**KPIX-CHANNEL 5 AND SAN FRANCISCO EXAMINER CO-SPONSOR
FIRST BAY AREA SHOWING OF
THE NATIONAL AIDS MEMORIAL QUILT
DECEMBER 17-20 AT MOSCONE CENTER:
KPIX To Broadcast "Threads of Love," Live from Moscone Center
8-9 p.m. Friday, December 18 on Channel 5**

SAN FRANCISCO, November 23, 1987-- As part of its ongoing AIDS LIFELINE public service campaign, KPIX-Channel 5 joins the San Francisco Examiner in co-sponsoring, free of charge, the first Bay Area showing of the National AIDS Memorial Quilt created by San Francisco's Names Project December 18-20 at San Francisco's Moscone Center. The showing opens with a special \$50 per person benefit display the evening of December 17.

In conjunction with the display, KPIX will host a one-hour prime time special from 8-9 p.m. Friday, December 18 live from Moscone Center. Entitled "THREADS OF LOVE," the special will be hosted by KPIX news anchors Dave McElhatton and Wendy Tokuda. The special will focus on outstanding examples of AIDS volunteerism in the Bay Area, and will feature a historical background on the quilt from the quilt's sewing workshop on Market Street as well as a profile on Names Project Director Cleve Jones. Additionally, the special will chronicle the lives of family members who have survived the loss of loved ones to AIDS.

To help encourage AIDS volunteerism, KPIX on-air personalities will man a phone bank during THREADS OF LOVE to respond to viewer inquiries about AIDS volunteer

possibilities in the Bay Area. Throughout the show, viewers may call (415) 864-1100 and a KPIX directory of volunteer AIDS agencies throughout the nine Bay Area counties will be sent free of charge.

An estimated 150,000-200,000 people are expected to visit the quilt over the weekend, and KPIX and the Examiner are encouraging people to bring a can a food or an article of clothing to help needy AIDS patients during the holiday season. Food will be donated to the San Francisco AIDS Foundation Food Bank and clothing will be distributed to Bay Area AIDS patients by the Names Project. The giant quilt, which covers approximately 100,000 square feet, is a national memorial to the tens of thousands of Americans whose lives have been lost to AIDS. The quilt is made up of 3' X 6' fabric panels created by friends and families of those who have died, and each one bears the name of a single person lost to AIDS. Since its debut during the AIDS March on Washington, D.C. in October, the quilt has grown from the size of two football fields to almost 50% larger and now has "come home for the holidays" to the city where it was created.

The display of the quilt at Moscone Center will be preceded by a dramatic re-creation of the unfolding ceremony as it occurred on the Capitol Mall in Washington D.C. as a benefit for the quilt's scheduled spring tour. The unfolding of the quilt at Moscone Center will begin at 7:00 p.m. Thursday, December 17th. The quilt will be on display that evening until 10:00 p.m., on Friday, December 18th from 10:00 a.m. until 8:00 p.m., and on Saturday, December 19 and Sunday, December 20 from 10:00 a.m. until 6:00 p.m. Walkways integrated into the quilt at 24-foot intervals will provide access to individual panels, with directories provided for the location of names on the quilt surface.

Tickets for the December 17th benefit are \$50 each and are available at the Names Project, 2362 Market Street, San Francisco, CA 94114. For further information regarding "THREADS OF LOVE," please call KPIX-Channel 5 at (415) 765-8874. For further information regarding the Names Project, please phone (415) 863-5511.

Dear Jim,

December 28, 1987

We at KPIX-TV are glad you enjoyed our recent AIDS LIFELINE program THREADS OF LOVE live from the display of the National AIDS Memorial Quilt at San Francisco's Moscone Center.

We have had an overwhelmingly positive response to the show and it is gratifying to know that so many people are also willing to give their time and help to people with AIDS.

Enclosed are the directories you requested. We appreciate your help in distributing this information, and if you need additional copies, please just let us know.

Again, many thanks for your part in the fight against this disease, and from all of us at KPIX, happy, happy holidays!

Sincerely,

David Landis

THREADS OF LOVE

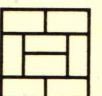

THE NAMES PROJECT QUILT
MOSCONE CENTER • DECEMBER 14 - 18, 1988

presented by

5 AIDS
KPIX LIFELINE

and

San Francisco Examiner

Inspired by the American folk art traditions of quilting and sewing bees, The NAMES Project is a nationwide campaign to memorialize the tens of thousands of Americans who have been killed by the AIDS epidemic.

