U SEE EYES has grown into a vital campus organization. If you are a prospective optometry student please join us!!!

Hwa Rang Do is 1800 years old Korean martial and healing art. Originated in the Kingdom of Silla by King Chinghung and the Buddhist priest Won Kwang Bopsa, Hwa Rang Do was used as a combative weapon and healing tool in the feudal wars, and focused on the wellroundedness of the person in philosophy and the arts. Today it thrives under Dr. Joo Bang Lee, the 58th successor to the title of Supreme Grandmaster. The international head quarters is based in Downey, California. The UCI Hwa Rang Go club is instructed by Master Henry T. Lee. He is the eldest son of the Supreme Grandmaster and his belt ranking as 5th degree black belt titles him as a master of art. The UCI club which was voted the best sports/rec. club of the 1987-'88 year meets on Wednesday at 7:30-9:30pm and Friday at 2:00-4:00pm in the Crawford Hall mat room. Beginners and experts are all invited to share in the experience.

## Hwa Rang Do

Roster: S. Abdellatif, N. Dam, M. Ferreri, E. Gureghian, T. Hoang, Q. Hong, D. Hriang, R. Jung, T. Le, S. Mought, E. Poon, B. Reeh, N. Rivera, C. Sun, N. Wang, P. Wang, J. Yoo, N. Yoritata

Christine Sun  
President of U SEE EYES

"U SEE EYES features many academic activities as well as having lots of fun. Throughout the year, you'll have a brand new knowledge and overview about optometry when you take on U SEE EYES insight. Don't miss out!"  
— Christine Sun

"It's the most challenging college course offered. Where you learn your limitations and physically and develop your true potentials. Go for the challenge and gain a great college experience!"

Jay Wandalowski  
President of Hwa Rang Do

Members: S. Cross, C. Dimarvcut, E. Dimarvcut, R. Donnelly, M. Dunn, F. Farley, M. Geifman, M. Gorman, E. Kamiya, B. Koh, G. Kostello, D. Kuvellis, S. Lin, J. Morgan, P. O'Crowley, C. Reineck, J. Schouw, R. Smith, B. Thompson, J. Wandalowski, J. Weisel, S. Wells.

## BAHA'I

The Baha'i Faith is the youngest religion in the history of mankind and is independent of all other religions. The main goal of this faith is the achievement of "Global Peace", which we believe is inevitable. We, as the members of the Baha'i club at UC Irvine, feel responsible for informing our beloved friends about this new Faith and the system it carries for reaching world peace. This is the least we can do for the betterment of our future generations.

Roster: V. Afsahi, J. Allen, F. Berjis, M. Bolbolan, C. Lame, B. Jeffers, N. Khorvah, K. Molavi, R. Morgan, T. Morgan, V. Negar, G. Pirmoradi, J. Spookian, A. Vojdani, B. Yazdi.

Faraz Berjis  
President of Baha'i Club

"Let's have one world, one planet, please."

"I'm just in awe over the rapidly growing community of Jewish students. With over 250 at our first dance! In addition the Jewish and Israel faculty and staff are uniting to help us all form an exciting Jewish community."

Karen Bregman  
JSU/Hillel Co-President

Roster: Bregman, Goliff, Barlevy, Michaelis, Friedman, Rogson, Kalish, Hurvitz, Hicks, Plotkin, Muskat, Minovitz, Rabin, Cherry, Meadow, Guzik, Lee, Carter, Braverman, Sandler, Lieberman, Elhekave, Melvin, Sommer, Weinzimmer, Levine, Stern, Wiedhopf, Davidson, Ahdoot, Harris, Zemel, Franco, Friedman, Lish, Useloff, Drugutsky, Kaplan, Borenstein, Brenner, Doigny, Schwartz, Kidwell, Sake, Rofsky, Sherman, West, Ceren, Fellus, Benzeevi, Bredt, Bridge, Halle, Buehler, Callot, Cohen, Cooper, Duzman, Eisner, Fagan, Fernandez, Firestein, Fishman, Gary, Halpern, Spiegel, Weiner, Kaufman, Schwartz, Lapedis, Schreiman, Wolf, Marger, Meyerowitz, Olf, Jessel, Herskovitz, Weinstein, Roossin, Joseph, Leon, Penstein, Rapp, Sahl, Schteinschrabeer, Standard, Herman

## JSU

## CCM

Chicanos for Creative Medicine is a pre-health organization dedicated to the academic success of its members and to promoting awareness of the needs of medically underserved communities. CCM provides an advanced reading skills class and study skills workshops in the Cross-Cultural Center. We organize study groups and have an extensive set of practice mid-terms and finals on file. We also have a Big Brother/Big Sister program in conjunction with the Chicano Medical Students' Association at the UCI College of Medicine. We encourage our members to participate in summer pre-health programs and to take advantage of the invaluable experience gained by conducting research along side some of the most outstanding scientists in the U.S. What sets CCM apart from other clubs on campus is that we not only strive for academic excellence, but are equally committed to making an impact in underserved communities.

The Ballet Folklorico de UCI is composed of UCI students whose interest in Mexican regional folk dance provides a vehicle for learning about and understanding Mexican culture as well as an avenue of artistic expression. It fosters an atmosphere of greater understanding and appreciation of traditional folk arts and it provides the University and community with a program which not only entertains but also serves as an educational tool. We feel that there is a need to make the UCI campus and community aware of the beautiful customs and traditions of the Mexican people.

## Ballet Folklorico De UCI

Members: Terezon, Dumo, Win, Chavez, Ware, Hernandez, Nava, Gonzalez, Jimenez, Perez, Carreon, Sanchez, Dinh, Kyriakiris, Abarca, Caravantes, Montellano, Molina, Marquez, Sabatin, Velasquez, Acosta, Nunez, Delgado, Caro, Burgos, Forbes, Jaimes, Mireles, Nunez, Rea, Diaz, Lee, Kafie, Mouet, Smith, Alvarado, Baca, Barrera, Burgos, Curras, Cazares, Castillo, Chavez, Correa, Cho, Davalos, Espinoza, Flores, Fyke, Girala, Carvajal, Harris, Hernandez, Isabal, Johnson, Luu, Manjarrez, Moreno, Noriega, Ontiveros, Real, Reimer, Reyes, Rodriguez, Rubio, Quiroz, Sanchez, Torres, Valencia, Villareal

Sandra Lee, Fernando Kafie, and Joaquin Forbes  
Co-chairs of CCM

Your creative input will improve the delivery of health care to the underserved communities.

"Ballet Folklorico de UCI is unique in the sense that the group has become a large family. It's hard to keep away from something that's fun, educational, and most of all rewarding."

Joaquin Nunez and Paula Rendon  
President and Co-President of Ballet Folklorico de UCI.

Members: A. Acosta, G. Acosta, M. Cardenas, S. Castro, G. Gamez, M. Godinez, C. Gomez, C. Gonzales, R. Hernancez, R. Luna, E. Marquez, S. Marquez, I. Nava, A. Nunez, E. Nunez, J. Nunez, G. Padilla, B. Perez, E. Puentes, F. Ramos, P. Rendon, M. Reyes, R. Romo, S. Ruiz, D. Smith, V. Torres, C. Ysabal

## Peer Health Advisors

The PHA program is organized to cheer in the education of current health issues to students both on and off campus. PHAs are selected to participate in an informative educational program fall quarter. The PHAs are educated by professionals in the fields of women's health, aids, cancer, eating disorders, rape, and other selected topics. With the information obtained and additional research, the PHAs give workshops both on and off campus in current issues of their choice. The PHAs meet both socially and academically for one full year and also participate in community health service and volunteer work on campus.

Members: Aberle, Albaugh-Phillips, Alson, Anderson, Berry, Bishop, Boatner, Boucher, Boukai, Brady, Breneman, Bullock, Callender, Carlile, Casper, Cathcart, Chang, Chen, Cheung, Chewning, Chi, Chiu, Cho, Chu, Cote, Crosland, Cubellis, Damian, Dang, Delaney, Deseran, Dethlefsen, Dion, Duchock, Ellison, Ellithorpe, Engel, Fern, Fitzpatrick Fong, Frudakis, Fujimoto, Gang, Godbille, Goddard, Gorman, Gow, Gray, Grimm, Gyulaf, Haeri, Han, Haugan, Hetu, Hirano, Hoang, Hsu, Huang, Hunt, Hussain, Islami, Jen, Karanikolaou, Keltz, Kim, Kraus, Krohne, Kundu, Kutchemeshgi, Kwon, Lai, Lasky, Lee, Lemmerbrock, Letarte, Liao, Lim, Lin, Liu, Marical, Maxson, McAllister, McDonald, McNeill, Milburn, Moore, Nakamura, Ngo, Nguyen, Oh, Ong, Onishi, Ou, Paben, Paik, Patel, Quan, Ramesh, Rao, Rapp, Rasmussen, Raus, Riddell, Ruben, Saghafi, Samaripa, Shah, Simjee, Smith, Soto, Stuart, Sun Sung, Ta, Tabrizi, Thacker, Toosie, Tran, Truong, Tsai, Tu Vasquez, Vo, Williams, Yland, Yoo, Yu, Zafonte.

"Experience of a life time! Washington is such a dynamic place, there is something to interest everyone."

Coordinators of UCDC Program

"The best prevention is knowledge."

Members: S. Copus, M. Busbee, E. Shay, D. Hartwell, K. Fiorentino, A. Mirano, J. Taylor, M. Hale, G. Coviello, S. Zemel, A. Brodie, J. Brunner, J. Doh, F. Field, L. Jen, A. Heyler, M. Afsharnik, A. Pasqua, L. Ciancio, R. Madrigal, V. Wright, T. Cooper, L. Podufaly, S. Plotkin, J. Engle, L. Turville, M. Davis, P. Putz, R. Navia, K. Sanchez, D. Lish, M. Kimura, D. Weight, C. Rakiey, T. Thomson, R. Rodarte, R. Herrell, L. Chavez, S. Pickering, D. Blancaflor, L. Delgado, C. Capizzi, S. Hilberg, A. Fong, J. Gruender, E. Werner.

## UCDC Program

UCDC is an internship program in Washington, D.C. sponsored by UCI's Career Planning and Placement Center. Each year the program selects 45 to 50 outstanding UCI undergraduate and graduate students for 8-to-10-week internships in Washington, D.C. The program provides full-time, supervised work experience in our country's capital city. It is an ideal vantage point for students to examine the behind-the-scenes activities that shape and implement the nation's future course.

The UCDC program strives to promote a sense of civic responsibility in students by encouraging them to take an active part in the political process. It also seeks to supply students with the opportunity to use skills and principles they have developed in the classroom. Students are encouraged to pursue an internship related to their career aspirations and interests.

CCF

"Be doers of the Word, not merely hearers who delude themselves."  
 — James 1:22 Choosing this as their theme of the year, the members of the UCI Chinese Christian Fellowship committed themselves to improving their communities. With outreach programs for all those who are searching for a long lasting belief, CCF has been active in spreading the Gospel. By handing out gifts to kids for Christmas and by helping the new freshmen adjust to campus life, CCF has had a great impact on campus as well as in the community. CCF always welcomes newcomers and hopes that they will find it a place for them to grow.

Members: Aguilar, Chan, Chang, Chao, Chen, Cheng, Cheung, Chiu, Chou, Chow, Chun, Chung, Deng, Fong, Ho Hong, Hsieh, Hsu, Hu, Huang, Kao, Ke, Keung, Ko, Kwan, Lam, Lan, Lao, Lee, Leong, Lew, Liao, Lin Liu, Lu, Lum, Mo, Park, Phung, Poon, Shao, Shui, Su, Sun, Tong, Tsai, Tse, Tuan, Tung, Wang, Wong, Wu, Yang, Yeu, Yeung, Yoon, Yu, Yue, Zhun.

