SOCIAL WELFARE DEPARTMENT EXPLAINS DELAY

"Be patient until you get your notice," said Kay Kato of the Social Welfare Dept. "Over 1000 packages of clothing have arrived...and we are giving the volunteers in the advance crew preference over the others."

Kato also requested that in order to avoid confusion and delay, residents claim their packages on the specified date and time which are on the notices or they may be forced to wait until the last package is distributed.

NO DANCE TONIGHT

There will NOT be a dance TONITE, according to the Recreation Dept.

'SCOUTS WORTHY' HAWKINS

"We're proud of you.....we're proud of the work you've done.....We will send recommendations to the relocation center.....There will be a local council to help you wherever you may go," enthusiastically lauded Mr. William Hawkins, Scout Executive of Stockton, at the final grand Court of Honor, which attracted over 2000 residents last Wednesday evening in the grandstand.

"In war or in peace there is need for trustworthy men. That is why scouting must go on," also commented Hawkins.

Ted Ohashi took over the program after the opening ceremony conducted by Jim Sasaki, Troop Committeeman of Troop 91. Among the distinguished guests aside from the Center officials, were Wilfred D. Anthony, Skipper of Ship 13; Mr. William Hawkins; Mr. John Gallagher, Scoutmaster of

ADVANCE CREW GO

250 VOLUNTEERS TO START HEGIRA MON. DR. SASAKI, STAFF WILL ESCORT GROUP

As an aftermath of the relocation news released on Thursday, 50 more persons--additional workers and members of the families of volunteer workers--applied with Chief of Personal Accounts, Roland Frost, yesterday to leave with the original 200 workers on Monday, September 14 for the new War Relocation Project in Rohwer, Arkansas, in Desha County about 2000 miles and four days' ride away.

The medical staff accompanying the workers will consist of Dr. George Sasaki, Dr. Masaki Miyoshi and his family, Dr. Kenji Oshidari, dentist, Nurse Chitose Aihara, Nurse Mary Hashimoto and her husband, Calvin, and Dietician Yoshiko Konzo.

The advance crew will include 10 hospital attendants, 15 hospital maids, 1 hospital clerk, 10 cooks, 10 cook's helpers, 10 dishwashers, 20 waiters, 1 butcher, 2 bakers, 1 store manager, 2 retail clerks, 4 recreational leaders, 1 social worker, 2 carpenters, 1 electrician, 1 plumber, 10 steno-typists, 5 clerks, 10 guides, 10 truck drivers, 70 laborers and the additional 50 late applicants.

Jim Doi, leaving as a volunteer, will act as EL JOAQUIN's special correspondent.

AUG. PAYCHECKS

"August pay checks may be a few days late due to the confusion caused by the pending departure of the advance crew for Arkansas and the leaving of the Montana beet workers," remarked Mr. Roland Frost, Supervisor of the Personal Records Division.

"But still, we may be able to get them out in time for distribution sometime next week," he added, "though we're pretty busy signing up volunteers, recording transfers and filling in work vacancies."

Notice! Baggage Inspection

All persons who are to leave on Monday will be notified at a later date as to the exact time for departure for the new center and the time for inspection of their belongings prior to evacuation.

"ADDRESS LETTERS OR ELSE" JACOBS

Effective immediately all letters which are not properly return-addressed will not be mailed but returned to the sender. Senders of letters must have on the left upper corner of the envelope their name, address--block, barrack, apartment--location, city and state. This action is taken for the benefit of the residents of the center, since after evacuation letters improperly return addressed will be sent directly to the dead letter office instead of being forwarded to the relocation center. All letters mailed at the center without any return addresses will immediately be sent to the Dead Letter Office.

A CHALLENGE - NISEI !

Last Wednesday night, the final Court of Honor for the Boy Scouts held in the grandstand highlighted as well as culminated the major scouting function in this Center.

Over 2000 residents attended the affair which saw the presentation of numerous merit badges and class awards and the presence of several well-known San Joaquin County Scout commissioners.

Nisei all, these 125 Scouts visibly represented the Americanization of the American-born Japanese. Through scouting, they have trained for the purpose of instilling themselves with the American way of thinking; they have begun to understand the liberty that we cherish and the freedom that our nation has always fought for.

As the Americans of the present and future, the healthy slant on life that is theirs will prove invaluable.

Exemplifying indomitable unselfishness, they deserve the support of the Center people. Expenses for the Court of Honor, for the awards, and for the various scouting activities have resulted in a deficit of about a hundred dollars. Thus, the Scouts are in need of funds.