The NAMES Project Quilt is composed of thousands of fabric panels, each bearing the name of an individual who has died of AIDS. Designed and completed in homes across America by the friends, lovers, and families of those memorialized, the panels are stitched together by volunteers into the ever-growing Quilt.

The goals of The NAMES Project are threefold:

- To provide a positive and creative means of expression for those whose lives have been touched by the epidemic;
- To provide a forum for public education, illustrating the impact of the AIDS epidemic by showing the humanity behind the statistics; and
- To raise vital funds and encourage support for people with AIDS and their loved ones.

Special Thanks

This display would not have been possible without the generous support and assistance provided by the following individuals, organizations, and businesses:

Ray Adkins	Local 468, Concession and Program Sellers
Karen Cardell	Local 510, Sign, Display, and Allied Crafts
Coastside Printing	Rudy Nothenberg
Charles H. Duggan Presents	Photo & Sound Company

Dear Friends,

Today we are honored to bring the Quilt, a symbol of love and remembrance, back home to San Francisco where it was born just eighteen months ago in the city's gay and lesbian community. We come back to San Francisco in the spirit in which the Quilt was created, in the hope that this gift from the hearts and hands of people the world over will touch the leaders and peoples of all nations and that they will be moved to act compassionately and decisively in the face of AIDS.

One year since the NAMES Project Quilt was last displayed at Moscone Center, AIDS has claimed the lives of more than 20,000 additional Americans and countless others in foreign lands, and the Quilt has increased in size nearly five-fold.

The NAMES Project spent most of the past year on the road, bringing the Quilt and its message of love and hope and healing to cities and people around the world. Last summer, the Quilt toured twenty American cities, serving as the centerpiece of locally coordinated educational and fundraising campaigns. Just days ago, as part of World AIDS Day, sponsored by the World Health Organization, the Quilt took part in ceremonies in eight foreign countries and fifteen American cities.

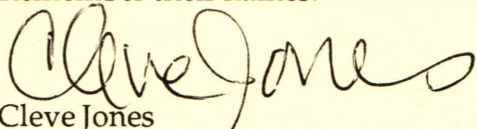

In one year, over than a million people have walked the Quilt's fabric walkways. Millions more have heard the Quilt's message of love and compassion through the media.

Because the message of the Quilt is so important—in humanizing this epidemic across this country and beyond—we will continue to display the Quilt whenever and wherever we are invited. The National Tour in America begins in Spring of '89, followed by a Canadian Tour in early summer.

The Quilt is more than a symbol. Through the recounting of hundreds of personal stories, we now know that visitors to the Quilt are energized, motivated, and committed to combatting AIDS.

This display of the NAMES Project Quilt is dedicated to all people with AIDS, their families, friends, and lovers, and to the volunteers and staff who care for them.

Remember their names.

Cleve Jones

Executive Director

Additional Exhibits / Events

Faces of AIDS

portraits of men and women with AIDS and AIDS-Related Complex.

Photographed by Jim Wigler

Faces of AIDS features a photobiography of people with AIDS and AIDS-Related Complex. These powerful images, each accompanied by a quotation from the person photographed, reveal the humanity behind the statistics of AIDS.

AIDS affects both men and women and all races indiscriminately. The exhibit welcomes visitors to share a moment with men and women, blacks and whites, Latinos, Native Americans, and Asians. Black ribbons indicate those who have died.

Originally commissioned by the San Mateo County Board of Supervisors in California, the exhibit heralds the talents of photographer Jim Wigler. Mr. Wigler spent more than two years traveling across America chronicling the visages and experiences of people touched by the epidemic. Motivated by his dedication to humanize the AIDS epidemic, Mr. Wigler continues to add portraits to the exhibit.

Until that Last Breath: Women With Aids

Ann Meredith, Project Director

Through photography and writing this exhibition portrays the personal struggles, hopes, and fears experienced by women who have AIDS. It is the first exhibit of its kind to focus on the "hidden population" of the AIDS epidemic: women.

These tender, intimate images depict the women at home, alone, on the street, and together with their family and friends. Nationally acclaimed documentary photographer Ann Meredith has combined the inevitable tragedy of this disease with the courage and strength each woman exudes as she fulfills her commitment to living her remaining life in a meaningful way.