Petty Yu  
 President of CCF

"This year we committed ourselves to making a difference and not just thinking about it!"

"This is one of the best years Lutheran Campus Ministry has had. There are more activities, and the members are as friendly as ever."

Michael Ferreri  
 President of LCM

The Lutheran Campus Ministry is a fellowship that welcomes Christians of all denominations. We are a religious social organization with the goal of enhancing on-campus spiritual life.

The club plays an active role at U.C.I's Interfaith building, where we hold prayer meetings and video-prompted discussions on current topics in the media. We also participate in the weekly free lunch program on Thursdays at Interfaith. In addition, this year, L.C.M. is planning to go to the Amy Grant concert, the Glory of Christmas, and the Glory of Easter.

Our advisor, Pastor Dennis Tegtmeier, also leads an in-depth Thursday night bible study. This provides a good opportunity for anyone who has heard of the good news of God's free gift of forgiveness through Jesus and wants to find out more about Christianity and the Savior of humankind. We love God because He first loved us. It is because of His love that L.C.M. was formed, and because of His love for you, that we ask you to join us in worshipping Him.

Lutheran Campus Ministry

Phi Alpha Delta Law Fraternity, International

Most undergraduates who consider attending law school usually do so without any real exposure to law or the legal process. UC Irvine's pre-law chapter is designed to help those students considering law school to make the right decisions. Guest speakers from a variety of law schools and professions attend our meetings to shed some light on their particular school or field.

Though we are primarily an informative organization here at UCI, Phi Alpha Delta has active chapters at virtually every accredited law school in the U.S. Once in law school, Phi Alpha Delta members will find themselves provided with innumerable social, scholastic, and professional benefits that cannot be matched.

Anyone who knows will tell you that the law school experience is a difficult one, and Phi Alpha Delta is there to make it enjoyable as well.

Steve Barbaccia  
 President of Phi Alpha Delta

# Alpha Chi Omega

The ladies of Alpha Chi Omega are strong individuals. But when combined, the strength of individuals unites our chapter into a force capable of conquering anything. Each has unique qualities to contribute to the sisterhood. Alpha Chi is leaders, artists, athletes, singers, dancers, and scholars.

Alpha Chi is special in this diversity yet cooperation comes easy when we all focus on common goals. We work together as a group striving for excellence while seeking ways to improve ourselves.

Close to the hearts of each Alpha Chi girl were our many traditional events. We had fun at our annual mountain retreat. We took pride in our yearly "Presents" to show off our new pledges. And for the fourth year in a row, we planned a successful Frisbee Golf Tournament with all monies being donated to charity. But most of all, we pulled together for each other this year. As a chapter, we shared a special bond and each day we worked to live our motto: "Together let us seek the heights."

Michelle Merriman, Sheri Duchock, Gena Martine, and Denise Martella get excited because rush is finally over!

Vanessa Torres shares a hug with Jennifer Boynton when she finds out that she's and "Alpha Chi Pledge" on Bid Day.

**PRESIDENT: BRIGITTE SCHARMANN**  
SENIOR, INFO. AND COMP. SCI.

"I am very proud to be a member of Alpha Chi Omega and feel honored to represent my chapter as President. Through Alpha Chi Omega, I have fulfilled my college experiences and have been given the strength to move on."

**ACTIVES:** J. Abronson, S. Bell, C. Berwald, D. Bialek, J. Bowden, N. Boyle, S. Boyd, J. Boynton, T. Buscemi, J. Cochran, L. Cronemiller, C. De Hesa, M. deWit, S. Duchock, S. Edmond, R. Edwards, M. Feldman, S. Feltner, S. Flaherty, D. Gee, K. Gee, D. Hahn, A. Heyler, D. Hataye, S. Higashi, B. Hubbert, J. Huynh, S. Kanlian, S. Koy, S. Koyama, J. Kwock, D. Lee, M. Lessard, R. Linarez, W. Lower, L. Macaulay, D. Martella, L. Martin, G. Martine, G. Miraya, M. Merriman, R. Montecillo, M. Mueller, T. Nakamura, C. Nance, D. Norris, T. Oman, A. Polzin, T. Rice, H. Rose, J. Samaripa, S. Sarikcioglu, B. Scharmann, D. Simmes, A. Shoemaker, L. Slater, C. Smyth, J. Tuttle, L. Valdez, C. Varela, G. Villanueva, S. Yu, C. Zapata, S. Zemel, R. Zoccolli. **PLEDGES:** B. Aron, K. Bednar, J. Brennan, J. Chasin, L. Chee, J. Feehan, L. Frazer, C. Koyama, M. Gee, M. Goldbaum, C. Hershman, W. Kack, D. Louie, M. Marinkovich, J. McBride, M. Meola, M. Miller, L. Osborne, C. Paddock, T. Powers, L. Ramalho, S. Shapiro, M. Spangler, A. Sumner, B. Tallen, V. Torres, T. Tucker, M. Tutko, C. Wong, H. Yun.

Alpha Chis and their coaches love Fiesta! It's Alpha Chi's time to shine on the athletic field. We'll "stomp um and squish um!"

Sisters enjoy Alpha Chi Paradise during Rush.

Giovanni Miraya and Diana Simmes always have fun at Alpha Chi events, especially Pledge Presents.

# Alpha Phi

The Alpha Phi's have come a long way since their first day at UCI last January, and are now a diverse but unified group with energy to spare. Alpha Phi stresses caring, integrity, scholarship, and service. As a colony, Alpha Phi won the first annual Blood Drive competition, thereby aiding their philanthropy, Cardiac Aid. Alpha Phi members were active in student council, spirit squad, yearbook, and

KUCI, as well as many campus theatrical events. The year featured an Alumnae Career Night and leadership skills workshops. Through the constant close interaction, members learned valuable interpersonal and communication skills. The trials and successes, hard work and unforgettable fun, made them a family—sisters and forever friends.

Debbi Mitchell and Caroline Shen smiled expectantly as the colony's first 70 members were joined together to start the work of becoming a chapter.

Founders Jules Kunin and Jill Mandelstam are excited about our awesome 44-member Alpha pledge class.

Alpha Phi brought roommates Tracy Carr and Samantha Bryer closer together.

The "traditional" song: "A-Phi, A-Phi, whoa, whoa, We're on the go!"

Summer Al-Bayati, Tammy Eggers, Stacy Fierman, Leslie Klein, Christine Kuner, and Rachel Rigoli show off their Alpha Phi spirit.

ACTIVES: S. Al-Bayati, M. Alice, L. Block, S. Bryer, T. Carr, E. Castillo, H. Chen, E. Christian, M. Colee, M. Daly, J. Dunn, A. Dworzak, T. Eggers, J. Fang, S. Fierman, J. Fong, S. Friedman, L. Galins, E. Gill, J. Gill, A. Green, L. Hearn, E. Jeffries, C. Jeong, J. Johnson, M. Kim, L. Klein, R. Knutson, K. Kreplin, C. Kuner, J. Kunin, C. Laine, C. Lanigan, R. Lu, T. Maddox, G. Malek, J. Mandelstam, M. Mikuleky, J. Miller, L. Miller, D. Mitchell, K. Myers, L. Ordonez, L. Orrin, J. Pisani, M. Porter, E. Potter, E. Pratt, B. Quesada, R. Rigoli, A. Ruben, S. Rungaldier, H. Sandegren, H. Sanders, C. Sepulveda, C. Shen, B. Silverman, A. Steinhaus, C. Stone, J. Szpiro, C. Watts, S. Whalen, C. Wright, L. Yokoi; PLEDGES: P. Ajang, T. Basile, K. Beam, K. Bjordhal, A. Boner, S. Cha, M. Chambers, S. Chi, L. Cowan, H. Cronk, A. Eller, S. Estrada, S. Fallon, P. Feldman, C. Flintoff, N. Friedman, J. Fulop, D. Garfinkel, M. Goodiffe, K. Hall, M. Heale, T. Huff, J. Kragh, G. Krick, J. Lee, T. Lee, S. Liang, D. Liem, K. McQuiddy, K. Noor, S. O'Brien, A. Phan, C. Perham, W. Rothman, J. Ruth, M. Sende, P. Shafer, J. Sirignano, J. Taylor, A. Teplin, A. Waldman, C. Wells, J. Wendt, K. Williams.

## PRESIDENT: AMY STEINHAUS SENIOR, SOCIAL ECOLOGY

"Being a part of the colonization of Alpha Phi at UC Irvine has been a great experience for me. It's exciting to watch a group of such beautiful and talented women grow so successfully."

# Delta Delta Delta

The Beta Upsilon Chapter of Delta Delta Delta is one of the few organizations that can proudly boast of a diversity among its members. Tri Deltas at UC Irvine are involved in many activities on campus. While maintaining a strong feeling of sisterhood, this chapter promotes self confidence and individuality in both their actives and pledges.

From the University Center Board to the Ski Club, Tri Deltas were very visible on campus. Sisters were involved with the track team, Cross Cultural Center, Yearbook staff, UC Irvine Song-leading, and Ambassadors to name a few activities Tri Deltas

squeezed into their busy schedules.

Involvement in a sorority can be a very important and rewarding part in the life of college women. It provides a network of friends and support which help instill confidence in its members. The diversity and individuality found among the sisters of Delta Delta Delta and their campus involvement have played a large role in developing a group of well-rounded young women.

Tri Deltas and their Phi Delta Theta dates take time out of their fun-filled evening to pose at the annual Spring Formal.

Dressed up for a night on the town, Emily Brand and Pam Peterson smile pretty at the Fall Date Function.

**PRESIDENT: RUTH BUSENKELL**  
SENIOR, ENGLISH MAJOR

"Being President isn't simply holding an office, it becomes a full-time job, but one that is well worth the time and commitment. Tri Delta has given me an opportunity for learning leadership, organization, and personal communication. Our friendships are a lifetime treasure."

**ACTIVES:** R. Busenkell, K. Chong, D. Court, H. Danielson, J. Doles, D. Doornbos, J. Ernst, S. Eyestone, J. File, T. Fitzgerald, M. Fox, S. Freeman, L. Generaux, E. Gibney, C. Grant, L. Glass, E. Gruwell, A. Haas, J. Habild, L. Halligan, L. Harris, H. Holland, H. Hoppus, L. Hunter, M. Jacobson, S. Kallan, K. Kellogg, J. Kim, L. Kirby, K. Klubnik, N. Lofft, J. Maiona, T. Mandossian, C. Mathews, L. McNabb, D. Messner, K. Minero, J. Morgan, U. Mulokas, D. Murphy, T. Ong, J. Oppedyk, D. Ott, J. Paulson, H. Powers, S. Ramsay, W. Robertson, K. Rohan, A. Rose, B. Rowell, J. Sherburne, G. Simmonds, D. Slotkin, D. Smith, S. Smith, L. Smithson, J. Smuckler, C. Stevenson, R. Stillman, J. Tallman, K. Vandenberg, L. Van Rensselaer, C. Von Haase, M. Walker, K. Watt, D. Weight, K. Wilkins, L. Winston, V. Zuckerman  
**PLEDGES:** S. Abraham, N. Alcorn, C. Bennington, L. Berger, S. Brooks, S. Carnegie, I. Caudell, S. Clark, A. Dailey, L. Delmonico, C. Edwards, K. Evans, A. Gourlay, J. Hanna, T. Jenkins, T. Johnson, J. Klee, J. Kurtela, M. Magee, J. Martin, L. Maurice, K. McDaniel, K. McDaniel, N. Mirisch, B. Murphy, L. Nielsen, K. O'Sullivan, J. Padden, M. Pattengill, S. Pfeffer, A. Ponedel, A. Ross, M. Ryan, L. Saar, H. Saito, J. Seaborn, A. Simon, K. Williams, C. Wood, J. Wynne.