In the past, it has been the Issei who have borne the brunt of contribution for most of the community functions and too often the Nisei have shirked economic aid to our clubs and community chests while we were not adamant of spending our money for our own pleasures.

In a few days, an active campaign to set up funds for the Scouts will be initiated. Since it is the Nisei who, today, comprise the bulk of the Center's wage-earners, it would be a fine gesture on our part to back these Nisei Scouts by subscribing a dollar toward their chests.

A dollar given by every working Nisei would net over 3-400 dollars and would prove to the Issei that we have enough gumption to give and that we have the proper spirit of cooperation which we need now more than ever before.

Must the Scouts turn to the Issei or will the Nisei accept this challenge and constructively share the burden that brings benefits to our entire center.

EL JOAQUIN'S CO-EDITOR LEAVES

The EL JOAQUIN's co-editor, Patti Okura, will accompany her father, Mr. M. Okura, to Rohwer, Arkansas. They will be part of the advance group leaving on Monday.

TO THE WEST

The golden sun had half-dipped itself out of view signifying the rapid approach of dusk. Cloudless and aquamarine except for the screen of fuchsia tinted clouds hanging in the eastern firmament and the lavender pall skirting the horizon about me, the sky presented a colorful symphony of Nature's grandeur.

With lurid rays, the brilliance of the sinking sun filtered thru the nearby trees to gild the slatted walls of the barracks in gold.

Trickling streams of people carrying their own chairs began to assemble at vantage points in front of the grandstand in order that they may gain better views of the movies to be shown.

The eastern clouds are now purple-grey and burgundy and sharply contrasted the June rose hue dominating the west. With darkening moments, the cinema-attenders increased in numbers till they filled out a sizeable portion of the track.

Scampering children, giggling and talking, and seriously intent boys, playing 'five hundred' and 'bridge', created a happy-go-lucky scene. It seemed that they did not have a problem on their mind.

Yet they were "The Problem People" as stated in one of the August issues of the Collier's Magazines. They or, rather, we are a part of the 115,000 migrants who have been moved out of our coastal homes and who are to be sent further inland away from the possible areas of conflagration.

Seemingly carefree and without worries, the Nisei in America have much to think about.

To the Issei, there are the problems that accompany any family groups -- the concern over the education, the home-life, the physical development, and the uncertain future of their children.

Then, again, the more

A COUP D'ETAT

The mangy Mugger sneaked quickly into the press room, peeked surreptitiously behind him and immediately slammed the door. Scurrying nervously to the open window, he blanketed the sunlight with incongruous pieces of wrapping paper.

The mysterious Mugger then dramatically stepped to the center of the press room. The staff snored contentedly on.

"I've," rolled out the dramatic persona with care-

matured Nisei are keenly aware of what they must face in the matter of vocation, of marriage, of citizenship rights and of social maladjustments that may occur.

fully clipped syllables, "just got a first hand scoop from Mr. Nicholson."

No soap. Not a stir.

Clearing his throat, the Mugger paused dramatically then: "OFFICIAL NEWS. IT'S ARKANSAS."

The sudden news electrified the staff into sudden action. They opened their eyes.

Leaping to their feet, the staff, busy little beavers all, tore wildly into their work.

The Lounger sauntered unsuspectingly through the unprotected door. He stopped, aghast, pale and shaken; his eyes popped open four times.

Then, as in a deep hypnotic trance, he floated dreamily around the room and finally shuffled off a broken man, visibly moved by the incredible phenomenon of a laboring press.

After the door had been barricaded and the greatest secrecy maintained, the EXTRA was finally ready for distribution, the staff ran happily off to enlighten the unlightened at 4 p.m.

The sun slunk down to lend its throne to the stars and the moon for the few hours of the night. Soon the movies lighted up the screen, and too soon another day will come, but my mind was haunted by the question, how shall we plan for the future so that we, "The Problem People" will not be a problem?

MESS AND LODGING DEPT.

Mess and Lodging Dept. boasts of using six hundred workers in eight different divisions; namely, the mess and lodging accounting office, mess halls, hospital dietetics division, infant food division, vegetable, food and meat warehouses and milk distribution.

The Mess and Lodging Office is composed of seven, who are in charge of making requisitions and figuring (Continued from page 3) Thursday.

At each apartment they were met by astonished occupants with: "I've been waiting for this extra edition about Arkansas you were running off."

Or: "You know what? OFFICIAL NEWS, WE GO TO ARKANSAS."