Text accompanies the photographs in the form of personal quotations and poetry and prose written by women. In their own words, these women eloquently express their confusion and hurt, their fright, and their desire to veritably live with this disease up until that last breath.

Strip AIDS USA

The cartoons on display are from *Strip AIDS USA*, a non-profit comic book to benefit people with AIDS, edited by Trina Robbins along with Robert Triptow and Bill Sienkiewicz. Through a broad spectrum of cartoons, from daily strips to the underground format, cartoonists from Aragones to Zippy explore the subject of AIDS. The stories are funny, ironic, bitter, compassionate, and sometimes sad. Each contributor uses his or her unique skills to approach the subject, but they all seem to be saying the same thing: *care*.

Moments from The Quilt

Marcel Miranda III, photographer

A collection of moving photographs of the Quilt and its visitors, *Moments from The Quilt* captures the powerful emotions the Quilt invokes. Mr. Miranda explains, "The Quilt continues to be an extremely personal experience. I have attempted to capture some of the personal moments in order to illustrate the emotions the Quilt inspires and to motivate people to visit the Quilt itself."

The Future of The NAMES Project . . .

In the early summer of 1987, seven people, all strangers, met in an empty storefront in San Francisco's Castro District. Over the past six years, their ten-block neighborhood had seen over 1,000 deaths. Yet they were drawn together not by despair, but by the hope of creating something beautiful, something that could translate their local grief into a language that an entire nation could understand. With a few portable sewing machines and a growing cadre of volunteers, they began to document lives they feared history would neglect. In a little more than a year, the handiwork of thousands has transformed a neighborhood quilting bee into the world's largest community arts project, illustrating the human toll of AIDS, and raising hundreds of thousands of dollars for direct services for people with AIDS.

. . . Ongoing Displays

We will continue displaying the Quilt in cities and towns across America. With the warmth and beauty of the Quilt, we will combat fear and ignorance of AIDS, offering examples of compassion and love instead. Already dozens of AIDS organizations have contacted us about future displays, and we will be working over the next few months to plan a display schedule for 1989 and beyond. As in the past, displays of the Quilt will remain free to the public, and contributions will remain with AIDS care-giving organizations in the host cities.

. . . A Permanent Home

The Quilt, along with the letters, photos, and poems received with the panels, now represents one of the largest collections of archival material about individual lives in the twentieth century. During 1989, The NAMES Project will begin the search for a building to house and care for the Quilt, creating a permanent home where an ever-changing portion of the Quilt will be displayed at all times for visitors from around the world.

. . . A National and International Network

The NAMES Project now has forty volunteer chapters who are committed to the Quilt's central message of a compassionate and reasoned response to the AIDS epidemic. As grassroots representatives of The NAMES Project, local chapters offer panelmaking workshops and provide vital volunteer resource to local AIDS organizations. Chapters are forming overseas as well. The NAMES Projects in West Germany, Great Britain, Canada, Australia, and Brazil are using folk art to show that AIDS is an international crisis and to unite people across cultural and language barriers.

For the duration of the epidemic, the Quilt will be an ever-expanding symbol of the dignity and strength of those who grieve the loss of a loved one. Born out of the San Francisco gay and lesbian community's heroic struggle to defeat a terrifying epidemic, the Quilt has grown to involve other communities, building the coalition that will sustain the struggle. When a cure is found and the last piece is sewn into place, the Quilt will be a lasting monument — the first such memorial created by those who most closely feel the loss.

A handwritten signature in dark ink, appearing to read "Michael J. Smith". The signature is fluid and cursive, with a long horizontal stroke at the end.

General Manager

About the Quilt Display

The NAMES Project Quilt now contains more than 8,400 panels made by individuals across the country. Every attempt has been made to include all panels received from California prior to August 15, space permitting. Other panels can be found hanging in the lobby upstairs as well as around the perimeter of the floor display.

We continue to receive panels from across the country and encourage visitors to this display to create panels. For more information about creating panels, please see page 37.

Using the Directory

To find a panel, check the alphabetical listing for the person's full name. If the name is not listed, please also check for initials, first names, or nicknames that the panelmaker may have used in creating the memorial.

The code preceding each name indicates the Quilt location in which that panel can be found, as illustrated on the accompanying map. If no code precedes the name, the panel is not included in the floor display of the Quilt. If you need help in locating one of these panels, please go to the Panel Information table.

