Native American Ways...and some big old birds!!!

A Children's Workshop

Have you ever tasted delicious Indian Fry Bread and wondered just how to make it? Or maybe you have heard of the sacred "Bear Dance" and want to know more about it? Maybe you are curious about natural medicinal plants....How about making yourself a special beaded necklace....Then taking a few moments to learn about some eight foot tall, 300 pound birds???

Sound like fun? You betcha! Kathy and Bill Tucker are Native American Ostrich Ranchers here in Mariposa. Kathy has teamed up with local elders to provide a terrific opportunity for the youth in our community...

Children 5 - 16 years old are invited to come learn about the Native American Culture that surrounds us living here in Mariposa, then learn about some "non-native inhabitants" in our area, ostriches! The Mariposa 4-H Clubs are offering the workshop for the first time this summer. THE WORKSHOP WILL BE HELD AUGUST 22, Thursday.

The workshop will include:

LAND - Native American philosophies and how Native Americans use things from the land

BEAR DANCE - What it is and why it is done

CRAFTS - Making a beaded necklace

FRY BREAD - Making fry bread and filling with ostrich meat for lunch

THE BIG BIRDS OF MARIPOSA - Ostrich producers answer all...A new 4-H project for the youth of Mariposa

This workshop will only be offered once this summer and class size is limited. The materials fee is \$3.00/child and will include necklace materials and lunch. Please call

Native American Ways and the Old World

Native American ways of life were very different from those of the Old World. They had different languages, customs, and religions. They lived in different environments and had different ways of surviving. They had different ways of thinking and feeling. They had different ways of life.
