Nicholas Petrakis, M.D.
Chairman
Department Epidemiology and
International Health
U.C. Medical Center - 1699 HSW
San Francisco, CA 94143

Dear Doctor Petrakis:

The San Francisco Department of Public Health will collaborate with the U.C. San Francisco Department of Epidemiology and International Health in the cooperative epidemiology study proposed in response to the RFA from the National Cancer Institute for research projects on Kaposi's sarcoma and allied diseases. I am designating Selma Dritz, Assistant Director of the Bureau of Communicable Disease Control to coordinate the work of this Department with the University group on that project.

Thank you.

Yours very truly,

Mervyn F. Silverman, M.D., M.P.H.
Director of Health
