

Dear Sir-

i just recieved a notice to report for an armed forces physical, and was notified, beacause i told them of my recent hospitalization, and the reasons Behind it, to bring letters from doctors, psychiatrists etc., describing my illness and other facts relating to it, (stating my homosexuality etc.) so i am inquiring as to whether you would write me ~~about~~ a letter stating the afore mentioned case. Any help you could give me, would be greatly appreciated, as i would rather take my own life than destroy anothers.

i am now living in a commune in the country with my father and sister and 4 other established families and various other people. Although im ~~not~~ not unhappy, i am finding it very hard to open up and communicate from within. i am not employed and am also wondering if you would write a letter so that i might get welfare, because i don't want to have to depend on my dad and freinds for my livelihood any help ~~in~~

or advise you could give me on the
aforementioned would be greatly appreciated.

Yours gratefully,