Actives Ruth Busenkell, Holly Danielson and Jean Maiona welcome NU pledge Sumerle Pfeffer to Tri Delt on Bid Day.

Keeping with the festive mood of the party, Tri Deltas Kristy Knudson, Kirsten Chong, Janelle File, and Lynda Halligan show their vitality.

Tri Delt sisters, Juliet Wynne, Cami Edwards, and Janelle File get close at the year's first pledge retreat.

# Delta Gamma

'88-'89 marked another exciting year for Delta Gamma's at UC Irvine. After having an excellent rush and initiating an awesome bunch of new girls, Delta Gammas went on to win the spirit award at Kappa Alpha Theta's "Go Fly A Kite."

Delta Gamma's philanthropy is the Blind Children's Center. Every week a few D.G.'s went to the center to assist in the care of the younger children. This year Delta Gammas started taking notes for blind students on campus.

One of the year's most exciting and fun events was Anchorsplash. All fraternities and sororities at UC Irvine were welcome to participate in this Delta Gamma sponsored event. The event featured competitive swimming and men's water ballet (which always attracts a big crowd)! All

the money made from Anchorsplash went to the Blind Children's Center.

Even though Delta Gammas have a lot of fun on campus, we are very serious about our school work. As a result we have earned the scholarship trophy, which is awarded to the sorority with the highest G.P.A.

Delta Gammas are definitely dedicated to UCI and each other. Anchored in friendship for eternity... that's Delta Gamma.

Michele Nitz, Paul Stirtz, and Imee Diego are all smiles for the Delta Gamma Luau.

Delta Gamma's let their spirit and pride show through at rush.

Delta Gamma alumnae Suzanne Pelton poses with UC Irvine D.G.s at the Garden Party for Vice Chancellor Lillyman's retirement.

Leslie Webster takes a moment out to chat with her sisters.

Lisa Dailey and Susan Barnes have enjoyed their four years as DGs at UCI.

ACTIVES: M. Alayo, N. Angelos, K. Balter, S. Barnes, T. Barnett, S. Beville, K. Blaney, D. Bloom, T. Broyles, K. Butler, D. Canter, C. Capizzi, J. Castro, L. Chipaska, N. Chitty, H. Clark, A. Coleman, M. Conner, K. Cunningham, L. Dailey, J. Dendinger, L. Detjen, I. Diego, S. Donaldson, J. Drew, J. Dysart, A. Eitoku, L. Fadale, E. Farnum, C. Fiam, L. Freeman, K. Fulbright, M. Ghahremani, S. Gilpin, D. Hansen, K. Hansen, C. Haskill, A. Hendrickson, M. Hewitt, S. Hudelson, J. Hudhall, W. Jacobson, V. Karamardian, L. Karberg, S. Kasparian, L. Leahy, L. Legge, K. Lovoid, B. # Gamma Phi Beta

Gamma Phi Beta was founded at Syracuse University in 1874 and the Delta Eta Chapter came to Irvine during their 100th year as a sorority. Gamma Phi is now in its 15th year here at UC Irvine. For all those years, Gamma Phi's have been actively involved around campus and in sorority activities.

From sports to ASUCI seats, to dances and the annual cut-a-thon, Gamma Phis give their all to everything they do. We support each other in all aspects. Gamma Phi Betas work hard as a team, we raised a lot of money for the Orangewood Home to help "cut out child abuse" at the cut-a-thon. We were successful in intramurals and we all enjoyed a fulfilled year of social activities.

Last summer more than five hundred Gamma Phis from all over the nation, including about twenty girls from Delta Eta, gathered together in Palm

Springs for National Convention. Delta Eta was one of the hostessing chapters and provided support and favors for one of the dinners. The whole convention was such a great success and everyone had a great time. We can even boast that we made our debut TV appearance. On November 30th Gamma Phi Beta appeared on Good Morning America in the opening segment and told America to wake up. It was quite a thrill.

No matter where we go or what we do Gamma Phis go in full spirit.

Gamma Phi Betas show off their Derby Days spirit.

Irene Gonzales, Krystal Marksbury, and Missy Munsterman cheer for their team at a sports competition.

**ACTIVES:** V. Agaloff, C. Aguirre, R. Alamshaw, M. Alexander, M. Anderson, L. Assilin, M. Bacon, A. Bati, L. Becker, B. Benneyan, H. Bornfeld, R. Borrelli, P. Buchanan, L. Chan, C. Chang, P. Zamzow.

**PRESIDENT: AMY LANIGAN**  
SENIOR, SOCIAL SCI/MANAGEMENT

"I really enjoy being President because I've been able to effect some positive changes. My sorority has given me a new sense of direction, some great memories and lots of new friends."

# Kappa Alpha Theta

Founded in May of 1985, the Epsilon Sigma Chapter of Kappa Alpha Theta came on strong, and we've been gaining momentum ever since! Not only have we won the scholarship trophy, we've dominated in sports such as volleyball, soccer, and swimming; firmly established our annual "Go Fly A Kite" fundraiser with an increasing success rate each year; boosted our awareness of our generation's social concerns with our participation in

the FIJI Impact Program, Bacchus, and Theta's national alcohol awareness awards program; and as one of the newest chapters at Kappa Alpha Theta National Grand Convention in Philadelphia, we captured two awards!

We Thetas take pride in our individuality, yet we work together as a unit. As always, our goal is to improve upon the best: the best within ourselves, our chapter, our campus, and our community, for the benefit of all-including you!

Sherri Jameson, Cindy Litzie, and Erica Weiner get ready for the festivities at their annual "Go Fly A Kite" competition.

Thetas are excited to greet their new pledges on bid day.

**PRESIDENT: MARILYN BOLLES**  
SENIOR, ENGLISH MAJOR

"It's been a great honor for me to serve as President of the UC Irvine Thetas. The experience has been an education in itself and the pride and respect we share as Thetas is far more valuable than any college degree."

**ACTIVES:** S. Aaron, E. Abe, L. Barnes, C. Bolano, M. Bolles, S. Bonforte, D. Borenstein, D. Britt, G. Bromson, A. Burke, S. Carson, C. Castiglis, E. Chamberlain, D. Chong, M. Chuma, M. Codispoli, N. Condon, M. Cressy, C. Crockett, K. Cox, K. Elliott, B. Fernandez, S. Fleury, G. Friedman, F. Fukute, P. Gibson, D. Ginsberg, S. Gledhill, S. Gugliuzza, T. Hernandez, S. Holtz, K. Imahara, N. Johnson, K. Keeler, A. King, S. King, K. Kramer, D. Kretchmer, D. Lee, V. Lee, S. Lindenberg, H. Macy, J. Marsden, J. Mathis, D. McHugh, K. Milligan, G. Nelson, M. Nguyen, K. Onishi, K. Ovron, M. Persico, W. Pollock, N. Pourang, I. Pressman, K. Rose, M. Roshan, R. Rubenstein, K. Ryder, M. Sashital, K. Schlangen, S. Serrurier, A. Shaw, D. Shiffman, K. Smith, M. Storch, C. Szalkiewicz, N. Wasada, E. Weinberg, E. Werner, M. Willey, J. Wolf, J. Woo, S. Ziv; **PLEDGES:** P. Bartlett, K. Buchanan, B. Bushnell, K. Cariffe, J. Chanawatr, S. Choy, S. Corless, C. Day, I. Evans, M. Fontillas, L. Goodale, J. Haas, L. Harris, C. Keegan, L. Lee, E. Lising, T. Morr, C. Morse, J. Nielsen, K. Nietz, L. Parker, C. Philbrick, A. Rando, M. Ross, L. Schuler, S. Schwartz, S. # Kappa Kappa Gamma

The Zeta Eta chapter of Kappa Kappa Gamma had a busy year! We took 39 very talented and excited pledges in our fall rush and enjoyed another great Pledge Active.

We had a great year for philanthropies; Operation Santa Claus to help the children of C.H.O.C. and our annual Balloon Derby benefiting A.N.A.D. Our activities went even better! Everyone enjoyed the annual Monmouth Duo together with the Pi Phis. On the Kappa Kruse, the actives and our guests had a great time, and the Sapphire

Ball was a beautiful way for our newest actives to celebrate their initiation day!

Kappa also put on its second annual Mother-Daughter fashion show which had a fantastic turnout of enthusiastic moms. Kappa Kappa Gamma had a great time at Derby Days, Greekweek, Fiesta, and Songfest, to mention a few. So, as we look back, we can safely say Kappa Kappa Gamma has had it's best year ever at UC Irvine!

Teresa Close and Robin Palladino convey their Kappa pride!

Kappa's brighten other lives when they assist the children of C.H.O.C..

**PRESIDENT: EMILY EGGLESTON**  
SENIOR, POLITICAL SCI/SOC ECO.

"I have enjoyed serving Kappa Kappa Gamma as President this past year. It has been a learning experience that I will cherish for the rest of my life. Through my five years as a member of this chapter I have seen this group of women grow together and flourish. I am proud to be a Kappa.

**ACTIVES:** A. Albrecht, A. Allison, D. Atherton, T. Baca, J. Bake, J. Barnett, K. Bjuzevich, S. Black, C. Blue, P. Boivin, J. Brunson, T. Close, K. Cooper, E. Correnti, K. Crayne, M. Deluna, G. Koerksen, E. Eggleston, K. Elmore, M. Farsai, A. Fong, G. Garber, W. Gasteiger, A. Gullish, M. Harris, D. Hansen, J. Hardeman, H. Honarvar, S. Husain, M. Husges, K. Jio, J. Johnson, H. Junge, A. # Pi Beta Phi

Pi Beta Phi began the 1988-89 school year with an outstanding rush which added 37 fantastic pledges to their chapter. Activities such as beach BBQ, class parties, and our annual stocking exchange served to unite the actives and pledges.

During Fall quarter, Pi Phi's could be found participating in the many events such as exchanges, Monmouth Duo, Pledge Active, intramural sports, and philanthropic activities. Winter quarter started out with the Actives-Only Retreat in Palm Springs which

helped everyone get geared up for Greek Week.

In February, Pi Phi's shared their sorority experience with their parents at the Presentation Ball. In Spring quarter, Pi Phis displayed their spirit at Derby Days, Fiesta, and Songfest.

Amidst the social events of the year, Pi Phis also made it a priority by holding weekly food drives for the homeless, participating in Zots for Tots Toy Drive, visiting nearby convalescent homes, supporting Cystic Fibrosis, and sponsoring a C.A.R.E. workshop.

Susan Barnes and Wendy Littell, another dynamic Pi Phi duo.

Kristin Hoyer and Ileah Thompson dress up to greet prospective rushees on Preference night.

Pledges of '85 will join the ranks of UCI alumni in June.

Kristin Hoyer and Dayna Inkeles join forces to present a fantastic rush skit.

Alumnees Carolyn Hyland and Dawn Blanca show that sisterhood lasts forever.

# Panhellenic Association

The Panhellenic Association is a basic support group for the sororities on campus. Panhellenic consists of two representatives from each sorority who work together to help make the Greek system at UC Irvine the best it can be. Being a group of college women, Panhellenic also exists as a group that stands for the betterment and advancement of all the sorority women on this campus. Not only does Panhellenic work for the sororities but it has also worked

as a special interest group within the campus and the community.

