WHAT IS THE SITUATION?

(Major problems; needs of people in this field of work. History and status of problem-importance to county.)

Increase participation at Demonstration Field Day. In 1961, we had 165 parents, leaders, and members present; whereas, we had 400 in 1960. We will have a full day agenda in 1962.

We helped many clubs hold local livestock and judging field days. This increases both member and community participation

LONG-TIME OBJECTIVES AND TEACHING OBJECTIVES

To have sixty per cent of the 4-H members participating in activities and events.

ANNUAL GOALS

To create an awareness of the necessity of events and activities as a training aid to project work.

TEACHING PLAN (METHODS)

Learning experiences to be provided — activities-events (include timing)

Involve more of the leaders and older 4-H members in the planning and execution of events and activities.

Include Home Economics and Agriculture judging events in the Public Presentation Day Program.

Continue to use 4-H member talent in the Dress Revue Program.

Promote 4-H events and activities through 4-H newsletter, news releases, 4-H community club meetings, radio and personal contact.

Conservation, individual and community improvement, health and citizenship training is included in project meetings as well as in the 4-H community club activities.

Distribute activity publication to all community leaders.

Display old safety posters to encourage members to take part in the safety poster contest. (Continued)