Assistance

If you need medical assistance or general information, please contact a NAMES Project volunteer. Volunteers are wearing white clothing and identifying badges.

Please . . .

. . . refrain from smoking, eating, or drinking while on the Quilt; stay on the fabric walkways, and avoid stepping on the memorial panels.

How to Create A Memorial Panel

You need not be an artist to create a moving, personal tribute. Whether you choose to simply use paint or sew elaborate embroidery, is up to you — any remembrance is appropriate. Please—only one name per panel.

1. Select a durable and medium-weight non-stretch fabric of any color for the background. Design the panel. Some suggestions:
Applique: Sew letters to background fabric. Please do NOT use glue — it will not last.
Painting: Brush letters on with paint, color-fast dye, or indelible ink marking pens.
Stencil: Brush textile paint on after tracing letters.
Collage: Sew down material to re-create objects in fabric. Photographs can be photocopied onto iron-on transfers and then ironed onto the panel — it is best to use a natural fabric (such as cotton) for the background fabric.
3. In designing your panel, remember that the Quilt will be folded and unfolded many times, so that durability of the design and durability of materials used are crucial to the longevity of your panel.
4. After you have painted or sewn the design on your panel, then cut and hem the fabric to 3 feet by 6 feet. (We will hem it for you if you leave 3 inches of extra fabric on each side.) Please be sure that your design does not exceed these measurements.
5. When the panel is complete, take time to write a one- or two-page description of the person you have memorialized. Tell us what this person meant to you and how you think he or she should be remembered. Enclose a photograph of the person if you have one and are willing to part with it — we cannot be responsible for returning photographs or other mementos.
6. Please include as generous a contribution as possible to help us meet our transportation and material costs. All contributions are tax-deductible as provided by law.
7. Include the following information with the panel:
 - Name *exactly* as it appears on the panel;
 - Person on panel's *full* name;
 - Cities where person on panel lived;
 - Cities where person on panel's family and friends live;
 - Panelmaker name(s), address(es), day/evening phone numbers; and
 - Relationship of panelmaker(s) to person on panel.

Help Support the NAMES Project Quilt

The NAMES Project Quilt is rapidly becoming an international symbol of compassion and responsibility in dealing with the global AIDS epidemic. Continuing the important work of displaying and caring for the Quilt depends on the support we receive from merchandise sales and individual donations. Proceeds from merchandise sales assure that displays of the Quilt will continue at no cost to visitors.

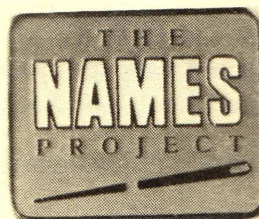

The QUILT: Stories from The NAMES Project – a full-color, 160-page, hardcover book that chronicles the creation of The NAMES Project Quilt and its inaugural display in Washington, D.C. Written by Cindy Ruskin, the book relates many of the stories behind the panels—tales of family, friends, lovers, and those who have died of AIDS.

For two days in October, 1988 the AIDS Memorial Quilt covered the Ellipse in Washington D.C. With the White House as a backdrop, *We Bring a Quilt* documents this historic event.

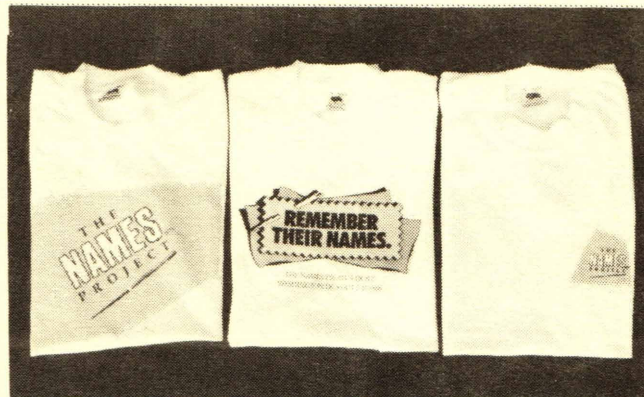

From the dramatic unfolding ceremony at dawn, to the stirring candlelight march, the Quilt reveals the determination and spirit of all of those who have been touched by the AIDS epidemic.

Other weekend events shared that spirit and those too are highlighted in *We Bring a Quilt*.