Philanthropies, fundraisers, ethnic awareness education, etc . . . are all a big part of panhellenic's activities throughout the school year. But, that is not just the half of what Panhellenic does. There is a fun side too. Exchanges, weekly "eating" meetings, and retreats allow for Panhellenic to be as successful as it has been, is, and always will be.

Roster: Rita Alamshaw, Lori Barnes, Nanette Chitty, Mary Pat Daly, Janie Doles, Sara Edmond, Cheryl Focht, Deidre Gee, Marni Harris, Ann Heylar, Kristin Hoyer, Donna Longobardi, Sara MacInnes, Gilda Malek, Jennifer Morgan, Dorothy Rogers, Kathy Rose, Karen Salter, Kari Schepman, Alana Shaw, Ellen Thomas

# Phi Zeta Tau

Phi Zeta Tau is not a dental honor society, nor is it an engineering fraternity. Phi Zeta Tau is, and finally has been recognized, as UC Irvine's only Asian America sorority. We are a young sorority, about seven years old, but we have accomplished a lot since our beginnings. We are becoming more and more active with the Greeks on campus as well as being involved with APSSA and the Asian Greek Council of California. Every year we

participate in more service projects benefiting the Asian community and other social events and fundraising projects. We often interact with other Asian fraternities and sororities at UCLA, USC, UCSB, CSULA and UC SLB.

Phi Zeta Tau is a rapidly growing sorority with high hopes for our present and future. We know we will never be mistaken for another organization again.

Carol Wong welcomes her new sorority little sister, Kim Wong, into Phi Zeta Tau.

The Phi's cheer on their brother fraternity in a football game.

PRESIDENT: Sharon Shiroma Senior, Psychology/English

"Who would have thought that when I pledged four years ago as a freshman I would someday be president! But the sorority has given me so much — friends, laughs, good times, a chance to help in the school and community — that I thought I should give something back. Being president enables me to do this."

Roster: ACTIVES: C. Chen, J. Chen, Y. Chen, A. Fistel, G. Hashimoto, B. Hing, L. Ho, S. Hom, S. Kim, L. Kuo, C. Luo, T. Tsujimura, C. Matsuda, L. Miyano, I. Morimoto, J. Nakasone, K. Nguyen, D. Quan, L. Savanapredi, S. Shiroma, I. Soo, C. Takayama, C. Wong, K. Wong, T. Wong. PLEDGES: M. Chew, M. Fernandez, P. Fong, S. Giep, L. Gong, S. Ho, J. Hom, L. Kakita, M. Kang, L. Kim, D. Fujimoto, N. Kuroki, J. Motoike, R. Shen, C. Siu, A. Tsang, E. Wei, K. Wong, S. Wong, D. Yamaguchi, F. Yokoyama.

# Alpha Kappa Alpha

Alpha Kappa Alpha, the first predominantly Black sorority was founded in 1908 at Howard University. The Lambda Sigma Chapter of UC Irvine presently consists of twelve women who are all valuable assets to the Irvine Community. Some of our involvements included, Affirmative Action Intake-counselor, President of the B.S.U. Gospel choir, SPOP/Uni-Prep Coordinators, Saturday Academy Interns, Resident Assistance for Mesa Court, Program assistant for Meas Court, and Cross Cultural Center Board. Together with the professional sorors on campus, such as Dr. Christine Mosley, Joan Coleman, Zina Evans, and Carolyn Bolden, we contribute to the advancement of all communities in the surrounding areas. Some of our members were the

proud recipients of various awards from Irvine's Black Community during the 1986, 1987, and 1988 Black Award Banquet. These awards range from Most Inspirational Senior to Outstanding Freshman and Junior as well as Outstanding Alumni, Staff member, and Outstanding Senior. We, the women of Lambda Sigma Chapter, take pride in the chapter as a whole as well as in each individual member.

Jamie and Leah are shoulder to shoulder sisters.

Jackie and Rebecca seriously debate their stress levels during finals week.

Roster: **ACTIVES:** L. Adams, C. Bigelow, R. Brocks, J. Brown, L. Brown, M. Curtis, R. Henry, J. McGreggor-Jackson, M. Robinson, D. Swayzer, D. Thomas, R. Woods.

President: Rebecca Henry Senior, Biology  
AKA means more to me than I can express in a short passage. The friendships I have formed will last me a lifetime. I will always treasure the many moments I have shared with my sisters and look forward to the many more to come.

# Delta Sigma Theta

The XI Omega Chapter was founded at UCI on May 31, 1980. Since its inception, the chapter has been actively participating in service aimed at the advancement of the Black Community. Some of our services included the following: Voter Registration; educational workshops; and annual scholarship donations. We also have two other events that are annual. They are our Turkey Run and our Gospel Extravaganza which benefits our two scholarships. The Lisa E. George memorial scholarship and the Fred E. Henderson scholarship. In recognition of our outstanding service efforts for the year of 1983, Xi Omega was awarded certificates by both the Black Student Union and the Student Activities Office. In 1984, the chapter received the Most Outstanding Organization award from the Black Student Union.

President: Tamera Trotter, Senior, Social Sciences

Members: T. Trotter, S. Foster, J. Allen, S. Stallworth, C. Willie, L. Williams, L. Woods, J. Redd

# Beta Theta Pi

The Delta Sigma chapter of Beta Theta Pi is entering its fifteenth year at UC Irvine. In that time, the chapter has excelled in both academics and athletics, winning seven of eleven academic trophies as well as five IFC sports championships.

Socially, Beta Theta Pi has planned many great events. The traditional Beta Twister started

the year off along with a very successful rush. The Winter Formal as well as the annual Palm Springs weekend highlight a busy and exciting school year. Again the Betas have distinguished themselves from all others in its pursuit of academic dominance.

Doug Warden poses with his new roommate.

Todd Schubert relaxes after a hard day of studying.

Roster: M. Amash, J. Bareford, M. Bentley, S. Bollinger, P. Bourne, M. Briggs, G. Brown, R. Brower, H. Chang, D. Clapp, R. Chopra, T. Codde, N. Daly, J. Davis, M. Decker, R. Espero, M. Fox, C. Frisch, M. Gartlan, B. Gates, T. Gray, J. Gunderson, F. Hatashita, K. Hawkins, P. Heidemann, C. Horne, C. Hubbard, K. Ikuma, M. Jackson, B. Kehe, B. Klawunder, B. Kubiak, D. Lamb, R. Manahan, J. Marshall, M. Marten, P. McDonald, J. McNichols, M. Mooney, D. Moore, D. Morris, R. Norquist, E. Paulson, M. Perisi, D. Pettker, C. Ranson, D. Robinson, B. Rose, J. Sallan, T. Schubert, B. Seitz, S. Shaw, R. Stamen, D. Tanikawa, L. Unzelman, C. Wallace, M. Walsh, D. Warden, D. Watts, N. Weintraub, B. Whitten, C. Zachary, M. Saunders, T. Schaffer, D. Schofield, A. Chaleff, M. Deedy, G. Ezgar, R. Havassy, A. Hill, D. Block, T. Horton, A. Hunt, M. Lumkin, A. MacMillan, C. Natland, G. Norquist, C. Plumley, C. Romo, J. Watkins, W. Webb, A. Watson

President: Tim Codde  
Senior, Economics  
"Good friend, in the path I have come," he said. "There followeth after me today a youth whose feet must pass this way. This chasm which has been a naught to me To that young man may a pitfall be. He, too, must cross in the twilight dim. Good friend, I am building this bridge for him."

# Chi Psi

In 1841, ten gentlemen formed themselves into a fraternity with a purpose distinct from the literary fraternities of the time; one that emphasized social bonds and shrouded itself in secrecy. Now, as with back then, Chi Psi prides itself most on the quality of men who share its bond of brotherhood. It is the undergraduate experience which brings these individuals together in a very special and unmatched brotherhood. The camaraderie is unbeatable; the friendship unbreakable. These men ful-

ly dedicate themselves to excellence in all endeavors believing that to be the key to success. In 1966, Alpha Lambda Delta was the first to organize a fraternity at UC Irvine and founded the Greek system that flourishes today.

An exciting National convention in Portland Maine during the summer set the pace for an outstanding year. At the convention, Lambda Delta was recognized for its momentous improvements and achievement, winning the majestic bronze Pheonix depicted in the Founder's Trophy. During fall quarter, the Alpha and its 7 pledges held four sorority exchanges and partied at the Irvine Hilton for their Pledge active. Songfest was done with the Pi Phis and at the Birthday Banquet, held May 20th, Michael Illuzi, the Executive Director, spoke as the Alpha wished its 17 graduating seniors all the best with their latest success.

Chi Psi's and their dates show off a western flair for their date function.

Jody Riggs gives a big smile in return for a big pinch on the cheek.

President: Randy Bremer  
Senior, Economics  
"Setting our expectations high and working together we reached the pinnacle of achievement in the history of our Alpha. We are proud of that fact and we will never forget this year, nor what CHI PSI means to us all."

Roster: ACTIVES: J. Barbeito, B. Beck, D. Bengin, R. Bremer, J. Brenner, D. Brooks, K. Courtney, S. Delfino, S. Doods, B. Duckworth, J. Fernandez, T. Grace, M. Hale, M. Hsueh, B. Jung, B. Keffeler, R. Kiesel, M. Lichtman, A. Luzio, J. Mangan, M. Manueller, D. Maples, S. Miltimore, T. Nguyen, J. Oh, W. Oshita, E. Ozgul, R. Paletzki, J. Riggs, A. Samala, S. Seiden, W. Sheppird, M. Stevenson, T. Sword, D. Uneda, K. Watson, E. Wenk PLEDGES: P. Ching, S. Dudek, C. Lo, G. Madrid, E. Peterson, M. Sims

# Kappa Sigma

The main purpose of all students at UCI is to excel in academics. Kappa Sigmas believe that the most important goal for us here in Irvine is to pursue excellence in our studies. Since our founding, we have always been one of the top three fraternities academically. Two of the past three years, we have received the IFC Scholarship Trophy.

The Mu-Delta Chapter of Kappa Sigma takes great pride in its sports. In 1984 Kappa Sigma won the IFC Sports Trophy and ever since then we have

been ranked no lower than third. Currently there are 17 brothers involved in intercollegiate athletics.

Commitment to excellence is what makes Kappa Sigma. In the years that follow, an infinite number of things will change. But the commitments, ideals, and the brotherhood of Kappa Sigmas everywhere will remain long past our college years.

Kappa Sigma . . . not for a day, an hour, or a college term only; but for life!

The Kappa Sigs get dressed up for a special occasion.

The strength of brotherhood helps build the closeness of Kappa Sigma.

Kappa Sigmas pile up with good times down at the beach.

Joe Weimortz takes pride in being a Kappa Sigma.

Three brothers show their loyalty by displaying their fraternity's red, white and green.

President: Art Hernandez  
Senior, Biology

"As I look back on my years as a Kappa Sigma, I'll remember not only the sports, parties, and philanthropies, but the brotherhood. I can't describe the feeling that I share with my brothers. It's a bond for life! I know that when my time is up, I'll die a Kappa Sigma."

Roster: **ACTIVES:** B. Abe, J. Ackerman, A. Alikhan, B. Baron, W. Barrett, D. Barstad, M. Baskovich, B. Benson, S. Brown, G. Caballero, S. Chamberlin, G. Chiarito, M. Cox, B. Cunningham, P. # Phi Delta Theta

The spirit of the Phi Delta Theta fraternity defines brotherhood, unity and strength within our members. Together, we all strive for common goals of success in life, academics, and social awareness. A common bond joins us in our endeavors and is emanated in the determination and enthusiasm we evoke on our UCI campus.