OH, HAPPY DAYS. OH, WONDERFUL WORLD.

The staff lay sprawled around the press room--tired and dejected.

The Lounger suddenly reappeared, his face flushed with excitement. "Hey," he whispered softly, "We're GOING TO ARKANSAS."

The hardest working group of the Mess and Lodging Dept. is credited to the mess foremen headed by George Tanaka and assisted by Kogan Liyanishiani and Jack Sawada. Their duty is to have enough mess hall workers, to help settle all problems and to take all complaints.

"Their duty is a job which requires 24 hours a day and with the combination of these three, they contribute in having smooth running mess halls at all times," said William Harold, Timekeeper. Other members who are credited with the smooth functioning mess system are Harry Clifford, Chief Steward; Millard (Baldy) Keys, Asst. Steward; Millard Taylor, Warehouse Foreman (Mess); and Bill Bailey, Asst. Warehouse.

The Major League's championship play-off today and tomorrow between the Pirates and Terrors can develop into a fancy pitching duel between Sanji Teranishi and Mike Takeuchi and Nobi Tanimoto.

These three are without doubt the classiest hurlers in the Center and have definitely proven it under

PIRATES MEET TERRORS

2 OUT OF 3 GAME SERIES TO DECIDE CHAMPIONSHIP

The Stockton Assembly Center's softball championship will be at stake this afternoon and tomorrow when the Terrors and Pirates square off in the best two-out-of-three game series on Diamond No. 3.

The title game will start at 3:00 p.m. and at 2:00 p.m. tomorrow and if a third game is necessary, it will be played Sunday evening from 6:10 p.m.

The youthful Terrors, getting off to a good start, walked away with the first half pennant by going through the tough schedule undefeated, while the Pirates were the big surprise of the second round by coming out on top of the heap in a close race.

Special Games!

IF THE MAJOR LEAGUE'S CHAMPIONSHIP SERIES IS FINISHED IN TWO STRAIGHT GAMES, THE FABULOUS BLK. 5 REDS WILL BATTLE THE TERRORS IN A SPECIAL ATTRACTION SUNDAY EVENING AT 6:10 p.m. ON DIAMOND NO. 3.

OFFICIATE

Three best softball umpires in the Center have been contracted to officiate the championship series, it was announced by the Recreation Dept.

"Hank" Sato will call behind the plate and Matsuo Okazaki and George Kagawa will handle the bases at first and third, respectively. The trio will alternate at each position during the series.

Special play-off rules and regulations were drawn up with the approval of Jack McFarland, Babe Utsumi, Geo. Horita and the 3 umpires.

(Continued on Page 6)

The chance of the Pirates emerging with the crown was slightly dimmed when "Hank" Tomoda, slugging short-center and relief pitcher, injured his thumb in a football game. Although whether he can chuck is a question mark, he will definitely play in his regular spot.

It means that Sanji Teranishi, Pirates' ace hurler, will carry the brunt of the load on the mound for the second half titlist. Otherwise, they will have to depend heavily upon their dangerous offensive, built around Freddie Kasei, Tosh Otsubo and "Babe" Utsumi to keep them in the picture.

The Terrors will have the upper hand as far as the pitching staff is concerned. In Mike Takeuchi and Nobu Tanimoto, they have two of the best hurlers in the Major League and with a solid defense behind them, they have a better than even chance of copping the championship.

PLANS TO BUY FOOTBALL EQUIPMENT BY COÖP SYSTEM

Here is a chance for a group of football-minded people in this Center--both players and followers--to get in on a cooperative undertaking. With the coming of the fall season, the gridiron sport, no doubt, will be in full swing and many teams are expected to be organized.

However, football can not be played safely or can

any good eleven be organized without proper equipment. We are at present in a position to buy just such equipment at a very reasonable price. There is a movement at present among a group of pigskin enthusiasts to pool a few dollars per individual and; by doing so raise enough to buy uniforms, balls, etc.

The equipment thus bought will serve the people in the Center immensely from a recreational standpoint and in due time each will be reimbursed their original pool and they will still own the original equipment. If we are to engage in cooperative ventures at relocation, this project is as good as any to start on.

The betting odds around the Center looks like this: even bet on first game, 2 to 1 Terrors take series and even bet Terrors win two straight.

(Continued from page 5)

Manager George Horita has announced that Nobi Tanimoto will get the starting call to face Sanji Teranishi.

In a surprise move Manager Horita will handle the catching duty for the opener.

A record crowd is expected so fans are urged to bring their own seats.
