Memo to: County Staff
From: *Doris*
Doris S. Smith
Program Analyst
Re: PROJECT PLAN FILE SUMMARY REPORT

Enclosed is a listing of all the project plans which had been processed for you as of the date printed on the Summary. It is possible that you have submitted plans to the CEMIS Office which have not yet been processed. You will receive copies of these plans and an up-dated Project Plan File Summary as soon as processing is completed.

The Summary includes all the coded information submitted on Project Plan Forms. The individual staff member, the appropriate County Director (County Directors for those with cross-county project plans), and the Assistant Director will receive one copy each of this Summary.*

Hoping that it will be helpful, we have included both code numbers and names for code categories listed on the project plans. (Only code names are listed on Project Plan Forms.) Because of page width limitations, we "doubled" or "tripled" the information in some columns. To expedite your review, the following are column explanations:

Column 1: PROJ NO	-- (number assigned by the project author) cross-county numbers (X) are listed first, then countywide numbers (C), and finally individual numbers.
Column 2: TITLE	-- as submitted by project author.
Column 3: DAYS TOTAL 1976	-- on the first line is listed the total number of days planned for the duration of the plan (might be 18 months or two years, for example); on the second line is listed the numerical calculation for the number of days planned for the current calendar year (number of months covered by the plan divided into the number of days).
Column 4: AREA P-E	-- area of program emphasis code number and acronym (FCS, 4HY, CRD, PS, AG, NR, or ADM).

~~*Copy enclosed for individual staff member;
copies for County Director and Assistant
Director to be mailed later.~~

PROJECT PLAN FILE SUMMARY REPORT

Enclosed is a listing of all the project plans which had been processed for you as of the date printed on the Summary. It is possible that you have submitted plans to the CEMIS Office which have not yet been processed. You will receive copies of these plans and an up-dated Project Plan File Summary as soon as processing is completed.

The Summary includes all the coded information submitted on Project Plan Forms. The individual staff member, the appropriate County Director (County Directors^ for those with cross-county project plans), and the Assistant Director will receive one copy each of this Summary.*

Hoping that it will be helpful, we have included both code numbers and names for code categories listed on the project plans. (Only code names are listed on Project Plan Forms.) Because of page width limitations, we "doubled" or "tripled" the information in some columns. To expedite your review, the following are column explanations:

Column 1: PROJ NO - (number assigned by the project author) cross-county numbers (X) are listed first, then countywide numbers (C), and finally individual numbers.

Column 2:

TITLE

- as submitted by project author.

Column 3:

DAYS TOTAL 1976

- on the first line is listed the total number of days planned for the duration of the plan (might be 18 months or two years, for example); on the second line is listed the numerical calculation for the number of days planned for the current calendar year (number of months covered by the plan divided into the number of days).

Column 4:

AREA

P-E

- area of program emphasis code number and acronym (FCS, 4HY, CRD, PS, AG, NR, or ADM).

osed for .wil IITDial staff member; r ^Gohrfty Director and Assistant to be mailed ~ral?er.

(over)

CO-OPERATIVE EXTENSION WORK IN AGRICULTURE AND HOME ECONOMICS, U. S. Department of Agriculture and University of California co-operating

- Column 5: PRIMARY SUBJECT -- (code numbers and names) on the first line is
SECONDARY SUBJECT the primary subject, followed by a secondary
COMMODITY subject. If there was one included on the project
plan, and on the third line is the commodity
(again an optional inclusion). (Due to space
limitations, some code names have been truncated.)
- Column 6: METHOD -- (code numbers and names) for each project plan,
AUDIENCE TYPE the primary method, audience type, and location
LOCATION OF BENEFIT of benefit are listed in order. Primary method
and audience type are optional inclusions on
nonreportable plans. Location of benefit will
be printed only when it is different from head-
quarters.
- Column 7: S-E LEVEL -- the first line is LOW or NON-LOW (N-L) classi-
RESIDENCY fication by percentage, the second line is
FUNDING RURAL (RUR) or URBAN (URB) classification by
percentage, and the third line is accountability
program acronyms (ENEP-Y, for example) as listed
on project plans (the latter is an optional
inclusion).
- Column 8: SW -- Statewide Project number as referenced on project
NO plan.
- Column 9: STATUS -- the first line indicates whether the project is
CLASS continuing (CON), revised (REV), continued and
revised (CON-REV), or terminated (TERM); the
second line indicates reportable (REP) or
nonreportable (NONREP) project classification.
- Column 10: BEG -- the first line notes the beginning month/year
END for this project plan period; the second line
DATES notes the ending month/year (dates are inclusive;
24-month maximum).

At the bottom of the Summary is the total number of days planned for 1976 and the percent that is of 230 days (average work year for planning purposes).

Please check this information carefully. If you find errors in your Project Plan File Summary, please submit revisions on Project Plan Forms (see page 5, CEMIS HANDBOOK). To continue expired project plans, follow process noted on page 4, CEMIS HANDBOOK (some plans did expire December 75).

If you have other questions or comments about the Project Plan File Summary, please let me know.

encls.

Column 5:

PRIMARY SUBJECT

SECONDARY SUBJECT

COMMODITY

- (code numbers and names) on the first line is the primary subject, followed by a secondary subject^f there was one included on the project plan, and on the third line is the commodity (again an optional inclusion). (Due to space limitations, some code names have been truncated.)

Column 6: METHOD - (code numbers and names) for each project plan,

AUDIENCE TYPE the primary method, audience type, and location

LOCATION OF BENEFIT of benefit are listed in order. Primary method and audience type are optional inclusions on nonreportable plans. Location of benefit will be printed only when it is different from headquarters .

Column 7: S-E LEVEL - the first line is LOW or NON-LOW (N-L) classi-

RESIDENCY fication by percentage, the second line is

FUNDING RURAL (RUR) or URBAN (URB) classification by

percentage, and the third line is accountability program acronyms (ENEP-Y, for example) as listed on project plans (the latter is an optional inclusion).

Column 8: SW NO - Statewide Project number as referenced on project plan.

Column 9: STATUS CLASS - the first line indicates whether the project is continuing (CON), revised (REV), continued and revised (CON-REV), or terminated (TERM); the second line indicates reportable (REP) or nonreportable (NONREP) project classification.

Column 10: BEG END DATES - the first line notes the beginning month/year for this project plan period; the second line notes the ending month/year (dates are inclusive; 24-month maximum).

At the bottom of the Summary is the total number of days planned for 1976 and the percent that is of 230 days (average work year for planning purposes).

Please check this information carefully. If you find errors in your Project Plan File Summary, please submit revisions on Project Plan Forms (see page 5, CEMIS HANDBOOK). To continue expired project plans, follow process noted on page 4, CEMIS HANDBOOK (some plans did expire December 75).

If you have other questions or comments about the Project Plan File Summary, please let me know.