Excellence in academic achievement, athletics, and community service constitutes the make up of Phi Delta Theta. The diversity of interests and personalities in the chapter characterizes our uniqueness and differentiates us from the other fraternities on this campus. The pride

felt by each member establishes a propinquity that results in expressive social activities as well as involvement in a creative campus lifestyle; bringing forth the spirit of Phi Delta Theta.

Rick Smirl and Terry Iles show who's number one at the Phi Delt-Tri Delt exchange.

Will Wallett and Doug Keel team together for a day at Knotts Berry Farm.

Roster: **ACTIVES:** J. Abell, E. Amdursky, R. Augustini, K. Barth, J. Benson, H. Blake, D. Boihem, H. Boihem, J. Bolts, J. Braun, R. Brietweiser, K. Briscoe, K. Carroll, J. Choi, A. Corria, J. Cousins, B. Davidson, M. Gabel, B. Guzik, E. Hanley, M. Hilgeman, T. Iles, T. Kaiser, T. Kashani, G. Kaszacs, D. Keel, B. Kidwell, T. Konia, R. Lieberman, M. Marini, S. Marquette, C. Mason, P. Matthews, M. McCall, M. Miller, J. Minami, C. Minks, G. Montgomery, G. More, L. Moore, K. Moran, B. Nichols, S. Noon, S. Park, C. Parvin, K. Pechter, S. Pendergraph, S. Phelps, G. Quinonez, D. Raig, E. Rindahl, M. Rinn, E. Rivero, M. Rowan, C. Runnals, R. Salaz, S. Salmon, T. Sandler, J. Schuck, K. Seidel, A. Silverman, T. Smiley, R. Smirl, J. Smit, J. Stout, M. Tincup, T. Thomas, T. Thornton, D. VanPatten, W. Wallett, G. Ward, C. White, B. Whitteman, B. Wyland, R. Yamakawa, J. Zolkin. **PLEDGES:** C. Carter, D. Connor, T. Donley, M. Downing, J. Fearnly, K. Kiersey, M. Kovits, B. Lading, C. Meyer, N. Muchin, D. Niculescu, R. Peterson, J. Pauletich, M. Quinn, G. Schwartz, G. Shinkawa, S. Titzer, M. Vert, J. Thayer.

**President: Rick Smirl**  
Senior, Econ/Pol. Sci.  
"Being president of Phi Delta Theta has been an exceptional experience, one that I'll remember for the rest of my life."

# Phi Gamma Delta

The members of Phi Gamma Delta are once again pleased with another banner year at UCI. Despite the construction on campus throughout the year, the Fijis joined the rest of the school in realizing that fun could still be had. From "Go Fly A Kite" in Fall to our own Photon Tournament in the Spring, we have worn ourselves out trying to get the most out of 1988 — 1989.

But as much fun as we have

had this year with the rest of the Greeks and with the entire school, the secret to our success lies in our own brotherhood. To our graduating brothers, good luck! We will miss you. A piece of advice for all graduates — work hard, play harder, but never forget your roots. To our graduates — "Here's to good ol' Delta — and remember — Friendship is the sweetest influence!"

The Fiji's spirit flies high at Theta "Go Fly A Kite."

Brett Mansfield and Andy Meginnis get ready for the festivities on 'Prohibition Night' of fall rush.

**President: Jeff Kearns**  
Senior, Economics  
"From one great group to another, the Fijis wish good luck to the class of '89!"

Roster: **ACTIVES:** M. Appel, H. Boyerman, C. Brown, C. Bunch, E. Caliedaon, D. Carter, E. Castro, P. Chiang, N. Cullen, J. Duchi, M. Egan, T. Gaworski, K. Glenny, D. Han, B. Harris, D. Harvel, K. Hill, D. Hoggard, P. Hon, A. Ilano, J. Kearns, J. Kim, J. Lee, M. Leverett, B. Mansfield, K. McWilliams, A. Meginnis, M. Moreno, P. O'Leary, A. Reate, B. Regardie, K. Rose, E. Sanguneti, D. Solis, C. Taylor, R. Vaughn, V. Welter, M. Wilcken, R. Wod. **PLEDGES:** D. Bode, M. Carrsde, B. Chudner, T. DuMont, B. Gibson, K. Gronbach, M. Haydon, R. Heppenstall, M. Hulings, C. Kiafar, A. Kim, S. Lui, S. Marquez, R. Nieves, J. Overson, D. Tully, D. Velek.

# Sigma Alpha Epsilon

Through hard work, our group of diverse yet strong-charactered men has kept in stride with Sigma Alpha Epsilon's national strength. After having been chartered for only one year, we have been recognized nationally by not only receiving the Chapter Achievement Award, given to SAE chapters that display extraordinary strength on their campuses, but also by being one of twelve chapters nominated for the John O. Mosely Zeal Award, given to the most outstanding SAE chapter in the nation.

Our campus and community involvement proves that our accomplishments go beyond awards. As a fraternity, we raised money for worthy causes during the campus-wide songfest and our own Tennis Tournament for Wheelchair Tennis. Still, brothers show their involvement in every spectrum of campus affairs ranging from intercollegiate athletics to prominent ASUCI administrative positions.

Bart Madea and Brian Dalessi show off the trophies for the annual Sigma Alpha Epsilon Tennis Tournament.

Fred Roggin supports the SAEs in the 1988 Tennis Tournament.

Roster: Actives: J. Adcock, J. Allen, G. Ashbaugh, G. Bader, J. Blanchard, A. Bobrow, T. Burns, R. Campbell, R. Chapo, A. Chatziz, J. Chung, J. Conti, K. Costanza, B. Creager, P. Daleiden, B. Dalessi, J. DeleDonne, E. Detels, E. Eliassen, S. Emigh, S. Farquhar, J. Fuerst, T. Gfroerer, S. Grooms, J. Hart, J. Haupt, S. Herrera, R. Herron, B. Holt, M. Howl, G. Huber, E. Kamiya, P. Kang, D. Kenny, P. King, S. Kumamoto, J. Kuri, D. Kuvelis, A. Lasky, M. Lasky, J. Lieb, S. Longhurst, M. Lush, B. Maeda, M. Maiona, M. Mansfield, S. May, M. McCall, C. McNamara, D. Nottage, S. Ozaki, C. Ruiz, K. Holeman, C. Titzer, T. Tuttle, G. Vescio.

President: Scott Farquhar Senior, Econ/Psych.  
 "Having been given the honor of leading the California chapter of SAE, I have gained many things. You know they say "To get one good friend out if life is a blessing." Well . . . I have been blessed with the friendship of eighty. This group has become my source of fun and the highlight of my life."

# Sigma Chi

What is fraternity life all about? Is it a constant party where studying is an abnormal social behavior? Or is it about accepting others, growing up, and eventually graduating to make a difference. I would wager that a Sig would immediately reply . . . "All of the above!"

From the start, a Sigma Chi Pledge is confronted by the reality of what our Fraternity is all about: giving 110% in every endeavor. It's this "all or nothing" attitude that offers the best explanation for the unrivaled success of Sigma Chi's at UCI and abroad. Whether it be on the athletic field, in the classroom, at parties, or at the River, Sigs are constantly setting the standards by which others are measured.

ing" attitude that offers the best explanation for the unrivaled success of Sigma Chi's at UCI and abroad. Whether it be on the athletic field, in the classroom, at parties, or at the River, Sigs are constantly setting the standards by which others are measured.

Brian Wynn shows off his athletic ability in a game of ultimate.

The Sigs take a break from a long day of skiing.

President: Leighton Smith Senior, Biology  
 "As president of Sigma Chi, I have had the opportunity to interact with many different kinds of people, both socially and managerially."

Roster: ACTIVES: K. Anderson, T. Bailey, I. Barlett, M. Bennett, B. Bird, E. Bozza, D. Brandt, J. Breslo, J. Browning, T. Burdine, R. Busch, R. Cerniglia, D. Chen, J. Cooper, A. Denogean, M. # Sigma Nu

Sigma Nu, UCI's newest men's fraternity, is making a positive impact on campus. Their membership of 70 active brothers and a strong alpha pledge class is actively involved within the Greek system as well as the campus and community. Their positive involvement within the Greek system is evident in the fact that they brought home first in the SAE Tennis Tournament (for philanthropy), first in spirit at Kappa Alpha Theta's philanthropy, and having last year's founding pledges ranking first in overall pledge GPA. For the community, Sigma Nu raised over \$1500 for American Diabetes of Orange County, with the support of other fraternities and sororities.

Being involved campus wide remains an integral part

The Sigma Nus take a break from school to enjoy some afternoon festivities.

Darren Fields decides he needs a rest after a day of sports competition.

President: David Richardson Senior, Poli. Sci.  
 "Measure of a Man . . . The credit belongs to the man who is actually in the arena; whose face is marred by dust and sweat; who does know the great enthusiasm, the great devotion; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement."

Roster: **ACTIVES:** M. Afsharnik, J. Anderson, R. Angell, S. Barbaccia, G. Becker, J. Berger, J. Bertisch, J. Bettencourt, E. Bleuel, J. Brunner, R. Che, G. Chiang, A. Colon, B. Dales, G. Davis, N. Desai, C. Eilers, J. Gruender, M. Hanley, R. Hatem, S. Hauser, S. Hilberg, A. Ho, C. Holst, E. Jensen, T. Johnson, S. Kamali, K. Khatami, R. Kolostian, T. Kronemann, T. Kuo, D. Langford, D. Lau, C. Lee, T. Lee, B. Lapan, R. Mark, E. Mascardo, P. Montoya, J. Nagafuji, J. Nelder, M. Nisco, D. Patel, F. Perez, M. Piazza, D. Presser, R. Quon, E. Rans, T. Rapista, C. Reavis, D. Richardson, B. Sakai, P. Schiffman, W. Schultz, S. Segall, J. Serrato, S. Shane, D. Smith, S. Smith, S. Snarr, T. Snarr, M. Sperling, J. Tegtmeier, M. Tolley, K. Tom, D. Triepke, S. Walters, R. Weisskirch, E. Wendehost, K. White  
**PLEDGES:** W. Drake, J. Felton, D. Fields, S. Hassler, J. Hiller, S. Jenkins, R. Job, M. Kline, R. Malin, D. Marshall, D. McCormick, B. McQuaid, M. Petrie, J. Schenk, A. Stolpman, P. Vanek, T. Warner

The alpha pledge class really knows how to have a party.

Dave Triepke takes time out from the party to pose for a picture with his friend Linda.

Wayne Drake and Mark Petrie are proud to be members of the Sigma Nu alpha pledge class.

# Lambda Theta Delta

Lambda Theta Delta is UC Irvine's Asian American fraternity whose goals are to enhance each Brother's social and academic life. The foundation and strength of LTD emerged from an ambitious group of men sharing the common bond of brotherhood. LTD participates in the many social and philanthropic activities planned during the year,

such as exchanges, dances, Greek Week, Special Olympics, Christmas caroling, and ski trips. LTD helps to develop life long friendships, leadership and organizational skills. As a member of the Asian Greek Council of Southern California LTD participates in exchanges with the sororities of UCI, UCLA, USC, CSULA, CSULB, and CSUN.

The Lambda Theta Deltas value academic achievements.

The LTD's show strength through brotherhood.

