Home Management

October 22, 1949

Miss Julia Pond, Extension Specialist in Home Management, spent two days in the county. Plans were made for meetings on Materials for Cleaning. A mimeograph was worked out on Soaps and Synthetic Detergents. Miss Pond gave the agent much valuable help.

Time was also spent on the plans for the additional cabinets and equipment for the demonstration building. This help was especially appreciated. Miss Pond also made one home call with the agent on kitchen arrangement. This was at a new home and the woman had used some ideas gain from the kitchen unit in the demonstration building.
