GENERAL REMARKS.—Give any interesting points in regard to the work, especially as to progress and results. (Use extra sheets, if necessary.)

Vineyard and orchard men held a meeting and agreed on hourly and piece rate to pay for pruning. The Farm Advisor and members of the Extension Service Farm Labor office presented data on the farm labor situation. It will be a big help if growers can stick together on pruning rates.

All agencies interested in youth held a meeting and organized a "Coordinating Council" to consider and make recommendations on juvenile delinquency.

J. B. Brown laid out a combination contour and strip check irrigated pasture layout on the W. R. Ennis ranch.

The Farm Advisor discussed the Cork Oak tree project at the O'Neals Farm Center, and showed a set of colored pictures. So far, applications have been received for about 250 trees.

K. Wagon discussed "Feeding for Continuous Growth in Beef Cattle" at the O'Neals Farm Center.

Tall fescue looks very good in the H. V. Eastman irrigated pasture plot.