**PRESIDENT: JAMES NISHIMURA**  
SENIOR, ECONOMICS

"LTD has been a very important part of my college years. I have learned many skills working with the fraternity which I can apply to the real world. I will be an LTD for the rest of my life."

**ACTIVES:** R. Hoshida, C. Hsu, S. Joe, M. Lee, W. Leung, W. Liu, M. Long, G. Nakamura, J. Nishimura, S. Nishizaka, R. Poon, B. Shinmachi, L. Tran, H. Tseng, H. Yeh, J. Yonemoto  
**FALL ASSOCIATES:** D. Chow, A. Gabertan, M. Phung, V. Sobrepena, S. Sugimura, M. Yoshida  
**PLEDGES:** D. Chen, T. Chou, J. Kim, R. Kim, E. Kubota, R. Lagunas, K. Lee, K. Lee, A. Lin, D. Ono, H. Shiau, R. Ting, C. Wang

# Interfraternity Council

The UCI Interfraternity Council served as the official governing board of the member fraternities. Each of the eight fraternal organizations has two representatives on the Council. During '89, I.F.C. dealt with many issues including expanding membership and improving cultural awareness. The Council was also responsible for the bi-annual fraternity rush, Sports Week and

the year end recognition awards. They also assisted in the Songfest and Greek Week programs.

According to the '89 I.F.C. President, Eddie Hanley, "I.F.C. at UCI was a truly motivated group of individuals. They helped to organized a growing greek system and to promote fraternal brotherhood".

Top Row: Billy Mitz, Eddie Hanley, Mike Gable, Paul Heidleman, Kevin Glenn, Peter Montoya, Morgan Christian-appel. Bottom Row: Bryan Abe, Adam Newman, Kevin Courtney, Jay Fuerst, Branko Lapan.

It's About Time

Calendar '89

Club Editors: Young Ran Cha & Yoonah Whan

The largest corporate buyout, for RJR Nabisco by Kohlberg, Kravis, and Roberts was for \$25 billion.

## U. S. Radar Miscalculates

Persian Gulf— An Iranian commercial airliner is shot down by American ship, the U.S.S. Vincennes, killing 290 civilian passengers. The Iranian plane had been identified by the sophisticated Aegis radar system and destroyed by two missiles within seven minutes after takeoff.

## Tragedy Strikes Airshow

West Germany— Three pilots and 70 others were killed at an air show at the Ramsten U.S. Air Base in West Germany when three Italian jet collided directly above a crowd of 300,000 spectators. The three MB 339a jets of Italy's ten-member Frece Tricolori (Tricolor Arrows) aerobatic team slammed together at a speed of 350 m.p.h., also injuring 333 people.

## Marcos Arraigned

Imelda Marcos, wife of ousted Phillipine dictator Ferdinand Marcos, is arraigned on charges of embezzlement and bank fraud.

## Tragedy Averted

The pilot of Aloha Airlines Flight 243 safely landed the plane after it lost much of its fuselage at an altitude of 24,000 feet and 100 miles from Honolulu. Sixty people were injured and one was killed.

## Hurricane Gilbert

Texas— Hurricane Gilbert smashed across Jamaica and Mexico's Yucatan peninsula before forcing over 100,000 people in Texas, Louisiana, and Mississippi to flee from their homes. Gilbert, said to be this century's biggest storm, left 500,000 homeless in Jamaica and 30,000 homeless in Mexico. The counterclockwise wind speed peaked at an estimated 200 m.p.h. at 10,000 feet and 175 m.p.h. at ground level.

## Fires Destroy U.S. National Park

Wyoming— Yellowstone National Park suffered a loss of 1.38 million acres after fires scorched the area. During the park's hottest and driest season of its 116 year history, 10 separate fires raged across the park, four adjacent national forests, and Grand Teton National Park. The fire was said to have been ignited by lightning and aided by high winds.

## Midwest Swelters

Midwest— The worst drought in 50 years tormented most of the midwest this past summer. Thirty mile per hour, 93 degree F winds and a two month early fire season damaged farm and grazing lands. While nobody knows for sure how much this cost the nation, North Dakota estimated a 2.7 billion dollar loss in crops, lower federal farm subsidies and reduced farm spending. Also, precious topsoil from 750,000 acres of land in Montana, Wyoming, and the Dakotas had been blown away.

## Peace — In The Persian Gulf?

Persian Gulf— A cease fire was called in the eight-year war between Iran and Iraq in early August. Iranian President Ali Khamenei declared to United Nations Secretary—General Javier Perez de Cuellar a willingness of Tehran to abide by U.N. resolu-

tion 598 which called for a cease fire between the two countries. Ayotollah Ruhollah Khomeini agreed to lay down arms. While this was a start, the next day Iraq bombed the Iranian nuclear-power facility at the gulf of Bushire.

## Gray Whales Freed

Alaska— Two of three California gray whales, trapped underneath ice in Point Barrow, Alaska, were freed by the rescue attempts of scientists, whale-hunting Eskimos, oil company officials, and environmental activists. In this combined

U.S./Soviet effort which cost \$1 million, huge concrete blocks were dropped through the two foot thick ice and cleared a five-mile path to open water. One of the three whales died before reaching safety.

The only woman to head an Islamic state, Benazir Bhutto was sworn in as Prime Minister.

An earthquake below Pasadena's Rose Bowl knocks out power and injures 24 people.

"If they were elected, I'd pray for the good health of George Bush every night."  
—Lloyd Bentsen

"Of the four, I'd vote for Barbara Bush."  
—Democratic Official on the candidates and their wives

"The election is not about ideology. It's about competence."  
—Michael Dukakis

"The governor of Massachusetts, he lost his top naval adviser last week. The rubber duck drowned in the bathtub."  
—Dan Quayle

"He was shaving—for the first time."  
—Bob Dole explaining why Bush's running mate, Sen. Dan Quayle couldn't come to the phone to accept a congratulatory call.

"Forty-seven years ago to this very day we were hit and hit hard at Pearl Harbor. And we were not ready. In a Bush administration that lesson would not be forgotten."

George Bush speaking to the American Legion on September 7

"I've often said that the best politics is poetry rather than prose. Jesse Jackson is a poet. Cuomo is a poet. And Dukakis is a word processor."

Richard Nixon former President

### Bush Inauguration

On Friday, January 20, 1989, George Herbert Walker Bush became our 41st President. Chief Justice, William H. Rehnquist administered the Presidential oath to Bush at the West Front of the Capitol at 12:03 p.m.

Following the divisive '88 Democrat and Republican campaigns, Bush used his inaugural

address to call for a new unity and stated that, "A new breeze is blowing and the old bi-partisanship must be made new again." Bush committed his administration to bringing an end to drug abuse, solving the problems of the poor and homeless, and ridding the American streets of crime.

"I'm as qualified to govern this country as anybody in the race or anybody in the past 200 years."

Gary Hart

"... a kinder, gentler nation."  
George Bush main objective statement

### Election Results '88

On Wednesday, November 9, 1988, George Bush defeated Massachusetts Governor Michael Dukakis in the race for the presidency. Bush was elected by a 6-5 margin in the popular vote and amassed a total of 538 electoral votes.

Dukakis conceded his defeat by stating, "He (Bush) will be our next President and we'll work with him. This nation faces major challenges ahead and we must work together." The Democrats received some positive results as they succeeded in retaining control of both Houses.

### Mud Slingers

The presidential campaign of 1988 can be best remembered by the multitude of political "mud-slinging" statements exchanged between the summer conventions and the November election.

"Senator, I served with Jack Kennedy, I knew Jack Kennedy. Jack Kennedy was a friend of mine. Senator, you're no Jack Kennedy."

Lloyd Bentsen to Quayle in the VP debate

"I am with the American people, and I share your values."  
George Bush

"I'm too controlled, too mature to be angry."

Jesse Jackson after hearing from a reporter that Dukakis had chosen Lloyd Bentsen as running mate

Overheard: "The debate sharpened the choice. Americans now know they can vote for a man who can't express his feelings or a man who can't express his thoughts."

Mary McGrory Washington Post Columnist

## Reducing the Risk

Many health conscious Americans are discovering the beneficial effects of oats and oat related food items. The once "not so popular" grain has become the hottest health food sensation in years. Why? The word is out that foods rich in oat content can lower cholesterol levels in the bloodstream. Researchers have found that consuming 1½ to 3 oz. of oat bran daily for six to eight weeks can lower total cholesterol by as much as 20%. It can also lower the "bad" type of cholesterol known as LDL (low-density lipoprotein) by 25%. For those who are unable to lower their cholesterol levels through dietary modifications, a new drug called lovastatin, which has recently been approved by the FDA, has been found to control cholesterol levels just as effectively. Scientists have discovered that this drug inhibits an enzyme in the liver that produces cholesterol. Although lovastatin can drop cholesterol levels up to 40%, the drug may cause changes in liver function and contribute to the development of cataracts. Researchers estimate that up to 85% of Americans with high cholesterol could benefit from an oat rich diet with virtually no worries about harmful side effects.

Caffeine consumption stayed high. Brewed coffee contains the highest amount per serving (115mg).

Chewing gum for 20 minutes after eating neutralizes decay-causing acids in the mouth.

The American Lung Association underwent the 10th year of its anti-smoking campaign.

## Blast Off For Discovery

In September, the space shuttle Discovery blasted into orbit. It was the first space launch in thirty-two months, when the Challenger mission on January 28, 1986, ended tragically sev-

enty-three seconds after liftoff. The Discovery traveled 1.6 million miles in four days and ended its mission successfully by landing at Edwards Air Force Base in California.

## Addictive Habit

Researchers have known for decades that nicotine is addicting. But the Surgeon General, C. Everett Koop, has officially declared that cigarettes are as addictive as heroin or cocaine. By labelling nicotine an addictive drug, tough new restrictions on cigarette sales and advertising may be aided and

eventually fulfilled. What are some of the restrictions? Koop wants stronger warning labels, the eradication of cigarette sales from vending machines, an end to the distribution of free samples, and sanctions against those selling cigarettes to minors. Is this the dawn of a smoke-free America?

## AIDS Battle Continues

In 1989 the AIDS crisis remained a constant concern. Though research efforts have not yielded a cure, some drugs such as AZT and aerosol pentamidine have been found helpful in preventing AIDS related infection. In California researchers have received ap-

proximately \$42 million for AIDS research since state fundings became available in 1982 and 1983. This year greater emphasis was placed on prevention and education along with a multitude of "safe sex" campaigns.

## US Patent 4,736,866

The first animal to be awarded a US patent went to a genetically altered mouse raised by Harvard University.

The mouse is more susceptible to carcinogens and will be used to study breast cancer.

## Victims Memorialized

In October, tear-and grief-stricken friends and family members of AIDS victims came together to memorialize their loved ones. A giant quilt was created in three foot by six foot panels on which appeared the names of the thousands of people who had died of the AIDS virus. Victims from all fifty states and quite a few foreign countries were represented. The quilt measured 375,000 square feet when all the panels had been attached.

## Condoms on Campus

Safe sex advocates insist that unprotected intercourse increases the chances of contracting venereal diseases and the deadly AIDS virus. In response to the benefits of condom use and the progressive AIDS epidemic, UCI installed 44 condom vending machines in various campus rest rooms. Response to the machines was positive. After the first year since installation, a total of 6262 condom sales were recorded with each restroom averaging 142 sales.

## Doing It Again

As well as winning the 100m Dash, Carl Lewis took the gold medal for Mens' Long Jump. Lewis became the only athlete to win gold in this competition during consecutive Olympic games.

