MEETINGS HELD THIS WEEK BY ASSISTANT REPORTING.

Report here meetings at which Farm Advisor or other superior was not present.

GENERAL REMARKS.—Give any interesting points in regard to the work, especially as to progress and results. (Use extra sheets, if necessary.)

Considerable work on 4-H camp was done.

Ten alfalfa tissue samples were sent to Dr. Albert Ulrich, Berkeley. The field description sheets are to be mailed in August.

Turkey dust becomes a problem in Madera County this time of year. It was recommended to two growers to put 4" of cotton burrs or shavings over their turkey runs to prevent dust. It was also suggested that barriers be placed across the pens to prevent running.

Ed Dill and W. E. Anderson are possible applicants for lay insemination for the proposed artificial breeding association. The set-up and progress to date, was explained to these men.

WORK CONTEMPLATED FOR NEXT WEEK, ENDING SATURDAY, July 30, 1949.

July 25 through 26---4-H Summer Camp---Whitaker Forest.

July 26--Sherman Thomas farm call with G. E. Gordon on new dairy Enterprise-Alpha