## Mens' Swimming

In Mens' Swimming, Matt Biondi took home the gold in five separate competitions, including the 50m Freestyle and the 100m Freestyle. Biondi also won a silver and a bronze medal. The United States relay teams won gold for the 400m Freestyle, 800m Freestyle, and the 1200m Medley relays.

## Running With Flair

Florence Griffith Joyner took Womens' Track and Field by storm. Just as impressive as her times for the 100m Dash (10.54 sec.), was the style and fashion Mrs. Griffith Joyner brought to the track. Griffith Joyner, better known to friends and fans as "Flo-Jo," received rave reviews for her unique and innovative body suits. One included lace leggings, while others sported fabric on only one leg. Gone were the practical outfits of runners past. Flo-Jo, 28, had undeniably outrageous nails, almost every one painted with different bold graphics. However, underneath all the flair, Flo-Jo still had all the talent, as she left Seoul with four gleaming medals.

## Total Medals

The United States ranked third for overall medals during the Summer Olympics, preceded by The Soviet Union and East Germany. West Germany and Bulgaria helped to round out the five top ranked countries that went to Seoul.

### MEDALS IN 1988 SUMMER OLYMPICS

	GOLD	SILVER	BRONZE	TOTAL
Soviet Union	55	31	46	132
East Germany	37	35	30	102
United States	36	31	27	94
West Germany	11	14	15	40
Bulgaria	10	12	13	35

## Young Athlete Prevails

Janet Evans, 18, overcame the odds by winning the Womens' 400m Freestyle, 800m Freestyle, and 400m Medley swimming events. Evans was much smaller and inexperienced than her competitors.

## NOT The World's Fastest

Hot controversy struck over the "World's Fastest Human," Ben Johnson. The Canadian, Johnson, finished the Mens' 100m Dash in 9.79 seconds, setting an Olympic and world records. His accomplishments were short lived, however, as the prestige, records, and medal

were all taken away from Johnson after he tested positive for the use of anabolic steroids. Also taken from Johnson were his contracts to be spokesperson for a major sporting good company. The gold medal was given to Carl Lewis of the United States, who clocked in a 9.92 seconds.

# 1988 SUMMER OLYMPICS

Seoul, Korea

## Regained Composure

UCI alumnus and veteran Olympian Greg Luganis captured hearts around the world as he knocked his head against a springboard during Olympic preliminaries. Diver Luganis received five stitches and the next day bounced back into competition to win gold medals in the Springboard Dive and the Platform Dive competitions.

GAMES OF THE XXIVTH OLYMPIAD SEOUL 1988

SUMMER OLYMPICS

**Pedro Delgado of Spain wins the 2,040 mile three week long Tour de France**

### Irish Wins!

Notre Dame, led by coach Lou Holtz, crushed West Virginia in the Fiesta Bowl and became the top college football team in the nation. Next year looks to be promising with Notre Dame losing only a few of its players to graduation.

**Heavyweight Mike Tyson earns \$22 million in 91 seconds when he knocked out Michael Spinks.**

### The "Great One" Traded

Hockey sensation Wayne Gretzky leaves the Edmonton Oilers and signs a \$20 million contract with the L.A. Kings.

### Canseco—The 1st 40-40 Man

Jose Canseco, of the Oakland A's, becomes the first baseball player in the major leagues to hit over 40 home runs and steal over 40 bases.

### Lakers— Back To Back

Los Angeles— The L.A. Lakers win their second straight NBA championship, defeating the Detroit Pistons, 108-105. They had become the first team to repeat as champions since the Boston Celtics in 1968-69. "At the end of the game," said the Lakers coach Pat Riley, "you were watching a great basketball team hold on. We were just holding on."

### Another Title For The 49ers

Miami— The San Francisco 49ers win Super Bowl XXIII in a 20-16 victory over the Cincinnati Bengals. In the last 34 seconds, John Taylor's only reception of that day, a ten yard scoring pass from Joe Montana, capped a 92 yard drive. Jerry Rice was named the game's most valuable player after catching 11 passes for a Super Bowl record of 215 yards.

### Johnson Gets Caught

Ben Johnson wins the Olympic gold in the 100-meter final but the medal goes to Carl Lewis after Johnson tested positive for steroids.

### Sanders Wins Heisman

Tailback Barry Sanders, a junior at Oklahoma State, set dozens of scoring and rushing records to win the Heisman Trophy.

### Dodgers Win World Series

Los Angeles— The Los Angeles Dodgers captured their sixth World Series Title in October with a 5-2 victory over the Oakland A's in the fifth game of the series.

### Graff Is Perfect In '88

West Germany— Nineteen-year-old Steffi Graff, becomes the third woman to win the Grand Slam of Tennis. She defeated Argentine Gabriela Sabatini 6-3, 3-6, 6-1, in the U.S. Open final, American Chris Evert 6-1, 7-6 in the Australian Open final, Martina Navratilova 5-7, 6-2, 6-1, at Wimbledon, and Soviet Natalia Zvereva 6-0, 6-0 in the French Open. Graf then went on to win a gold medal at the Summer Olympics at Seoul.

### Connors Brings the Cup Home

San Diego— The American Stars & Stripes, skippered by Dennis Conner, triumphed over the New Zealand in the America's Cup. The New Zealand, a 132 foot monohull, was not match for the 60 foot American catamaran, who enjoyed an eighteen minute lead the first race and a comfortable 21 minute lead the second race. In this best two of three, the Kiwis complained back on and that the Americans had not beaten them by a large enough margin.

# Calendar '89

Jody Foster made a tremendous comeback in the shocking film, "The Accused," about gang rape.

Michelle Pfeiffer proved that hard work pays off by becoming known for her looks AND talent in "The Witches of Eastwick," "Tequila Sunrise," and "Dangerous Liaisons."

Ted Turner introduced colorization as well as stated TBS and TNT television stations.

## Madonna-Penn Divorce

Madonna finally called it quits on her marriage to actor Sean Penn. The couple's relationship was rocky from the beginning, but survived through Sean's violence towards the press and reportedly towards Madonna, as well as through the couple's box office dog, "Shanghai Surprise." However, Madonna filed for divorce for the second time, and according to her, this time it's final.

## Rock Great Dead

A fond farewell went out to Roy Orbison in January. The long time rock & roller suffered a heart attack shortly after making a comeback into mainstream music as part of the acclaimed Traveling Wilburys.

## Tyson-Givens Marriage

Topping the headlines all over the country was the Robin Givens-Mike Tyson marriage, break-up, possible make up, and divorce. Their's was a case of "opposites attract." She was the actress with a known high taste and definite opinion. He was the soft spoken heavyweight champ. As the media exploited Ruth Roper's involvement in her daughter's marriage and Tyson's allies gave their two cents worth of advice, the marriage not surprisingly crumbled.

Amidst all the confusion, Mike was called a manic depressive and Robin, among many other harsh words, a gold digger. Psychiatrists were brought in to af-

firm and to deny Robin's accusation of Mike's mental instability. Robin also claimed she wanted nothing to do with Tyson's money. However, the jewelry collection gleamed to a different light; Robin demanded to keep over \$2,000,000 in jewelry Mike gave her over the course of their eight month marriage.

Rumors of a reunion also spread nationwide. Tyson even traveled to Canada and conveniently took a room in the same hotel that Givens was staying while filming her latest movie. The rumors were quickly squashed, however, as official news of the pending divorce were validated.

## The King Lives . . . ?

Is Elvis really alive?? The question arose nationwide. One person claimed to see Elvis hiding out in Rancho Cucamonga. Others swore he guided them spiritually. And still more joined by hosting "I Saw Elvis" talk shows and starting "Keep Elvis Alive" campaigns.

## Miss America 1989

Tears streamed down the face of Gretchen Elizabeth Carlson as she was crowned Miss America 1989. Miss Minnesota, 22, was a classical violinist and planned to be a Harvard-trained lawyer.

## From Letters to Acting

Vanna White, the well known co-star of Wheel of Fortune, caught the eyes of many. Famed for her letter-turning abilities on both the daytime and nightly syndicated "Wheel" shows, White made her network acting debut playing the lead on NBC's Goddess of Love. Although most critics agreed Vanna should stick to game shows, the word around Hollywood was: would Vanna sign a contract for Dallas for Dynasty? Both prime time dramas were dropping in ratings and apparently hoped Vanna's new found fame would attract attention to the lagging shows.

## On His Own

Pat Sajak, also co-star of NBC's Wheel of Fortune, left that show to begin his own late-night talk show this January. The show, appropriately titled, The Pat Sajak Show, premiered on CBS and faced the tough competition of Johnny Carson and Arsenio Hall.

## Daughter of the King

Lisa Marie Presley came into public view by talking about her life in Life Magazine. Daughter of Elvis, Lisa Marie openly discussed her relationships with her mother and father, as well as her love life and experimental teen years. Her marriage also made headlines this fall. With mother Priscilla's blessing, Lisa Marie, 20, married fellow Scientologist, age 23, in Hollywood's Church of Scientology.

## Unusual Comedienne

Making it "big" right in our own homes was Roseanne Barr, 35. Although the comedienne was around long before her TV show, the ample entertainer really hit home as viewers identified with Roseanne's slightly less-than-traditional lifestyle. Gone from this show were the stereotypical housewife types that kept homes spotless and left discipline to "the man of the house." Roseanne caught audiences with her playfulness, sarcasm, and outrightly by being blunt.

## Oprah Thins Down

Oprah Winfrey stunned fans and competitors alike in October by hosting her daytime talk show by herself, for herself. Oprah officially debuted herself after losing 67 lbs. on a medically supervised Opti-Fast liquid diet program. The actress/talk show hostess adapted by changing her lifestyle completely. Winfrey took up running, exercising, and even broccoli. She plans to stay slim by sticking to a diet for the rest of her life, as she is a self-proclaimed food addict.

## Talented Beauty

Susan Sarandon scored big in the public eye with her roles in hit movies, "The Witches of Eastwick," and "Bull Durham." When Sarandon showed up on the Witches set, her original role had went to Cher. Sarandon improvised and created her "repressed cellist" character. Susan is now expecting her second child, fathered by Durham co-star Tim Robbins.

"Working Girl" and "Rain Man" won Golden Globe awards for best motion pictures of 1988.

The Pasadena Rose Parade celebrated its 100th anniversary on Jan. 2, 1989.

Tracy Chapman won the American Music Award for best new artist of 1988.

## Big Screen Globes

On January 28, 1989, the Golden Globe awards were passed out to a well-deserving group of people. The Globes have long been thought of as a preview of oscar winners to come. In the past ten years, seven Globe awards for best picture also became Academy award winners. Best drama film went to "Rain Man," while the comedy/musical award went to "Working Girl." The stars of these films also took home

Globes—Dustin Hoffman for his portrayal of an autistic savant, and Melanie Griffith for depicting a wanna-be business executive. In the best actress in a drama category, there was a three way tie between Jodie Foster ("The Accused"), Shirley MacLaine ("Madame Sousatzka"), and Sigourney Weaver ("Gorillas in the Mist"). Tom Hanks also took home a Globe, for his role in "Big."

## ET Comes Home

In October, America's all-time favorite alien invaded our homes. Steven Spielberg's 1983 hit movie, ET, arrived on home video

on October 27, 1988. The video cassettes sold for \$24.95, inviting twelve million copies to be sold.

## TV Globes

Golden Globes were also awarded for television shows. Candice Bergen beat out Roseanne Barr and Tracey Ullman in the best comedy actress category, for her role in the series Murphy Brown. Also, another three way tie appeared, this time in the best comedy actor category. Michael J. Fox (Family Ties), Judd Hirsch (Dear John), and Richard Mulligan (Empty Nest) took home the honors. Best TV series included thirtysomething and The Wonder Years.

## Money Makers

1988 was filled with many box office hits, both financially and entertainment-wise. The top money making movies are as follows:

1. Who Framed Roger Rabbit
2. Coming to America
3. Good Morning Vietnam
4. Big
5. Crocodile Dundee II

## AMA Awards

On Jan. 30, 1989, the American Music Awards were held in Hollywood, Ca. The music industry's most popular and talented stars showed up to honor and be honored by America. George Michael proved to be a success. His first solo endeavor, Faith, won the best album award. George also took the awards for pop/rock male artist and best R&B/soul male artist, beating out music veteran Michael Jackson. Whitney Houston was awarded best R&B/soul female artist and best pop/rock female artist as well. Gloria Estefan and the Miami Sound Machine won in the best pop/rock group category, while DJ Jazzy Jeff and the Fresh Prince took the awards for both rap music categories. In heavy metal music competitions, Def Leppard won both best album and best group. Randy Travis walked away with the most awards in the country music competitions. In non-competitive awards, Michael Jackson and Willie Nelson were recognized for their contributions to the world of music.

## Handle With Care

The Traveling Wilburys released its debut album and had a hit single, "Handle with Care." The band was composed of Roy Orbison, Tom Petty, George Harrison, Bob Dylan, and Jeff Lynn. The group did not go on tour to promote its album due to prior engagements. Further work by the band was delayed by the death of Roy Orbison.

## Hot Temptation

August, 1988, heated up with controversy over the release of "The Last Temptation of Christ." Many Christians believed it was filled with lies. The film portrayed a provocative scene between Christ and Mary Magdalene. Some Christians thought this was demeaning to Christ. Yet director Scorsese sited it was merely artistic expression.

## Famed Rock

In January, the Rock & Roll Hall of Fame inducted five new members. All of the new members released soulful tunes before 1964. The inductees included: the Temptations, Stevie Wonder, Otis Redding, The Rolling Stones, and Dion. Stevie Wonder and the Temptations represented the Motown label. The Temptations became Motown's most successful male group due to their stylish dance steps and wide vocal range. Stevie Wonder signed with Motown at age ten, distinguishing himself as a star with his up-beat, high-energy vocals. Otis Redding was well known as an all-time great of soul singers. Born in Georgia, Redding signed with the Stax Volt label in Memphis. Redding is best remembered today for the classic "(Sittin' On) The Dock of the Bay." The Rolling Stones have cut some three dozen classic hits since they first appeared from Britain in the 60's. Dion came from the streets of New York City. His rebellious style was tough, tender, and heartfelt. Dion, a true teen idol, gave rock and roll "The Wanderer" and "Runaround Sue." Also joining these five greats are the Ink Spots, the Soul Stirrers, Bessie Smith, and producer Phil Spector.

## Farewell Ties

The cast and crew of NBC's Family Ties finished its last episode this season. The show ran seven years and when contracts expired, decided not to renew them.

# Calendar '89

## UCI Freshmen Lean Right And Left

A recent survey shows that University of California, Irvine, freshmen are both more liberal and conservative than first-year students nationally.

	UCI	National Average
<b>Agree strongly or somewhat:</b>		
Abolish the death penalty	18.2%	23.0%
Abortion should be legalized	67.0	57.0
Control AIDS by mandatory testing	57.5	67.0
Employers can require drug tests	72.8	71.0
Marijuana should be legalized	13.8	19.3
OK to live together before marriage	51.7	51.3
Prohibit homosexual relations	35.3	49.0
Sex OK if people like each other	41.2	50.0
Women's activities best confined to home	19.7	25.6
<b>Very important reasons in deciding to go to college:</b>		
To get a better job	79.1%	82.5%
To prepare for graduate school	69.1	49.9
To make more money	65.8	72.6
To become a more cultured person	47.2	35.4
Parents wanted me to go	26.7	19.4
<b>Objectives considered to be essential or very important:</b>		
To be well off financially	73.4%	73.4%
To get married	69.4	67.3
Develop philosophy of life	62.3	50.5
Influence social values	37.7	37.0
Write original works	15.9	13.0
Join organizations like the Peace Corps	7.8	7.8

### UCI Hit By Computer Virus

During the '88-'89 academic year computers nationwide became ill with a program virus. Certain tiny, yet destructive, programs lie dormant in a computer's memory waiting to be set free. They spread rapidly by duplicating themselves and attacking the copies to healthy parts of the system. This virus was contagious and infected many pieces of software. In many instances the lethal viruses wiped out months' worth of work and stored data. Santa Cruz and UCI were among campuses hit by the bug.

### Superstar Comes to UCI

In September, internationally known engineer Chang Lin Tien, became UCI's executive vice chancellor and is one of the University's superstar recruits. His goal is to transform the University of California, Irvine from a respected campus of the UC System into a nationally prominent research center.

As executive vice chancellor, Tien is responsible for deciding which new academic and re-

search programs the University will choose to create. Tien must also improve existing programs and compete with elite schools such as UC Berkley, where he previously held an endowed chair.

"He's smart and has a good sense of politics," said Ira Heyman, chancellor of UC Berkley. "He's a great scholar, which the academic community appreciates."

### UCI Defeats UCLA

With five seconds left to play, Kevin Floyd scores giving the Anteaters a 91-90 victory over Pac 10 Powerhouse UCLA at the Bren Center.

### Medical School Receives Largest Gift In UCI History

The UCI College of Medicine has received the largest private gift in the university's 24-year history as part of a \$17 million trust established by Edra E. Brophy of Palm Desert to support medicine and the performing arts.

The trust, which will be managed by the UCI College of Medicine Foundation, will provide the college \$8.5 million in unrestricted support for medical research, education, and patient care.

# AST Introduces The Seven Wonders Of The Business World.

AST makes the fastest and highest-quality desktop computers in the business world. One of them is right for you. Whether you need a personal computer for general office work, engineering, desktop publishing, financial analysis or running your business at home, you can count on AST to fit your desktop size, your budget and your need for ultimate speed.

**Our Newest Wonders.** If you want extra performance and high quality without spending a lot of money, try our newest computers — the AST Premium® 386/16 and the AST Bravo/286. Our cache-based AST Premium 386/16 makes 386™-CPU computing available to even the most cost-conscious budget. And the AST Bravo/286 is all the AT®-compatible power you need for small or large businesses, home offices, or local area networks.

**Our Most Powerful Wonders.** For high-speed CAD/CAM/CAE, multitasking, multiuser environments and LAN file service, choose AST's top performing systems. The 25 MHz AST Premium 386/25 and 20 MHz AST Premium/386C bring the highest performance to your sophisticated 386-CPU based applications.

**Our Most Versatile Wonder.** If you have to choose one computer that satisfies the broadest range of needs, let it be the AST Premium/286. Perfect for flying through word processing, large spreadsheets and even technical applications, it's the industry's award-winner for 286 performance and value.

**Our Smallest Wonders.** When your desktop space

is limited, but your appetite for speed and power isn't, the AST Premium Workstation/386SX and the AST Premium Workstation/286 offer test-proven compatibility you can rely on. These sleek, small-sized wonders are the quality answer to cost-effective, high-performance desktop computing.

**AST Service, Support And Reliability — The Eighth Wonder.** The AST logo means quality products and service. In fact, PC Week recently named AST first in technical support, over Compaq® and IBM®.\*

For the products and service that will make you the next wonder of the world, ask for AST Computers. For more information, call (714) 863-0181 and ask for operator BB21, use our Bulletin Board Service number (714) 852-1872, or fill out the coupon.

*It's About Time*

Being co-editor of UC Irvine's yearbook took a lot of patience, perseverance, and relentless determination; not to mention 37 pizzas, 14 cases of diet coke, and a neverending supply of Winchell's doughnuts (and that was just for me!) But I loved every minute of it. The times we spent together are priceless. I'll always remember laboriously stuffing 2,900 envelopes for senior mailings, irritating the "you know what" out of everybody on the staff with my stupid jokes, counseling Brenda, Diana, and Holly about their dating problems, reminiscing about my run in with the law in Arizona, and, best of all, our all too frequent discussions for Human Sexuality. Boy, did those discussions keep us alive during our midnight deadline meetings. On a more serious note, I would like to thank my co-editors Brenda Rowell and Carol Ann Wong. Throughout this entire endeavor they managed to keep smiles on their faces and everybody else's as well. Many thanks also go to our advisor, Ellen "Our Second Mom" Schlosser. Without her support and enthusiasm I truly believe that UCI would not have a yearbook of such fine quality. The yearbook experience itself has expanded my horizons in so many different directions. I honestly believe that the benefits I have received from this fine group of people will help direct me towards my ultimate destination in our world of mass confusion and hysteria. I thank each and every one of you.

— Mike Ahmadi

Three years ago after I was accidentally placed into a yearbook meeting, my life was changed. It started with the Greek section, progressed through the Chronicles section and ended with being tri-editor of this year's book. Frantic deadlines, food, phonecalls, food, Wednesday night meetings, food, interesting conversation topics with Mike, and food, combined to make this year's book the best ever. It is truly a great book but the most important thing is the people behind the book. A lot of hard work, dedication, and typing were put into this book, but what makes it all worth it is the friendships that are made and I guess the food. One of the most essential ingredients to this book is the Yearbook Advisor, who happens to be the best "pseudo mom" a tri-editor could ask for! Thanks Ellen — you are fantastic!

**Brenda Rowell**

Wow! I can't believe it's been two whole years since I first started working on the yearbook. I still remember so vividly how it all began. During the spring of my sophomore year, I brought my application timidly into the yearbook office, hoping that I would be able to help out in some small way. Little did I realize where that initial action would lead me.

Being co-editor this year is an indescribable experience. It's difficult, happy, stressful, humorous, frustrating, memorable, and fun. I remember all the food and all the laughter as we struggled together to get everything done for the deadline. The long hours and the stressful moments were all worth it. It's because of the people that the yearbook is as great as it is. There are so many people to thank, but the first and most important thanks go to our advisor, Ellen Schlosser. What would we have done without her creative ideas, long hard hours, her encouragement, and her never-ending dedication to us, the yearbook, and UCI. Much thanks also goes to my co-editors, Mike and Brenda. Life in the yearbook office wouldn't be the same without Mike's sense of humor, although a bit obscene at times, and Brenda's optimistic and encouraging spirit. I would also like to give an extra-special thanks to Cathi, Campus Life Editor, and Steve, Campus Events Editor. Thank you to Hollie and Sheri for all their graphic designs and artistic endeavors. Thanks so much to everyone because every small effort you put forward made the difference between a good yearbook and a great yearbook, and that's what we have.

**Carol Wong**

### **UCI, IT'S ABOUT TIME . . .**

Twenty four years of expectation and growth have brought UCI to a major new threshold. The '88-'89 construction obstacle course represented only one dimension of development. How can we pinpoint a deeper sense of change?

The student yearbook staff and I have enjoyed a spectacular view of the campus. This year we heard louder (and more) voices at Greek Week, E-Week, and wayzgoose, we recorded a record increase in both club and senior portrait participation, at a capacity filled Bren Center we witnessed UCI's basketball upset over UCLA and we photographed a more spirited student body.

Name recognition by the outside has finally been established, the publisher didn't confuse us with Irving, Texas the way they did last year. As the scaffolding comes down and the jack-hammers are silenced, our campus will no longer be under construction and we'll recognize that . . .

**at UCI OUR TIME HAS COME.**
